Dear biathlon family,

It seems like yesterday that we were witnessing the thriller of the Biathlon World Championships in the crowded Holmenkollen stadium; yet, the 2016/17 season is right around the corner!

I am happy to see our sport develop, grow and evolve.. First of all, biathlon is expanding geographically. For the last three World Championships, for example, we had a medal from North America at each Championships. Last season the Youth and Junior World Championships in Cheile Gradistei, Romania were attended by athletes in the junior and youth categories representing 38 nations; out of these countries, 12 made it onto the podium! Secondly, the ongoing development of our sport is reflected in the further improvement of our competition series. The IBU's focus on youth development resulted in the launching of the Junior Cup series last season. We can now look back and say with confidence that it was a great success.

Thirdly, we have successfully put a lot of effort into ensuring the IBU's financial stability. The IBU 12th Regular Congress in Chisinau, Moldova approved the budget for the next three years. And this spring, the IBU signed the two contracts that are the pillars of the IBU's and the organizers' financing for the period 2018–2022: the European Broadcasting Union has the exclusive media rights for this period, and Infront has the marketing rights. We are proud of the fact that approximately 85 % of the yearly IBU budget is channeled directly back into the sport (NFs, athletes, organizers).

In February the main event of the season, the IBU World Championships, will take place in Hochfilzen, Austria, bringing us back to the first chapter in biathlon history, as the first Biathlon World Championships also took place in Austria back in 1958.

IBU BMW World Cup 7 will take us to Korea's PyeongChang, where the long-anticipated Olympic Winter Games will take place in 2018. The stadium has already hosted the World Championships, in 2009; although the basic infrastructure has been in place since that time, the course has been slightly changed, and some work has been done to ensure the athletes' safety. All the scandals we have faced in international sports in the past year have weakened the trust of the general public in sports. The IBU will give top priority to fight doping by all means in order to protect the clean athletes and build a strong credibility and reputation for the sport of biathlon.

Behind the glossy look of a biathlon competition there is the enormous effort of all the people working in and for the sport: organizers, referees, press and volunteers. I would like to thank all of you for your outstanding performance; also a special thanks to all our rights holders, sponsors, partners and suppliers. The biathlon family is living and developing superbly, due to your contributions. I wish all of us an amazing 2016/17 season!

My kindest and warmest regards,

Anders BESSEBERG
IBU President

Liebe Biathlonfamilie,

es erscheint mir wie gestern, dass wir gemeinsam im prall gefüllten Stadion am Holmenkollen die spannenden Wettkämpfe der Biathlonweltmeisterschaften verfolgt haben und doch steht die neue Saison 2016/17 erneut vor der Tür!

Ich freue mich sehr, wenn ich sehe, wie gut sich unser Sport entwickelt, wächst und sich entfaltet. Zuallererst möchte ich erwähnen, dass Biathlon weltweit immer bekannter und beliebter wird. So ging zum Beispiel bei jeder der vergangenen drei Weltmeisterschaften mindestens eine Medaille nach Nordamerika. Bei den Jugend- und Juniorenweltmeisterschaften im rumänischen Cheile Gradistei im letzten Jahr waren Junioren- und Jugendathleten aus 38 Nationen vertreten. Von diesen schafften es 12 aufs Treppchen!

Zweitens spiegelt die Perfektionierung unserer Wettkampfserien die Entwicklung unseres Sports wider. Ein besonderes Augenmerk der IBU liegt auf der Jugendförderung. Aus diesem Grund haben wir in der vergangenen Saison die Junior-Cup-Serie ins Leben gerufen. Heute können wir stolz auf diese erste Saison zurückblicken und sagen, dass sie ein voller Erfolg war.

Drittens haben wir viel Zeit und Mühe darauf verwendet, die finanzielle Stabilität der IBU sicherzustellen. Der 12. Reguläre IBU-Kongress in Chișinău, Moldawien, bewilligte das Budget für die nächsten drei Jahre. Zusätzlich dazu unterzeichnete die IBU in diesem Frühjahr zwei Verträge, welche für den Zeitraum von 2018 bis 2022 die Säulen der Finanzierung von Organisatoren und der IBU selbst darstellen. Für die angegebene Zeitspanne hat die Europäische Rundfunkunion exklusive Medienrechte inne, während Infront die Marketingrechte besitzt. Wir sind stolz auf die Tatsache, dass 85 % des Jahresbudgets der IBU direkt in den Sport fließen (Nationalverbände, Athleten, Organisatoren).

Im Februar wird die wichtigste Veranstaltung der Saison stattfinden: Die IBU Weltmeisterschaft im österreichischen Hochfilzen führt uns zurück zu den Anfängen der Biathlongeschichte. Die erste Biathlon-WM im Jahr 1958 wurde ebenfalls in Österreich ausgetragen.

Der siebte IBU BMW Weltcup wird uns ins koreanische Pyeong Chang entführen, wo auch die Olympischen Winterspiele 2018 stattfinden werden. Das Stadion war bereits Austragungsort der Weltmeisterschaften 2009. Während die grundlegende Infrastruktur beibehalten wurde, wurde die Streckenführung leicht geändert und viel Arbeit in die Sicherheit der Athleten investiert.

Die Skandale, denen sich der internationale Sport in den vergangenen Jahren gegenüber sah, haben auch das allgemeine Vertrauen in den Sport erschüttert. Die IBU räumt dem Kampf gegen Doping höchste Priorität ein, um saubere Athleten zu schützen und die Glaubwürdigkeit und gute Reputation des Biathlonsports zu stärken.

Hinter dem schönen Bild der Biathlonwettkämpfe steckt die unermüdliche Arbeit all jener, die für den Sport ihr Bestes geben: Organisatoren, Kampfrichter, Pressemitarbeiter und Freiwillige. Ich möchte Ihnen allen herzlich für Ihre herausragenden Leistungen danken. Ein besonderer Dank geht auch an all unsere Rechteinhaber, Sponsoren, Partner und Unterstützer. Dank Ihrer Bemühungen ist die Biathlonfamilie lebendiger denn je und entwickelt sich in exzellenter Weise. Ich wünsche uns allen eine wunderbare Saison 2016/17!

Meine herzlichsten und wärmsten Grüße,

Anders BESSEBERG
IBU Präsident

Дорогая биатлонная семья!

Кажется, только вчера мы были свидетелями завораживающего Чемпионата мира по биатлону на заполненном стадионе Холменколлена. Сейчас же настало время нового сезона 2016/17!

Я с большой радостью наблюдаю, как наш вид спорта растёт и развивается. Во-первых, хочу отметить, что биатлон расширяет свою географию. Так, например, на последних трёх Чемпионатах мира у нас были медалисты из Северной Америки. На Чемпионатах мира для юношей и юниоров в Чейле Градистей, Румыния, в прошлом сезоне спортсмены в категории юношей и юниоров были представлены 38 нациями. 12 представителей этих стран поднялись на подиум!Во-вторых, развитие спорта нашло своё отражение в усовершенствовании этапов соревнований. IBU нацелен на развитие биатлона среди молодёжи. В результате в прошлом сезоне были запущены этапы Кубка среди юниоров. Теперь мы можем обернуться назад и с уверенностью сказать, что это был большой успех.

В-третьих, мы вложили много усилий в гарантию финансовой стабильности IBU. На XII Очередном Конгрессе IBU в Кишинёве был одобрен бюджет на последующие три года. Кроме того, этой весной IBU подписал два контракта, благодаря которым будет обеспечено финансирование IBU и организаторов на период 2018-2022 гг. Европейский радиовещательный союз обладает эксклюзивными правами на СМИ в данном периоде, а компания Infront обладает правами маркетинга. Мы гордимся тем фактом, что порядка 85% годового бюджета IBU возвращается непосредственно в спорт (НФ, спортсмены, организаторы).

Главное событие нового сезона – Чемпионат мира IBU по биатлону – состоится в феврале в Хохфильцене, Австрия. Это соединяет нас с первой главой в истории биатлона, так как первый Чемпионат Мира так же проводился в Австрии в 1958 г.

7-ой этап Кубка Мира IBU BMW перенесёт нас в корейский Пхёнчхан, где пройдут долгожданные Зимние олимпийские игры 2018 г. На стадионе уже проводился Чемпионат Мира в 2009 г. Поскольку основная инфраструктура осталась с того времени, трассы были несколько изменены и были проведены некоторые работы по обеспечению безопасности спортсменов.

Скандалы, с которыми мы столкнулись в сфере международного спорта в прошедшие годы, были вызовом доверию публики к спорту. IBU ставит борьбу с допингом своим приоритетом. Мы будем бороться с допингом во всех отношениях, чтобы защитить спортсменов, не применяющих допинг, и выстроить сильную и надёжную репутацию биатлонного спорта.

За красивым имиджем биатлонных соревнований скрываются огромные усилия всех людей, работающих на спорт: организаторов, судей, прессы и волонтёров. Я бы хотел поблагодарить всех за выдающиеся результаты. Особая благодарность нашим правообладателям, спонсорам, партнёрам и тем, кто нас поддерживает. Благодаря вашим вкладам биатлонная семья живёт и развивается в прекрасном направлении. Я желаю всем нам великолепного сезона 2016/17!

С большим уважением и тёплыми пожеланиями

The International Biathlon Union (IBU)

is the international umbrella organization of all organizations representing the sport of biathlon and those who have an interest in the sport. The IBU was founded in 1993 as independent association under the umbrella of the UIPMB alongside the UIPM (Union Internationale de Pentathlon Moderne). The IBU separated from UIPMB in 1998. Since that time, the International Olympic Committee (IOC) has recognized the IBU and the UIPM as two International Olympic Sports Organizations. National Federations are the members of the IBU with their non-profit purposes represented internationally by the IBU.

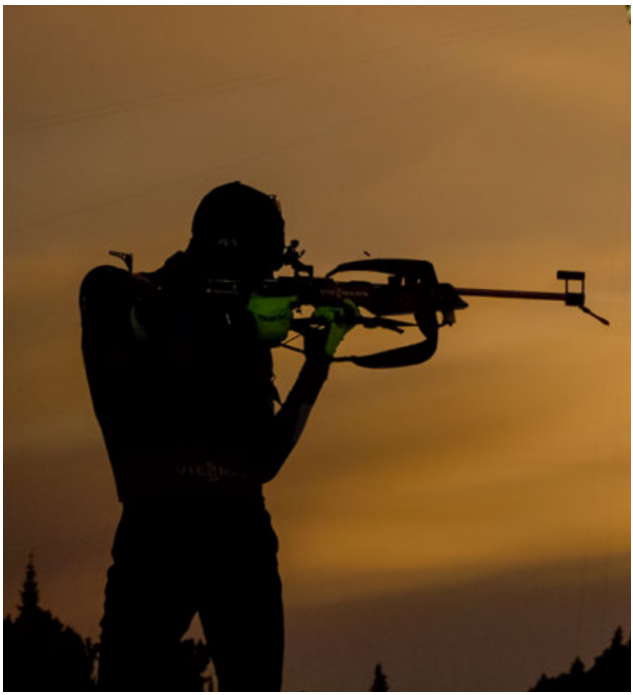

The IBU is a Non-Government and Not-For-Profit organization with its Headquarters in Salzburg, Austria. The IBU also represents the sport of Biathlon in other international organizations. Since 1999, the IBU has a working partnership with UNESCO in which the IBU contributes to the International Fund for the Development of Physical Education and Sport (FIDEPS). In accordance with the principles of the United Nations, no discrimination on the grounds of race, gender, religion, or political affiliation is allowed within the IBU.

Biathlon is a sport that combines the endurance of free-technique cross-country skiing with precision small-bore rifle marksmanship. Other endurance activities partnered with shooting are rollerskiing (Rollerski-Biathlon), cross-country running (Cross Biathlon), or mountain biking (Mountain Bike Biathlon). These variations of Biathlon are part of Summer Biathlon. Further details regarding these are found in the IBU Constitution and the IBU Rules.

The IBU is responsible for promoting the sport of biathlon by supporting and developing it in both competitive sports and popular recreational sports, with special emphasis on the development of youth.

BMW IBU World Cup Pokljuka - SLO

BMW IBU World Cup Khanty Mansiysk - RUS

The IBU holds all rights pertaining to Biathlon World Championships (senior, junior, and youth), Biathlon World Cups, Biathlon Continental Championships, IBU Cups, IBU Junior Cups and Biathlon Continental Cups.

In exercising these rights, the IBU has marketing and sponsor partnerships, and cooperates with the European Broadcasting Union. Apart from organizing the biathlon competitions at the Olympic Winter Games, the IBU organizes Biathlon World Championships each year, and an annual series of nine World Cups and a series of IBU Cups and Junior Cups in different countries, along with numerous other competitions with international participation.

The IBU aims to combine development of the techniques and materials for practicing biathlon with respect for the health of the athletes, the integrity of nature, and human surroundings. The IBU attempts to achieve harmony through the IBU Constitution and Rules, especially through the IBU Event and Competition Rules, the IBU Anti-Doping Rules, the IBU Disciplinary Rules, and their respective practice, as well as through licenses and inspections of biathlon event sites. The IBU proudly offers a dynamic and evermore attractive sport, which combines total physical exertion over an extended period of time when running or skiing with the extremely fine control and calm necessary when shooting.

Die Internationale Biathlon Union (IBU)

ist der internationale Dachverband aller nationalen Organisationen, die den Biathlonsport vertreten oder an ihm interessiert sind. Sie wurde 1993 als eine unabhängige Vereinigung unter dem Dach der UIPMB an der Seite der UIPM (Union Internationale de Pentathlon Moderne) gegründet und machte sich 1998 selbstständig. Seitdem sind die IBU und die UIPM vom Internationalen Olympischen Komitee (IOC) als zwei unabhängige Internationale Olympische Sportorganisationen anerkannt. Die Nationalen Verbände stellen die Mitglieder der IBU dar, deren gemeinnützige Interessen von der IBU international vertreten werden.

Die IBU ist eine Nicht-Staatliche und gemeinnützige Organisation mit Geschäftssitz in Salzburg, Österreich. Ferner repräsentiert die IBU den Biathlonsport bei internationalen Organisationen. So besteht seit 1999 eine Arbeitspartnerschaft mit der UNESCO, wobei die IBU durch die Förderung der körperlichen Ertüchtigung und des Sportes (FIDEPS) zum UNESCO-Fond beiträgt. Entsprechend der Prinzipien der Vereinten Nationen, darf bei der IBU keine Diskriminierung aufgrund von Ethnie, Geschlecht, Religion oder politischer Meinung erfolgen.

Biathlon ist ein Sport, der die Ausdauerleistung beim Skilanglauf in freier Disziplin mit der Präzision des Schießens verbindet. Andere Arten des Ausdauersports in Verbindung mit Schießen sind Skirollern (Rollerski-Biathlon), Crosslauf (Cross-Biathlon) oder Mountainbiken (Mountainbike-Biathlon). Diese Varianten des Biathlons zählen zum Sommerbiathlon. Weitere Einzelheiten zu den Variationen des Biathlons können in der IBU-Verfassung und in den IBU-Regeln nachgeschlagen werden.

Es ist Aufgabe der IBU, Biathlon sowohl im Hochleistungs- als auch im Breitensportbereich zu fördern, wobei ein Schwerpunkt auf der Entwicklung der Jugend und deren Ausbildung und Training liegt.

Des Weiteren besitzt die IBU alle Rechte an Weltmeisterschaften (Jugend, Junior, Senior), Weltcups, Kontinentalen Meisterschaften, Kontinentalcups und den IBU Cups sowie IBU Junior Cups. Die IBU übt diese Rechte durch Sponsoren- und Marketing-Partnerschaften sowie einer Kooperation mit der European Broadcasting Union aus. Es werden neben dem Beitrag zu den Olympischen Winterspielen jährliche Weltmeisterschaften abgehalten, eine Serie von neun Weltcups und eine IBU Cup sowie IBU Junior Cup Serie in verschiedenen Ländern veranstaltet und zahlreiche weitere Biathlonveranstaltungen mit internationaler Beteiligung organisiert.

Die IBU ist bemüht, die Entwicklung der Technik und des Materials für die Ausübung des Biathlonsportes mit der Sorge um die Gesundheit der Athletinnen und Athleten und der Integrität von Natur und Umwelt zu verbinden. Die entsprechende Harmonie wird über die Verfassung der IBU und ihre Regeln, insbesondere die Wettkampfregeln der IBU, die IBU Anti-Doping Regeln, die IBU Disziplinarregeln und die entsprechende Praxis dazu, aber auch über Lizenzen für und die Kontrolle der Anlagen für Biathlonveranstaltungen gesucht. Die IBU ist stolz darauf, einen dynamischen und immer attraktiveren Sport für mehr und mehr Menschen zu bieten, die der Faszination der Kombination vollkommener körperlicher Verausgabung mit extrem feiner Kontrolle und Ruhe folgen, die Biathletinnen und Biathleten an den Tag legen, wenn sie Langlaufen und Schießen.

Международный Союз Биатлонистов (IBU)

Международный Союз Биатлонистов (IBU) является международной федерацией всех национальных организаций, представляющих биатлон или заинтересованных в этом виде спорта. Он был основан в 1993 г. как независимое объединение под юрисдикцией UIPMB (Международной Федерации Современного Пятиборья), отделение от этой организации произошло в 1998 г. С тех пор IBU и UIPM являются двумя независимыми международными олимпийскими спортивными организациями, признанными Международным Олимпийским Комитетом. Национальные федерации являются членами IBU, некоммерческие интересы которых IBU представляет на международном уровне.

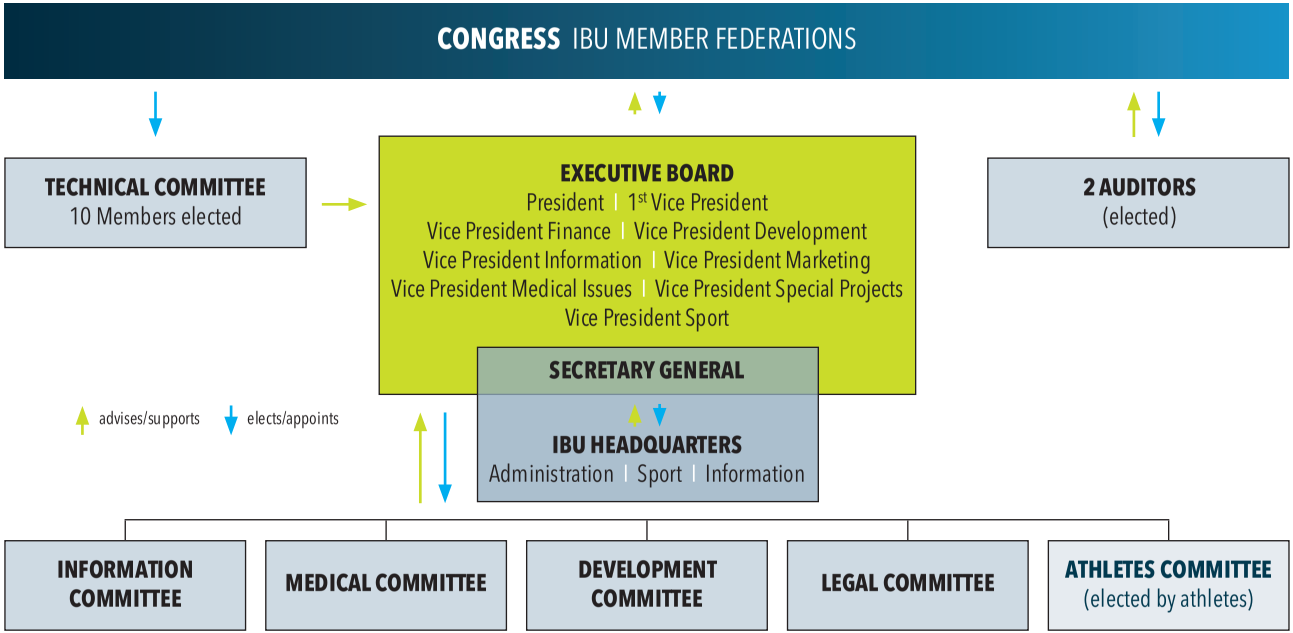

IBU – это негосударственная и некоммерческая организация, штабквартира которой находится в г. Зальцбург, Австрия. IBU представляет биатлон в международных организациях. Так, с 1999 года ведется сотрудничество с ЮНЕСКО, в рамках которого IBU поддерживает деятельность Международного фонда развития физического воспитания и спорта (FIDEPS). В соответствии с принципами Объединенных Наций в IBU запрещена какая-либо дискриминация по расовому, половому, религиозному признакам или вследствие политических убеждений.

Биатлон – это вид спорта, который объединяет выносливость в беге на лыжах с меткостью стрельбы. Другими видами спорта на выносливость, комбинируемыми со стрельбой, являются лыжероллеры (лыжероллерный биатлон), кроссовый бег (кроссовый биатлон) или езда на горном велосипеде (биатлон на горном велосипеде). Эти виды спорта относятся к летнему биатлону. Подробную информацию о разновидностях биатлона можно найти в Конституции IBU и в Правилах IBU.

Задачей IBU является развитие биатлона как профессионального, так и массового спорта, причем акцент делается на развитие молодежи, ее образование и физическое воспитание.

IBU обладает всеми правами на Чемпионаты мира (среди молодежи, юниоров и мужчин и женщин), Кубки мира, Чемпионаты Континентов, Кубки Континентов, Кубки IBU и Кубки IBU среди юниоров. IBU пользуется этими правами в рамках партнерства со спонсорами и маркетингового партнерства, а также в сотрудничестве с Европейским Вещательным Союзом (EBU). Наряду с организацией соревнований на Зимних Олимпийских Играх ежегодно проводятся Чемпионаты мира, серия из девяти этапов Кубка мира и серия этапов Кубка IBU и Кубка IBU среди юниоров, проводимых в разных странах, а также многие другие мероприятия по биатлону с международным составом участников.

На фоне технического прогресса и нововведений в биатлонном инвентаре целью IBU является забота как о здоровье спортсменов, так и о защите окружающей среды. Соответствующая гармония достигается с помощью Конституции IBU и его Правил, в особенности Правил для соревнований IBU, Антидопинговых правил, Дисциплинарных правил IBU, а также с помощью лицензий для мест, где проводятся мероприятия по биатлону, и инспекций этих стадионов. IBU гордится тем, что представляет такой динамичный и все более популярный вид спорта, который сочетает в себе максимальную физическую нагрузку при лыжной гонке со спокойствием и контролем во время стрельбы.

3.1 IBU CONGRESS
IBU KONGRESS КОНГРЕСС IBU

The Congress is the highest organ of the IBU. It consists of the representatives of the Regular Members, of the non-voting representatives of the Provisional and Honorary Members, of the non-voting Executive Board and of the non-voting chairpersons of the IBU Committees and the Auditors. The next Congress will take place in Porec, Croatia in 2018.

Der Kongress ist das oberste Verbandsorgan. Er setzt sich aus den stimmberechtigten Vertretern der ordentlichen Mitglieder, den nicht stimmberechtigten Vertretern der provisorischen, außerordentlichen und Ehrenmitglieder, dem nicht stimmberechtigten Vorstand sowie den nicht stimmberechtigten Vorsitzenden der IBU-Komitees und den Prüfern zusammen. Der nächste Kongress wird 2018 in Porec, Kroatien stattfinden.

Конгресс является высшим органом IBU. Он состоит из представителей полноправных членов, обладающих правом голоса; временных и почетных членов, не обладающих правом голоса, а также членов Исполнительного комитета, не обладающих правом голоса, председателей комитетов IBU, не обладающих правом голоса, и аудиторов. Следующий Конгресс состоится в 2018 году в Порече, Хорватия.

12th Regular IBU Congress, Chisinau - MDA

3.2 IBU EXECUTIVE BOARD
IBU VORSTAND ИСПОЛНИТЕЛЬНЫЙ КОМИТЕТ IBU

The Executive Board is elected by the Congress and is responsible for the IBU between Congress sittings. The Executive Board acts on the basis of, and in accordance with the Constitution of the IBU, and also pursuant to the decisions made by the Congress.

Der Vorstand wird vom Kongress gewählt und ist für die IBU zwischen den Kongresssitzungen verantwortlich. Der Vorstand handelt auf der Grundlage und gemäß der Verfassung der IBU sowie entsprechend den Entscheidungen des Kongresses.

Исполнительный комитет избирается Конгрессом и несет ответственность за деятельность IBU в периодах между Конгрессами. Исполнительный комитет действует руководствуясь и в соответствии с Конституцией IBU, а также в соответствии с решениями Конгресса.

biathlon@ibu.at
www.biathlonworld.com

The Headquarters of the International Biathlon Union have been in Salzburg, Austria, since 1993. With Salzburg located in Central Europe, many biathlon venues, as well as a number of important media and business partners, can be reached in a less than three hours drive. In addition to very good travel connections and a good general infrastructure, Austria offers a favorable environment needed by an international sports federa-

tion to exercise its various activities. The Headquarters are located in the city of Salzburg near the historic old town. At the IBU HQ we can help you in either one of the three languages of the Congress, English, German and Russian, as well as in other languages.

Die Geschäftsstelle der Internationalen Biathlon Union befindet sich seit 1993 in Salzburg, Österreich. Dieser Standort zeichnet sich durch eine in Mitteleuropa zentrale Lage aus, die es ermöglicht, in weniger als 3 Stunden Fahrzeit viele Schauplätze des Biathlongeschehens, aber auch wichtige Partner aus den Medien und der Wirtschaft zu erreichen. Neben den sehr guten Verkehrsanbindungen und einer guten allgemeinen Infrastruktur sind auch die günstigen Standortbedingungen Österreichs wichtig, auf die ein internationaler Sportverband wie die IBU zur effektiven Ausübung seiner vielschichtigen Tätigkeiten zurückgreifen kann. Die Räumlichkeiten befinden sich in der Stadt Salzburg nahe der Altstadt. Im IBU HQ werden alle drei Kongresssprachen, Englisch, Deutsch und Russisch, sowie weitere Sprachen, gesprochen.

С 1993 г. штаб-квартира Международного Союза Биатлонистов находится в Зальцбурге, Австрия. Этот город расположен в Центральной Европе, в пределах трехчасовой езды от многих биатлонных стадионов, а также важных медиа и бизнес партнеров IBU. Помимо отличного расположения и хорошей инфраструктуры, Австрия предоставляет таким международным спортивным федерациям как IBU выгодные условия, необходимые для реализации их обширных задач. Офис расположен неподалеку от исторического центра Зальцбурга. В штаб-квартире IBU говорят на трех языках Конгресса: английском, немецком и русском, а также на других языках.

5.1 AUDITORS
PRÜFER АУДИТОРЫ

The auditors, elected by the Congress, annually review the IBU bookkeeping, audit the expenditures with regard to their correctness and compliance with the budget and check that the decisions of the IBU organs comply with the Congress decisions and IBU Constitution. They also report the results of their audit to the Executive Board and to the Congress.

Die Rechnungsprüfer, die vom Kongress gewählt werden, überprüfen jährlich die Buchhaltung der IBU, die Ausgaben auf ihre Korrektheit und ihre Übereinstimmung mit dem Budget und stellen sicher, dass die Entscheidungen der IBU-Organe mit den Entscheidungen des Kongresses und der IBU-Verfassung übereinstimmen. Sie legen dem Vorstand und dem Kongress außerdem jährlich einen schriftlichen Bericht vor, in welchem sie ihnen die Ergebnisse ihrer Prüfung mitteilen.

Аудиторы, избранные Конгрессом, осуществляют ежегодную проверку бухгалтерии IBU и аудит расходов на предмет корректности и соответствия бюджету. Они также проверяют соответствия решений органов IBU решениям Конгресса и Конституции IBU, предоставляя отчет своей аудиторской проверки Исполнительному комитету и Конгрессу.

MEDIZINISCHES KOMITEE МЕДИЦИНСКИЙ КОМИТЕТ

The IBU Medical Committee works closely with the Medical Committees of the IOC and WADA. The Committee is responsible for all medical issues and therefore strives to provide the best possible conditions for the athletes.

Das Medizinische Komitee der IBU arbeitet eng mit dem Medizinischen Komitee des IOC und der WADA zusammen. Es ist verantwortlich für alle medizinischen Belange und ist daher um die Schaffung der bestmöglichen Bedingungen für die Athleten bemüht.

Медицинский комитет тесно сотрудничает с Медицинским комитетом МОК и ВАДА. Он отвечает за все медицинские вопросы и обеспечивает создание оптимальных условий для спортсменов.

6.4 DEVELOPMENT COMMITTEE
ENTWICKLUNGSKOMITEE КОМИТЕТ ПО РАЗВИТИЮ

The Development Committee is composed of five members. The Committee advises the EB to ensure a just opportunity distribution for all IBU Member Federations irrespective of the where in the world they come from. It develops strategies for providing both material and financial assistance and information to nations that are not yet among the strongest nations in biathlon, and takes continental sporting interests into consideration.

Das Entwicklungskomitee besteht aus fünf Mitgliedern. Das Komitee berät den Vorstand im Hinblick auf eine gerechte Verteilung der Chancen aller IBU Mitgliedsverbände, unabhängig davon, von welchem Ort der Erde sie entstammen. Es entwickelt Strategien, um sowohl materiellen als auch finanziellen Beistand und Informationen an die Nationen zu geben, die noch nicht zu den stärksten Nationen im Biathlon gehören und berücksichtigt kontinentale sportliche Belange.

Комитет по развитию состоит из пяти членов. Задачей комитета является консультация Исполкома с целью предоставления равных шансов для всех Федераций-членов IBU независимо от того, в какой части света они находятся. Комитет составляет стратегические планы для того, чтобы помочь как материально, так и финансово и информативно странам, которые еще не принадлежат к числу сильнейших в биатлоне. Комитет также учитывает континентальные спортивные особенности.

6.5 INFORMATION COMMITTEE
INFORMATIONSKOMITEE КОМИТЕТ ПО ИНФОРМАЦИИ

The Information Committee consists of five members. The Committee's tasks are mainly to provide information to the biathlon community about sporting life within the IBU, the athletes, coaches, and team officials, about contacts with other sport organizations, IBU sponsor and partner activities, the venues for major IBU events, about IBU bodies and IBU member federations as well as to design IBU communication strategies.

Das Informationskomitee besteht aus fünf Mitgliedern. Die Aufgaben des Komitees bestehen hauptsächlich darin, Informationen für die Biathlongemeinschaft über das Sportleben in der IBU, die Sportler, Trainer und Teamangehörigen, Kontakte zu anderen Sportorganisationen, Sponsoren und Partneraktivitäten der IBU, die Austragungsorte für wichtige IBU-Veranstaltungen, die IBU Organe sowie über die Mitgliedsverbände der IBU zu liefern und Informationsstrategien der IBU zu entwerfen.

Комитет по информации состоит из пяти членов. Задачи Комитета состоят, прежде всего, в развитии информационных стратегий IBU, в информационном освещении спортивной жизни в IBU, спортсменов, тренеров и членов команд, в предоставлении информации о контактах с другими спортивными организациями, о деятельности спонсоров и партнеров IBU, о местах проведения важных мероприятий IBU, об органах IBU, а также о Федерациях-членах IBU.

6.6 ATHLETES COMMITTEE
ATHLETENKOMITEE КОМИТЕТ СПОРТСМЕНОВ

The Athletes' Committee is composed of two female and two male athletes who are elected by the IBU WC athletes in Olympic years and confirmed by the EB. This Committee is intended to act as a link between the active athletes and the IBU bodies, and acts in full autonomy. The Athletes' Committee is called upon to take care of the interests of the active athletes.

Das Athletenkomitee setzt sich aus zwei weiblichen und zwei männlichen AthletInnen zusammen, die von den IBU-WC-Athleten in den Jahren der Olympischen Spiele gewählt und vom Vorstand bestätigt werden. Dieses Komitee soll ein Bindeglied zwischen den aktiven Sportlerinnen und Sportlern und den Organen der IBU sein und agiert vollkommen autonom. Das Athletenkomitee ist dazu berufen, sich der Belange der aktiven Sportlerinnen und Sportler anzunehmen.

Комитет спортсменов состоит из двух спортсменок и двух спортсменов, которые избираются биатлонистами уровня Кубка мира в годы проведения Олимпийских игр и утверждаются ИК. Этот комитет является связующим звеном между активными спортсменами и органами IBU и работает полностью автономно. Комитет призван защищать интересы активных спортсменов.

The IBU Technical Delegates´ Group is under the jurisdiction of the IBU Technical Committee and is comprised of experienced international sport technical experts in Biathlon.

Assigned by the IBU Technical Committee those persons serve as Technical Delegates (TDs) or IBU Referees (IBU Rs) at IBU Events to ensure that the Event is conducted according to the IBU Event and Competition Rules and with other pertinent IBU regulations. The TD is the chairman of the Competition Juries (both men and women), and one of the IBU Rs is a member as well.

TDs and IBU Rs work closely with the IBU Race Director by assisting him in technical matters and by supporting/advising the respective Organizing Committees to ensure that the competitions are held as well as possible.

Die Gruppe der IBU Technischen Delegierten steht unter der Kontrolle des IBU Technischen Komitees und besteht aus erfahrenen internationalen sporttechnischen Experten für Biathlon.

Eingesetzt durch das Technische Komitee der IBU arbeiten diese Personen bei IBU Events als Technische Delegierte (TDs) oder IBU Kampfrichter (IBU Rs) um sicherzustellen, dass die jeweilige Veranstaltung gemäß den IBU Veranstaltungs- und Wettkampfregeln sowie anderen relevanten IBU Regelungen durchgeführt wird.

Der TD ist der Vorsitzende der Wettkampfjury (sowohl für Männer als auch für Frauen) und einer der IBU Rs ist hier ebenfalls Mitglied.

TDs und IBU Rs arbeiten eng mit dem IBU Renndirektor zusammen in dem sie ihn in technischen Fragen unterstützen sowie das jeweilige OK unterstützen bzw. unterweisen um sicherzustellen, dass die Wettkämpfe auf bestmögliche Art abgehalten werden können.

Группа Технических Делегатов находится под руководством Технического Комитета IBU и состоит из опытных международных экспертов в спортивно-технической сфере биатлона.

На мероприятия IBU Технический комитет назначает этих лиц в качестве Технических Делегатов (ТД) либо судей IBU, чтобы гарантировать проведение мероприятия в соответствии с Правилами мероприятий и соревнований IBU, а также другими применимыми правилами IBU.

ТД является председателем жюри соревнований (и для мужчин, и для женщин), один из судей IBU также является членом данного жюри.

ТД и судьи IBU тесно сотрудничают с рейс-директором IBU, поддерживая его в технических вопросах, а также дают рекомендации ОК, чтобы гарантировать проведение соревнования на отличном уровне.

The Full Members of the IBU are the National Federations for the sport of biathlon. These Federations may become members of the IBU by means of application; however, they must declare that they accept the purpose and the objectives of the IBU, obey its Constitution and Rules, and that they are officially recognised in their country by the national Olympic committee or by the national sports federation. Prior to becoming a regular member, National Federations must pass a period of provisional membership which lasts at least two years.

Each Member Federation has the right i.a. to participate in Congress, to file motions to the Executive Board and the Congress and to exercise the right to vote. IBU members have the right to be heard in all matters that concern the member federation, to nominate representatives from their federation to officiate in the IBU, to enter athletes for all competitions organised by the IBU, to help in organising international biathlon competitions by the IBU and to receive information about all IBU activities.

Die ordentlichen Mitglieder der Internationalen Biathlon Union sind die Nationalen Verbände für den Biathlonsport. Sie können auf Antrag hin Mitglied in der IBU werden, müssen allerdings erklären, dass sie den Zweck und die Ziele der IBU anerkennen, die IBU Verfassung und Regeln befolgen und müssen in ihrem Staat durch das Nationale Olympische Komitee oder den nationalen Sportverband anerkannt sein. Der ordentlichen Mitgliedschaft geht eine mindestens zweijährige Periode einer provisorischen Mitgliedschaft voraus.

Jeder Mitgliedsverband hat u.a. das Recht, am Kongress teilzunehmen, Anträge an den Vorstand und den Kongress zu stellen sowie das Stimmrecht auszuüben. IBU Mitglieder haben das Recht, in allen Fragen, welche den Mitgliedsverband betreffen, gehört zu werden, Mitglieder des Verbandes für eine Tätigkeit in der IBU vorzuschlagen, ihre Athletinnen und Athleten zu den von der IBU organisierten Wettkämpfen anzumelden und bei den von der IBU organisierten internationalen Biathlonwettkämpfen mitzuhelfen sowie Informationen über alle Aktivitäten der IBU zu erhalten.

Полноправными членами Международного Союза Биатлонистов являются национальные федерации по биатлону. Вступить в Международный Союз Биатлонистов национальная федерация может после подачи заявления. Она также должна заявить о том, что она признает цели и задачи IBU, Конституцию IBU и обязуется соблюдать Правила IBU. Кроме того, Национальная Федерация должна быть признана в своем государстве Национальным Олимпийским Комитетом или национальной спортивной федерацией. Полноправному членству предшествует минимум двухгодичное временное членство.

Каждая федерация-член имеет право принимать участие в Конгрессе, подавать заявления на рассмотрение Исполнительного комитета и Конгресса, а также голосовать. Члены IBU имеют право быть выслушанными по всем вопросам, которые касаются Федерации-члена, предлагать своих представителей на должности в IBU, заявлять своих спортсменок и спортсменов на участие в соревнованиях, организуемых IBU, участвовать в организации международных соревнований по биатлону IBU, а также получать информацию о деятельности IBU.

BUILDING BIG BIATHLON MOMENTS

Infront Sports & Media wishes all fans, athletes and commercial partners an exciting 2016/17 BMW IBU World Cup Biathlon.

Since 1992, Infront has shared a fruitful working relationship with the International Biathlon Union (IBU) and the national federations hosting IBU World Cup events. As marketing partner, it has helped develop biathlon from a niche sport into one of the most popular winter sports around and will further enhance its premium value and commercial strength in the future. The successful partnership has been extended until 2018.

Infront is one of the leading sports marketing companies in the world and enjoys long-lasting partnerships with 170 rights holders and hundreds of sponsors and media companies.

With an experienced and passionate team of over 900 staff in over 35 offices across +15 countries, the Group helps to annually deliver more than 4,000 event days of top class sport on a global scale.

Our experience. Shared passion. Your success.

THE CHAMPION TAKES IT ALL

Fischer has dominated the Nordic World Cup year after year as the most successful ski and boot brand since the 09|10 season. Not only World Champions such as Laura Dahlmeier (GER) swears by Speedmax! Skis which, thanks to revolutionary Cold Base Bonding technology, guarantee maximum speed. And boots which are convincing through Carbon Chassis and Cuff, plus an extremely weight-reducing two-part sole with maximum lightness.

Galina NECHKASOVA - RUS

Anti-Doping Administration and Management System

Like all other Olympic sport federations the IBU adhered in 2003 to the World Anti-Doping Code, set-up under the lead of the World Anti-Doping Agency (WADA) which was established in 1999 in order to coordinate the universal fight against doping in sport.

WADA offers its stakeholders the Anti-Doping Administration and Management System (ADAMS), a web-based data management system, which helps the IBU to coordinate its anti-doping measures and to comply with the World Anti-Doping Code.

IBU started to use ADAMS in 2007 and is using the following 3 functions by now:

Anti-Doping Administrations- und Managementsystem

Ähnlich wie andere olympische Sportverbände hält sich die IBU seit 2003 an den Welt Anti-Doping Code, der unter der Führung der Welt Anti-Doping Agentur (WADA) verfasst wurde. Die WADA wurde 1999 gegründet, um den Kampf gegen Doping im Sport zu koordinieren.

Die WADA bietet ihren Stakeholdern das Anti-Doping Administrations- und Managementsystem (ADAMS), ein webbasiertes Datenverwaltungssystem, das der IBU hilft, ihre Anti-Doping Maßnahmen zu koordinieren und den Welt Anti-Doping Code einzuhalten.

Die IBU begann 2007 ADAMS zu nutzen und arbeitet nun mit den folgenden drei Funktionen:

Система антидопингового администрирования и менеджмента

Как и другие спортивные олимпийские федерации с 2003 г. IBU придерживается положений Антидопингового Кодекса, который был составлен под руководством Всемирного Антидопингового Агентства (ВАДА). ВАДА было основано в 1999 г. для координации борьбы с допингом в спорте.

ВАДА предоставляет заинтересованным сторонам систему антидопингового администрирования и менеджмента (АДАМС), основанную на интернете систему администрирования данных, которая служит IBU для координации мероприятий по антидопингу и следованию Кодексу ВАДА.

В 2007 г. IBU начал использовать АДАМС и на данный момент работает с тремя следующими функциями:

www.cleanbiathlonworld.org

18.1 ATHLETES WHEREABOUTS
AUFENTHALTSORT DER ATHLETEN
МЕСТОНАХОЖДЕНИЕ СПОРТСМЕНА

Athletes belonging to the IBU "Registered Testing Pool" (RTP) are obligated to submit detailed information about their whereabouts to the IBU, WADA and the respective National Anti-Doping Organization (NADO). This information has to be entered into the ADAMS system. As this is a web-based system, it can be used from anywhere in the world. Those athletes without internet access may designate a representative (athlete agent) to enter the information for them.

This function also helps the IBU to share whereabouts information with WADA and NADOs, crucial for maximizing the surprise effect and the efficiency of unannounced out-of-competition testing. Athletes can also modify their whereabouts by sending SMS messages within the time-limits set in the IBU Anti-Doping Rules.

Athleten, die dem IBU „Registered Testing Pool" (RTP) angehören, müssen gegenüber der IBU, der WADA und der zuständigen nationalen Anti-Doping-Organisation (NADO) detaillierte Angaben über ihren Aufenthaltsort abgeben. Diese Information wird in das ADAMS-System eingegeben. Da es ein Online-System ist, kann es auf der ganzen Welt genutzt werden. Jene Athleten ohne Internetzugang können einen Vertreter bestimmen (Athletenagent), der die Informationen für sie einträgt.

Diese Funktion hilft der IBU, die Aufenthaltsortinformationen an WADA und NADOS weiterzuleiten und so den Überraschungseffekt und die Effizienz von unangekündigten Tests außerhalb von Wettkämpfen zu maximieren. Die Athleten haben auch die Möglichkeit, Informationen über Aufenthaltsorte über SMS Nachrichten zu ändern, solange sie die Zeitvorgaben der IBU-Anti-Doping-Regeln einhalten.

Спортсмены, входящие в «Регистрируемый пул тестирования» (РПТ), должны предоставлять IBU, ВАДА и ответственной национальной Антидопинговой организации (НАДО) подробные сведения о своем местонахождении. Эта информация заносится в систему АДАМС. Так как эта система работает в режиме онлайн, она может использоваться во всем мире. Спортсмены, у которых нет доступа к интернету, могут назначить своего представителя (агента спортсмена), который будет заносить информацию за них.

Эта функция помогает IBU передавать информацию о местонахождении ВАДА и НАДО для того, чтобы увеличить эффект неожиданности и эффективность внесоревновательных тестов, о которых не было сообщено заранее. Спортсмены также имеют возможность изменить информацию о местонахождении с помощью СМС до тех пор, пока они придерживаются положений Антидопинговых правил IBU в отношении сроков подачи информации.

18.2 INFORMATION CLEARING HOUSE
INFORMATIONSZENTRALE ИНФОРМАЦИОННЫЙ ЦЕНТР

ADAMS is used by the IBU as the anti-doping clearing house where all data is stored, in particular lab results, Therapeutic Use Exemption (TUE) authorizations, adverse analytical findings, atypical findings and anti-doping rules violations. It permits the sharing of information among WADA, NADOS and NFs and guarantees that anti-doping activities are performed with the highest level of transparency.

Die IBU nutzt ADAMS als zentrale Stelle, in der alle Anti-Doping-Daten gespeichert sind, insbesondere Laborergebnisse, Therapeutic Use Exemption (TUE), von der Norm abweichende Analyseergebnisse, untypische Resultate und Anti-Doping Regelbrüche. ADAMS ermöglicht das Austauschen von Informationen zwischen WADA, NADOS und nationalen Verbänden und stellt sicher, dass Anti-Doping Aktivitäten mit höchstmöglicher Transparenz stattfinden.

IBU использует АДАМС в качестве центра, где хранятся все данные, в особенности, результаты анализов из лабораторий, разрешения на терапевтическое использование (РТИ), результаты анализов, которые отличаются от нормы, атипичные результаты и нарушения антидопинговых правил. АДАМС облегчает обмен информацией между ВАДА, НАДО и Национальными Федерациями и гарантирует, что мероприятия по антидопингу будут проведены как можно более прозрачно.

18.3 TUE MANAGEMENT
VERWALTUNG VON TUES ОБРАБОТКА РТИ

Therapeutic Use Exemption ADAMS is used by IBU for online management of TUE requests and approvals as well as online notification of those involved in the process. Medical practitioners can either enter a TUE request together with the athlete through the athlete account or can apply at the IBU for a personal account to enter the information on behalf of the athlete. The system will then generate a TUE application form which has to be printed and signed by the athlete as well as the medical practitioner, and to be sent to the IBU Headquarters. The IBU TUE Committee will handle the application and will inform about the approval or rejection through ADAMS. After approval the system will generate a TUE receipt which can be printed out by the athlete through ADAMS.

The system can be used in ten languages: English, French, German, Russian, Japanese, Spanish, Arabic, Dutch, Finnish and Italian. The data within ADAMS is only available to those organizations with authorization in accordance with the World Anti-Doping Program and access rights will be explicitly granted. Only those information/areas relevant to the specific users will be viewable.

Therapeutische Anwendungen Die IBU benutzt ADAMS zusätzlich für die online Verwaltung von TUE Anfragen und Bewilligungen und online Benachrichtigungen jener Personen, die in den Ablauf mit eingebunden sind. Medizinische Fachleute können TUE Anfragen entweder zusammen mit dem Athleten über das Konto des Athleten eingeben oder sich bei der IBU um ein eigenes Konto bewerben, um die Informationen für den Athleten einzugeben.

Das System erstellt ein ausdruckbares TUE Antragsformular, das vom Athleten und vom medizinischen Personal unterschrieben und an den Hauptsitz der IBU geschickt werden muss. Das IBU TUE Komitee bearbeitet dann den Antrag und gibt seine Zustimmung oder Ablehnung durch ADAMS bekannt. Nach der Zustimmung erstellt das System einen TUE Beleg, den der Athlet von ADAMS ausdrucken kann.

Das System kann in zehn Sprachen benutzt werden: Englisch, Französisch, Deutsch, Russisch, Japanisch, Spanisch, Arabisch, Niederländisch, Finnisch und Italienisch. Die ADAMS Daten sind nur für Organisationen mit Befugnis im Sinne des Welt Anti-Doping Programms zugänglich, wobei Zugangsrechte ausdrücklich gewährt werden müssen. Nur jene Informationen/Bereiche die für den bestimmten Nutzer relevant sind, sind einsehbar.

Разрешение на терапевтическое использование Кроме того IBU использует АДАМС для обработки запросов на РТИ и разрешений, а также для того, чтобы проинформировать все лица, которые связаны с этим процессом. Медицинские работники могут вместе со спортсменом через учетную запись (аккаунт) спортсмена подать заявление на РТИ или подать заявку в IBU на отдельный личный аккаунт для того, чтобы затем заносить информацию за спортсмена. Система составляет формуляр для подачи заявления на РТИ, который можно распечатать и который должен быть подписан спортсменом и медицинским персоналом и должен быть выслан в штаб-квартиру IBU. Комитет IBU по РТИ обрабатывает заявление и дает свое согласие или отказывает в разрешении посредством системы АДАМС. Если такое согласие было получено, то система составляет справку о РТИ, которую спортсмен может распечатать.

Система может использоваться на десяти языках: английском, французском, немецком, русском, японском, испанском, арабском, голландском, финском и итальянском. Занесенные в АДАМС данные доступны лишь тем организациям, которые обладают на это полномочиями в смысле Всемирной Антидопинговой Программы, причем для доступа к данным должно быть получено ясное разрешение. Только определенная информация/ определенные участки могут быть просмотрены определенными пользователями.

Contact person for ADAMS issues and ADAMS user accounts within IBU: **Lucie Rothauer** lucie.rothauer@ibu.at

Ansprechpartner für ADAMS Fragen und ADAMS Benutzerkonten innerhalb der IBU: **Lucie Rothauer** lucie.rothauer@ibu.at

Контактным лицом по вопросам АДАМС и учетным записям (аккаунтам) АДАМС в IBU является **Lucie Rothauer** lucie.rothauer@ibu.at.

Welcome to the exciting and challenging world of Biathlon

Willkommen in der aufregenden und herausfordernden Welt des Biathlonsports

Добро пожаловать в увлекательный мир биатлона!

DEFINITION AND POPULARITY
DEFINITION UND POPULARITÄT ОПРЕДЕЛЕНИЕ И ПОПУЛЯРНОСТЬ

Biathlon is an Olympic winter sport which combines competitive, free-technique cross-country skiing and small-bore rifle marksmanship.

Several other forms of competition consisting of movement plus shooting – such as snowshoe biathlon, cross biathlon (terrain running and shooting), roller-ski biathlon and mountain bike biathlon – are also normally included in the general category of biathlon. The word 'competition' is used in biathlon instead of 'race' because it is not just a race, but a combination of two different competitive activities.

Biathlon is a highly popular spectator sport, drawing huge audiences in both the stadium and on TV, particularly in Central Europe. The intense spectator interest is not surprising, since biathlon offers a wide spectrum of dynamic activities all during the same competition – for example, in

the pursuit, spectators can view the starts, shooting, the penalty loop and the fight for the finish while always knowing who is in the lead. The competition is equally exhilarating for the spectators whether alongside the course or in the stadium, as they can follow the exciting duels of the athletes wherever they are.

Biathlon ist eine olympische Wintersportart, die sich aus Skilanglauf in der freien Technik sowie Kleinkaliberschießen zusammensetzt und in Wettkampfform betrieben wird.

Einige andere Formen dieser Sportart wie Schneeschuh-Biathlon, Crosslauf und Schießen, Roller-Biathlon sowie Mountainbike-Biathlon fallen ebenfalls in die Kategorie Biathlonsport. Das Wort Wettkampf wird im Biathlon an Stelle des Begriffs Rennen benutzt, da es sich hier nicht nur um ein Rennen, sondern um die Kombination von zwei unterschiedlichen Wettkampfaktivitäten handelt.

Biathlon ist ein höchst interessanter Sport für die Zuschauer in den Stadien, aber auch vor dem Bildschirm. Das ist nicht verwunderlich, weil Biathlon während eines Wettkampfs ein vielseitiges Spektrum an Aktivitäten anbietet. Beim Verfolgungswettkampf z.B. kann ein Zuschauer vom Start über das Schießen, die Strafrunden bis ins Ziel die Wettkämpfer verfolgen und weiß stets, wer in Führung liegt. Im Stadion, am und vor allem auf den Strecken kann er die Zweikämpfe der Sportler hautnah miterleben.

Биатлон – это олимпийский вид спорта, который состоит из бега на лыжах свободным стилем и стрельбы из малокалиберный винтовки и является соревновательным видом спорта.

Некоторые другие формы этого вида такие, как биатлон на снегоступах, кроссовый бег и стрельба, биатлон на лыжероллерах, а также маунтинбайк-биатлон также относятся к категориям биатлонного спорта. Слово

«соревнование» употребляется в биатлоне вместо понятия «гонка», так как имеется в виду не только гонки на лыжах, а комбинация двух различных видов соревнования.

Биатлон – это интересный вид спорта для зрителей, как на стадионе, так и перед экранами телевизоров. Этот интерес объясняется тем, что биатлон представляет собой большой спектр конкурирующих действий. Например, в соревновании-преследовании зритель имеет возможность наблюдать все время, начиная от старта, стрельбы, штрафного круга и заканчивая финишем, кто же является лидером соревнования. Точно также зритель, находящийся на месте проведения соревнования на стадионе, стрельбище и, более всего, на трассе имеет возможность наблюдать борьбу спортсменов, соревнующихся друг с другом.

THE CHALLENGE
DIE HERAUSFORDERUNG ИСПЫТАНИЕ

The combination of two very contradictory disciplines – skiing and shooting – in the same competition poses a very demanding challenge for any athlete. Cross-country ski racing requires intense, full-on physical exertion over an extended period of time, whereas shooting demands extreme control, stability and focus. When athletes arrive at the shooting range, they have to shoot at very small targets, with a racing heartbeat and heaving chest because the clock is running even while they are shooting, and a missed target results in a penalty.

Die Kombination von zwei an sich widersprüchlichen Disziplinen wie Skilanglauf und Schießen in einem sportlichen Wettkampf stellt die Athleten vor eine außerordentliche Herausforderung. Der Skilanglauf erfordert äußerste körperliche Anstrengung und hohes Tempo, während das Schießen Präzision, Konzentration und Ruhe verlangt. Wenn die Athleten am Schießstand eintreffen, müssen sie auf kleine Ziele schießen, obwohl ihr Herz rast und sich die Brust vom Atmen hebt und senkt, denn auch während des Schießens läuft die Zeit weiter. Ein Fehlschuss wird mit einer Strafe geahndet.

Комбинация двух таких противоположных дисциплин, как бег на лыжах и стрельба, в одном спортивном состязании представляет собой неимоверно большое испытание для спортсменов. Бег на лыжах требует исключительного физического напряжения и большой скорости, в то время как стрельба подразумевает абсолютное самообладание, стабильность и концентрацию. Прибывая на стрельбище, спортсмены стреляют по очень маленьким мишеням, хотя их сердцебиение далеко от спокойного, грудь распирает от дыхания, и даже во время стрельбы время работает против них. Промах карается штрафом.

HISTORY
GESCHICHTLICHER HINTERGRUND ИСТОРИЧЕСКИЙ ЭКСКУРС

Biathlon developed from the everyday needs of a life in nature and still is done in that way. Cave drawings found in Norway, dating back some 5000 years, give us the earliest record of skiing and carrying a weapon for hunting or fighting. Historical records from Asia also tell of 'winged horses' on the feet of hunters pursuing animals over snow. The first historically recorded biathlon competition took place near the Swedish-Norwegian border in 1767, between companies of border guards from the two countries. Generally, the development of biathlon continued through hunting and warfare until it became a demonstration sport in the first Olympic Winter Games in 1924 in Chamonix, France under the name of Military Patrol. Since then, biathlon has undergone many dramatic changes, including admission into the Olympic Games as biathlon in 1960 in Squaw Valley, USA and a change from large-caliber to small-bore rifles (.22 in) in 1978. International biathlon competitions for women have been organized since the beginning of the 1980s. Women's competitions finally became part of the Olympic Winter Games in 1992 in Albertville, FRA.

Some highlights of modern-day biathlon history are:

1948 Foundation of the Union Internationale de Pentathlon Moderne (UIPM)

1953 Biathlon becomes a sport under the auspices of the UIPM

1954 The IOC admits biathlon as a Winter Olympic sport

1956 Approval of the rules for biathlon competitions; UIPM recognizes member federations for both sports

1958 First Biathlon World Championships in Saalfelden, AUT (men only)

1960 Men's 20 km individual competition held at Olympic Winter Games in Squaw Valley, USA

1966 Introduction of relay competition at World Championships

1967 First Junior Men's World Championships in Altenberg, GDR (individual, relay)

1968 Relay competition at Olympic Winter Games in Grenoble, FRA; the letter B is added to UIPMB

1974 Sprint included in World Championships

1977 Last large-bore World Championships

1978 Change to small-bore (.22-inch caliber) rifles and first mechanical targets in Hochfilzen, AUT

1980 Sprint competition at Olympic Winter Games in Lake Placid, USA

1984 First women's World Championships in Chamonix, FRA

1989 First joint World Championships (WCH) for men and women in Feistritz, AUT, and separate WCH for junior men and junior women in Voss, NOR

1992 First women's competitions at Olympic Winter Games in Albertville, FRA

1993 International Biathlon Union (IBU) founded in London, GBR

1996 First Summer Biathlon World Championships in Hochfilzen, AUT (cross-country running and shooting)

1997 Pursuit competition in World Championships and World Cup events

1998 IBU separates from UIPMB in Salzburg, AUT; recognition of the IBU as an international federation by the IOC; mass start becomes an official competition

1999 Pursuit competition accepted onto the Olympic program; Team competition removed from World Championships; mass start competition in the program of the World Championships

2000 Congress decides to hold Youth World Championships annually in conjunction with Junior World Championships

2002 Pursuit competition held at the OWG in Salt Lake City, USA

2005 First mixed relay held at World Championships in Khanty-Mansiysk, RUS

2006 Mass start competition admitted onto the program of the 2006 Olympic Winter Games in Torino, ITA. First Roller-Ski Summer Biathlon World Championships in Ufa, RUS

2008 50-year-anniversary of biathlon celebrated at World Championships in Östersund, SWE

2010 Two separate summer biathlon highlights: roller-ski biathlon at IBU Summer Biathlon WCH and cross biathlon at IBU Summer Biathlon European Championships

2011 Admission of mixed relay onto Olympic program from 2014 Winter Olympics onward

2013 20-year anniversary of the IBU

2014 The IBU Congress introduces Junior IBU Cup series starting from 2015-2016 season onward

2015 First single mixed relay event at World Cup in Nove Mesto, CZE

2016 Adoption of single mixed relay from 2019 World Championships onward.

In Norwegen lassen sich erste Darstellungen der Jagd auf Skiern durch 5000 Jahre alte Höhlenzeichnungen belegen. Historische Aufzeichnungen aus Asien berichten von „Geflügelten Pferden" an den Füßen der Jäger. Der erste Beleg für einen Biathlonwettkampf zwischen Soldaten datiert auf1767 fand nahe der schwedisch-norwegischen Grenze statt. Seitdem wurde die Sportart stetig weiterentwickelt. 1924 wurde Biathlon unter der Bezeichnung Militärpatrouille bei den Olympischen Winterspielen in Chamonix als Demonstrationssportart vorgeführt. 1960 erfolgte die Aufnahme in das olympische Programm bei den Winterspielen in Squaw Valley (USA). 1978 kann als großes Umbruchsjahr für den Biathlonsport bezeichnet werden. Erstmals wurden anstatt Großkaliber-, Kleinkalibergewehre als Sportgeräte verwendet. Dadurch veränderte sich der Sport maßgeblich. Er nahm nicht nur an Dynamik zu, sondern wurde vor allem zuschauerfreundlicher. Weibliche Athletinnen ermittelten 1984 in Chamonix (FRA) erstmals Weltmeisterinnen, 1992 folgten die Olympischen Spiele in Albertville (FRA).

Im Folgenden werden alle Meilensteine der modernen Geschichte des Biathlons festgehalten:

1953 Biathlon wird Teil der UIPM

1954 Das IOC lässt Biathlon zu

1956 Die Regeln für Biathlon-Wettkämpfe werden genehmigt

1958 1. Biathlon-Weltmeisterschaft in Saalfelden (Österreich) (nur Männer)

1960 20 km Einzelwettkampf Männer bei den Olympischen Winterspielen in Squaw Valley - USA

1966 Der Staffelwettkampf wird ins Programm der Weltmeisterschaften aufgenommen

1967 1. Junioren-Weltmeisterschaft in Altenberg (DDR) mit Einzelwettkampf und Staffel

1968 Staffelwettkampf bei den Olympischen Winterspielen in Grenoble (Frankreich), aus UIPM wird UIPMB

1974 Der Sprintwettkampf wird ins Programm der Weltmeisterschaften aufgenommen

1977 Letzte Weltmeisterschaft mit Großkalibergewehren

1978 Umstellung auf Kleinkalibergewehre und erste mechanische Scheibensysteme, Hochfilzen (Österreich)

1980 Sprintwettkampf bei den Olympischen Winterspielen inLake Placid (USA)

1984 1. Frauenweltmeisterschaften in Chamonix (Frankreich)

1989 Erste gemeinsame Weltmeisterschaften für Männer und Frauen in Feistritz (Österreich)

1992 Erstmals Biathlon-Frauenwettkämpfe bei den Olympischen Winterspielen in Albertville (Frankreich)

1993 Gründung der Internationalen Biathlon Union (IBU) in London (Großbritannien)

1996 1. Biathlon-Sommerweltmeisterschaften in Hochfilzen (Crosslauf mit Schießen)

1997 Der Verfolgungswettkampf wird Teil der Weltmeisterschaften und der Weltcupveranstaltungen

1998 In Salzburg (Österreich) trennt sich die IBU endgültig von der UIPMB, die IBU wird vom IOC als internationaler Wintersportverband anerkannt. Der Massenstartwettkampf wird offizielle Wettkampfdisziplin und löst den Mannschaftswettkampf im Programm der Weltmeisterschaften ab.

1999 Der Verfolgungswettkampf wird in das olympische Wettkampfprogramm aufgenommen.

2000 Der Kongress beschließt, in Verbindung mit den Juniorenweltmeisterschaften jährlich Jugendweltmeisterschaften durchzuführen.

2002 Erster Verfolgungswettkampf bei den Olympischen Winterspielen in Salt Lake City (USA)

2005 Erste Weltmeisterschaft mit Gemischter Staffel in Khanty-Mansiysk (Russland)

2006 Erstmals Massenstart-Wettkampf im Programm der Olympischen Winterspiele in Turin (Italien). Erste Sommerbiathlon-Weltmeisterschaft in Ufa (Russland)

2008 50-jähriges Jubiläum der ersten Weltmeisterschaft bei der WM in Östersund (Schweden)

2010 Separierung der Wettkämpfe im Sommerbiathlon auf Skiroller-Biathlon (WM) und Cross-Biathlon (OEM)

2011 Aufnahme der Gemischten Staffel) ins Olympische Programm ab den Olympischen Winterspielen 2014

2013 20-jähriges Jubiläum der IBU

2014 Der IBU-Kongress beschließt die Einführung eines IBU Junior-Cups ab der Saison 2015/16

2015 Der erste Wettbewerb der Einfachen Gemischten Staffel findet beim IBU-Weltcup in Nove Mesto (Tschechische Republik) statt

2016 Aufnahme der Einfachen Gemischten Staffel ab der Weltmeisterschaft 2019

Найденные в Норвегии наскальные рисунки, возникшие 5000 лет назад, являются самым древним свидетельством охоты на лыжах. Древние рисунки из Азии показывают «летучих лошадей» на ногах охотников. Первое историческое упоминание соревнования по биатлону, датируемое 1767 годом, состоялось среди солдат неподалеку от шведско-норвежской границы. С тех пор данный вид спорта постоянно развивался. Биатлон был впервые представлен в 1924 г. на Зимних Олимпийских Играх в Шамони под названием «Военный патруль» в качестве демонстрационного вида спорта. В 1960 г. этот вид спорта был принят в программу Зимних Олимпийских Игр в Скво Вэлли, США. 1978 год можно назвать большим прорывом для биатлона. Впервые было использовано малокалиберное спортивное оружие вместо крупнокалиберного. Это существенно изменило данный вид спорта. Биатлон стал не только более динамичным, но и более привлекательным для зрителей. Первые женщины – чемпионки мира получили награды на соревнованиях в Шамони, Франция, а в 1992 г. последовали Зимние Олимпийские Игры в Альбервилле, Франция.

Современная историческая зарисовка биатлона выглядит следующим образом:

1953 Биатлон становится частью UIPM

1954 МОК признает биатлон как вид спорта

1956 Утверждаются правила соревнований по биатлону

1958 Первый Чемпионат Мира по биатлону в Заальфельдене, Австрия (только мужчины)

1960 20 км индивидуальное соревнования среди мужчин на Зимних Олимпийских Играх в Скво Вэлли, США

1966 Эстафета включена в программу Чемпионата Мира

1967 Первый Чемпионат Мира среди юниоров в Альтенберге, ГДР; индивидуальное соревнование, эстафета

1968 Эстафета на Зимних Олимпийских Играх в Гренобле, Франция; UIPM становится UIPMB

1974 Спринтерское соревнование включено в программу Чемпионата Мира

1977 Последний Чемпионат Мира с крупнокалиберным оружием

1978 Переход на мелкий калибр и первые механические мишенные установки в Хохфильцене, Австрия

1980 Спринтерское соревнование на Зимних Олимпийских Играх в Лэйк Плэсиде, США

1984 Первый женский Чемпионат Мира в Шамони, Франция

1989 Первый совместный Чемпионат Мира для мужчин и женщин во Файстрице, Австрия

1992 Первые женские соревнования по биатлону на Зимних Олимпийских Играх в Альбервилле, Франция

1993 Создание Международного Союза Биатлонистов (IBU) в Лондоне, Великобритания

1996 Первый Чемпионат Мира по летнему биатлону в Хохфильцене, Австрия (кроссовый бег со стрельбой)

1997 Гонка преследования включена в программу Чемпионата Мира и Кубка Мира

1998 В Зальцбурге, Австрия, IBU окончательно отделяется от UIPMB, и МОК признает IBU международной федерацией зимнего вида спорта; соревнование с массовым стартом становится официальной соревновательной дисциплиной и приходит на смену командному соревнованию в программе Чемпионата Мира

1999 Гонка преследования включена в олимпийскую программу соревнований.

2000 Конгресс принимает решение проводить ежегодно совместно с Чемпионатом Мира среди юниоров также Чемпионат Мира среди юношей

2002 Впервые гонка преследования на Зимних Олимпийских Играх в Солт Лейк Сити, США

2005 Первая смешанная эстафета на ЧМ в Ханты-Мансийске, Россия

2006 Впервые соревнование с массовым стартом в программе Зимних Олимпийских Игр в Турине, Италия. Первый Чемпионат Мира по летнему биатлону в Уфе, Россия

2008 50-летний юбилей первого Чемпионата мира на ЧМ в Эстерсунде, Швеция

2010 Разделение соревнований летнего биатлона на лыжероллерный биатлон (ЧМ) и кроссовый (ОЧЕ).

2011 Включение смешанной эстафеты в олимпийскую программу начиная с Зимних Олимпийских игр 2014

2013 20-летний юбилей IBU

2014 Конгресс IBU утверждает серию Кубка IBU среди юниоров с сезона 2015/16

2015 Проведена первая одиночная смешанная эстафета на Кубке мира в Нове Место, Чешская Республика

2016 Включение в программу Одиночной смешанной эстафеты с ЧМ 2019

THE INTERNATIONAL BIATHLON UNION (IBU)
DIE INTERNATIONALE BIATHLON UNION (IBU)
МЕЖДУНАРОДНЫЙ СОЮЗ БИАТЛОНИСТОВ (IBU)

The IBU is an international Olympic federation of 56 nations, 54 of which are full members and two provisional (see list of member federations in Chapter 8 of this Guide) headquartered in Salzburg, AUT. The IBU has non-governmental organization (NGO) status in Austria. The organizational structure of the IBU is depicted in Chapter 2 of this Guide. As the world governing body for the sport of biathlon, the IBU represents the interests of biathlon internationally and convenes a Congress of its member federations every two years. Elections are held at the Congress every four years.

Die IBU ist ein internationaler olympischer Wintersportverband mit 56 Mitgliedsverbänden, davon 54 ordentliche und 2 provisorische Mitglieder (eine Auflistung der Mitgliedsverbände befindet sich in Kapitel 8). Die Geschäftsstelle der IBU hat ihren Sitz in Salzburg. In Österreich besitzt die IBU den Status einer Nichtstaatlichen Internationalen Organisation (NGO). Die Organisationsstruktur der IBU finden Sie in Kapitel 2.. Als zuständiger Weltverband für den Biathlonsport vertritt die IBU dessen internationale Interessen. Das oberste Verbandsorgan ist der IBU-Kongress, der alle zwei Jahre tagt. Wahlen finden alle vier Jahre statt.

IBU - Международная федерация зимнего олимпийского вида спорта, в состав которой входят 56 Федераций-членов. Из них 54 являются пономправными, 2 – временными членами (список Федераций-членов представлен в Главе 8). Штаб-квартира IBU находится в г. Зальцбург, Австрия. В Австрии IBU обладает статусом Негосударственной Международной Организации (NGO). Организационная структура Союза изложена в Статье 2. В качестве организации, ответственной за биатлон, IBU представляет международные интересы IBU. Высшим органом Федерации является Конгресс. Конгресс проводится каждые два года. Выборы проходят каждые четыре года.

TYPES OF EVENTS UNDER IBU JURISDICTION
WETTKAMPFARTEN IN DER VERANTWORTLICHKEIT DER IBU
ВИДЫ СОРЕВНОВАНИЙ И ЮРИСДИКЦИЯ IBU

World Championships (WCH): World Championships are held annually, except in years with Olympic Winter Games, for senior men and women.

Youth and Junior World Championships (YJWCH): Held annually for male and female athletes in the classes youth and junior.

Open European Championships (OECH): The Open European Championships are an IBU event held annually under its jurisdiction. From 2009 to 2015 the OECHs were held in the competitor classes senior men and women, junior men and junior women. Until 2014, seniors had to be under 26 years of age at the OECH, but from 2016 onward, the OECH are just held as men's and women's competition, without any upper age limit. The competitions of the OECH count both towards the men's and women's IBU Cup Score and the IBU Cup Nations Cup respec-

tively. In 2016-17, the program consists of mixed relay, single mixed relay, sprint, pursuit and mass start competitions. The Junior OECH (JOECH) will be held as part of the final IBU Junior Cup of the season.

World Cups (WC): Is a circuit of several events in various configurations held annually for senior men and women. The WC competitions are scored based on a system of 60 points (World Cup Scores) which are awarded to competitors for their personal performance in each solo competition the participate in at a WC event. Additionally, the WC Nations Cup Score is comprised of points awarded in the individual, sprint, relay and mixed relay disciplines. In the mixed relay, the total number of points is divided by two, and each gender is awarded one half. An individual athlete's final overall score is called the World Cup Total Score, and the total WC Nations Cup Score determines the national federations' participation quotas for the next season.

IBU Cup: The IBU Cup is the second-level IBU event series, developed from the former European Cup. As in the World Cup, the IBU Cup features a scoring system both for individual athletes and for national federation (NF) teams. The NF team (senior men and women) ranked highest in the IBU Cup Nations Cup Score, but that is not among the 25 best in the World Cup Nations Cup Score, is promoted to the World Cup at the end of the season. In addition, the top male and top female athletes

in the IBU Cup Total Score may take part in the World Cup Final at the end of the season, in addition to the NF's normal quota.

IBU Junior Cup: The IBU Junior Cup is a new competition series which was approved by the 2014 IBU Congress and held for the first time in the 2015/16 season. Although it mainly targets junior class athletes, youth athletes may also take part but must start in the junior class. The registration/start quota is five (5) per NF and gender, while the host NF is allowed 10 per gender. There are four Cups scheduled per season, with the final Cup also scored as the Junior European Championship (JOECH). Athletes are awarded points at each Junior Cup and the JWCH of the season, contributing to rankings such as Total Score, and scores for the individual, sprint and pursuit.

Continental Championships (CCH): These are normally held annually by the continents Asia (ACH), North America (NACH) and South America (SACH), with particular rules developed on the respective continents in accordance with in the IBU Event and Competition Rules.

Continental Cups (CC): Is a circuit of a varying number of events held annually by the continents, subject to rules formulated by the continents and in accordance with the IBU Event and Competition Rules. North America – NAC, etc.

Regional Cups: Are regional events held by national federations for young and developing athletes. These events are subject to national rules developed in accordance with the IBU Rules.

IBU Summer Biathlon World Championships (SB WCH): Until 2009, two different SBWCH were held annually for men, women, junior men and junior women: cross-country running and small bore rifle shooting (= cross biathlon) and roller-skiing and small-bore rifle shooting (= roller-ski biathlon). The SBWCH program was changed in 2010 and now consists of roller-ski biathlon competitions only.

Weltmeisterschaften (WM): Weltmeisterschaften werden jährlich für Männer und Frauen ausgerichtet. Ausnahmen sind die Jahre, in denen Olympische Winterspiele stattfinden.

Jugend- und Junioren-Weltmeisterschaften finden jährlich für männliche und weibliche Jugendliche und für Junioren und Juniorinnen statt.

Offene Europameisterschaften (OEM): Die offenen Europameisterschaften sind eine IBU-Veranstaltung und werden jährlich nach den Regeln der IBU abgehalten. Von 2009 bis 2015 wurde die OEM für die Wettkampfklassen der Herren und Damen (bis 2014 jeweils unter 26 Jahren), Junioren und Juniorinnen organisiert. Von 2016 an gibt es bei der OEM nur noch Wettkämpfe für Herren und Damen, ohne Altersbegrenzung. Die Wettkämpfe der OEM zählen zu den IBU-Cup-Disziplinwertungen sowie dem IBU-Nationencup für Männer und Frauen. Zum diesjährigen Programm gehören die Gemischte Staffel, die Einfach Gemischte Staffel), Sprints sowie Verfolgungs- und Massenstartwettkämpfe. Die OEM der Junioren wird jährlich im Rahmen des letzten IBU-Junior-Cups ausgetragen.

Weltcup Veranstaltungen (WC): Jedes Jahr werden mehrere Weltcup-Veranstaltungen mit jeweils unterschiedlicher Zusammensetzung von Wettkämpfen für Männer und Frauen ausgerichtet. Die Wertung der Weltcupwettkämpfe beruht auf einem 60-Punkte-System (Weltcuppunkte), bei dem die

Wettkämpfer für ihre persönliche Leistung in den jeweiligen Wettkampfdisziplinen Punkte erhalten. Zusätzlich werden Weltcuppunkte im Einzel-, Sprint-, Staffelwettkampf und gemischter Staffel für die Nationencup-Wertung vergeben. Im gemischten Staffelwettkampf werden jeweils die Hälfte der Punkte an jedes Geschlecht vergeben. Weltcuppunkte der Athleten werden in einer Weltcup-Gesamtwertung, Weltcup-Nationenpunkte in einer Weltcup-Nationenwertung zusammengefasst. Die Weltcup-Nationenwertung ist die Grundlage für die Starterquoten in der nächstfolgenden Saison.

IBU-Cup: Der IBU-Cup ist die zweite Veranstaltungsserie der IBU und ist aus dem früheren Europacup hervorgegangen. Wie im Weltcup gibt es eine Punktewertung für Athleten und Teams. Die besten nationalen Teams (Männer und Frauen) in der IBU-Cup-Nationencup-Wertung, die nicht unter den besten 25 der Weltcupwertung sind, steigen am Ende der Saison in den Weltcup auf. Außerdem dürfen die Gesamtsieger der IBU-Cup-Wertung zusätzlich zu ihrer normalen Quote am Weltcup teilnehmen.

IBU Junior Cup: Der IBU Junior Cup ist eine neue Wettkampfserie, die vom IBU-Kongress 2014 beschlossen wurde und in der Saison 2015/16 erstmalig durchgeführt wurde. Sie richtet sich an Junioren/Juniorinnen. Jugendliche dürfen ebenfalls teilnehmen, müssen allerdings in der Juniorenklasse starten. Die Registrierungs- bzw. Startquote beträgt fünf pro nationalen Verband (NV) und Geschlecht, der ausrichtende NV darf zehn Athleten pro Geschlecht nennen. Es finden pro Saison vier Cups statt, wobei das Cup-Finale zugleich als

Offene Europameisterschaft für Junioren (JOEM) gewertet wird. Punkte für die Junioren-Cup-Wertungen wie Gesamtwertung und die Wertungen für Einzel-, Sprint- und Verfolgungswettkämpfe werden bei allen Cups sowie der JWM vergeben.

Kontinentale Meisterschaften (KM): Die meisten Kontinente richten jährlich ihre kontinentalen Meisterschaften nach ihren Regeln auf der Grundlage der IBU-Wettkampfregeln aus: Asien – AM; Nordamerika – NAM; Südamerika – SAM.

Kontinental-Cups (KC): Von den meisten Kontinenten wird jährlich eine unterschiedliche Anzahl von Kontinentalen Cups nach ihren Regeln auf der Grundlage der IBU-Wettkampfregeln ausgerichtet: Nordamerika – NAC, usw.

Regionale-Cups: Die nationalen Verbände veranstalten regionale Cups und regionale Veranstaltungen für junge und in der Entwicklung befindliche Athleten. Diese Veranstaltungen unterliegen nationalen Regeln, die in Abstimmung mit den Regeln der IBU entwickelt wurden.

IBU Weltmeisterschaften Sommer Biathlon (SB WM): Die SBWM wurden bis 2009 jährlich für Männer, Frauen, Junioren und Juniorinnen mit Crosslauf und Kleinkaliberschießen (=Crossbiathlon) sowie mit Rollerskilauf und Kleinkaliberschießen (=Rollerbiathlon) ausgerichtet. Seit 2010 wird die SBWM nur noch im Rollerbiathlon abgehalten.

Чемпионат мира (ЧМ) ЧМ для мужчин и женщин проводятся ежегодно за исключением олимпийских сезонов.

Чемпионат мира среди юношей и юниоров (ЧМЮ/Юн) проводятся ежегодно для юношей и девушек, а также юниоров и юниорок.

Открытый Чемпионат Европы (ОЧЕ) Открытый чемпионат Европы – это мероприятие IBU, проходящее ежегодно соответственно Правилам IBU. С 2009 по 2015 гг. ОЧЕ проводился для спортсменов классов «мужчины» и «женщины» (до 2014 г. в возрасте до 26 лет для обоих классов), «юниоры» и «юниорки». С 2016 года ОЧЕ проводится только для спортсменов классов «мужчины» и «женщины» без возрастных ограничений. Соревнования ОЧЕ идут в зачеты Кубка IBU по отдельным дисциплинам, а также в мужской и женский зачет Кубка наций в Кубке IBU. В этом году в программу соревнований входят смешанная эстафета и одиночная смешанная эстафета, спринт, гонка преследования и масс-старт. ОЧЕ среди юниоров проводится ежегодно в рамках финального этапа Кубка IBU среди юниоров.

Мероприятия Кубка мира (КМ) Ежегодно проводится серия мероприятий Кубка мира для мужчин и женщин с варьирующейся программой соревнований. При начислении очков в зачет Кубка мира (очки Кубка мира) за основу взята 60-бальная система. Спортсмену в индивидуальном порядке начисляются очки в зависимости от его результата в каждом личном соревновании. Кроме того, очки Кубка мира, заработанные в индивидуальной гонке, спринте, эстафете и смешанной эстафете, засчитываются в зачет Кубка наций Кубка мира. В смешанной эстафете половина набранных очков идет в женский зачет Кубка наций, а вторая половина – в мужской. Заработанные на соревнованиях Кубка мира очки зачисляются в Общий зачет Кубка мира отдельных спортсменов, а также в зачет Кубка наций Кубка мира, который берется за основу при определении стартовой квоты команд.

Кубок IBU Кубок IBU, пришедший на смену Кубку Европы, является второй серией соревнований IBU. Как и в Кубке мира, в нем предусмотрена система начисления очков для спортсменов и команд. Лидирующие команды (мужчины и женщины), которые не входят в число 25-ти лучших по результатам зачета Кубка мира Кубка IBU, в конце сезона переходят в Кубок мира. Кроме того, в дополнение к их обычным квотам в Кубке мира могут принимать участие победители общего зачета Кубка IBU.

Кубок IBU среди юниоров Кубок IBU среди юниоров – это новая серия соревнований, утвержденная Конгрессом IBU в 2014 году и впервые проведенная в сезоне 2015/16. Целевая возрастная группа этой серии – преимущественно юниоры. Участвовать также могут юноши и девушки, однако стартовать они будут в классе юниоров. Квота на регистрацию и старт – по пять спортсменов и пять спортсменок от одной национальной федерации; квота национальной федерации, принимающей соревнование, – 10 спортсменов и 10 спортсменок. В сезоне планируется проводить четыре этапа Кубка, причем последний этап одновременно является Открытым чемпионатом Европы среди юниоров (ОЧЕ/Ю). Очки в зачеты Кубка IBU среди юниоров, такие как общий зачет, зачеты в индивидуальных, спринтерских гонках и гонках преследования начисляются на каждом этапе Юниорского кубка и на ЧМ среди юниоров, проходящих в рамках одного сезона. Чемпионаты Континентов (ЧК) Большинство континентов проводит ежегодно свои континентальные Чемпионаты по своим правилам на основе Правил для соревнований IBU. Азия – ЧА; Северная Америка - ЧСА; Южная Америка – ЧЮА.

Кубки Континентов (КК) Большинство континентов ежегодно проводит различное количество этапов Кубков Континентов по своим правилам на основе Правил для соревнований IBU. Северная Америка – КСА и т.д.

Кубки Регионов Региональные соревнования для подрастающих спортсменов, проводимые Национальными федерациями в соответствии с собственными правилами, разработанными на основе Правил IBU.

Чемпионат Мира по летнему биатлону (ЧМЛБ) ЧМЛБ проводится ежегодно для мужчин, женщин, юниоров и юниорок до 2009 г. по кроссовому бегу и стрельбе из мелкокалиберной винтовки (=кроссовый биатлон), а также по бегу на лыжероллерах и стрельбе из мелкокалиберной винтовки (=лыжероллерный биатлон). С 2010 г. ЧМЛБ проводятся только по лыжероллерному биатлону.

GENERAL DESCRIPTION OF A BIATHLON COMPETITION
ALLGEMEINE BESCHREIBUNG DER BIATHLON-WETTKÄMPFE
ОБЩЕЕ ОПИСАНИЕ СОРЕВНОВАНИЙ ПО БИАТЛОНУ

In a biathlon competition, the biathlete skis distances varying from 6 to 20 km and stops at the shooting range to shoot two or four times, with both the skiing distance and the number of shooting bouts varying depending on the competition discipline. The shooting distance is always 50 m. Athletes fire five rounds at five targets in each shooting bout, except in the relay competition, where the competitor has three spare rounds for each bout. There are two shooting positions, prone and standing, which are done either alternately or consecutively, depending on the competition.

The target diameters are very small and depend on the shooting position. The targets are 115 mm in diameter for the standing, and even smaller for the prone (45 mm). During the entire competition, the clock is running, so athletes have to shoot well and as fast as they can.

Penalties are imposed for missed targets either as one minute of added time per missed target (individual competition) or as a 150 m penalty loop, skied immediately after each bout of shooting (all other competitions).

In essence, the athlete starts at the start line, skis one course loop (length varies depending on the competition), comes to the range and shoots, skis another loop, shoots, and so on, and then finishes by skiing to the finish line after the last bout of shooting. In the individual and sprint competitions, competitors start one at a time, at 30 second intervals. In the pursuit competition, competitors start based on the time they finished the qualifying competition (measured as time behind the winner), and in the mass start, all competitors start together simultaneously.

In the relay competition, the first members of all teams start simultaneously and after completing their part, tag the next member in the hand-over zone to start them on their way.

Throughout the competition, the biathletes are principally responsible for their own actions, such as selecting the right shooting lane (assigned by start number in the first shooting bout in the relay and mass start), and counting the number of missed targets, then skiing the correct number of penalty loops. However, they must always obey the IBU Event and Competition Rules.

Mixed relay competitions are also held. Here, the female competitors complete the first and the second leg of the relay respectively, while the third and fourth relay leg are each completed by a male competitor. In other respects, the procedure for the mixed relay competition is the same as for the relay.

The single mixed relay is a new competition format. We at the IBU had been discussed the introduction of a new competition format for some time, as we wanted to offer one more team competition to give nations with only one good male and one good female athlete a better chance of obtaining top rankings. After the successful introduction of the mixed relay and its successful presentation at the Sochi Winter Olympics, we

have now introduced the single mixed relay (SMR). Each team consists of one female and one male athlete. The woman skis a total distance of 6 km and the man 7.5 km, both on the 1.5-km loop. The short course length and the four shooting bouts per athlete ensure an enthralling, fast-paced biathlon competition. The competition is estimated to last for 45 minutes, maximum. After the approval of this new competition format by the IBU Congress 2014, the first SMR was held at the BMW IBU World Cup in Nove Mesto na Morave, CZE in February 2015. In the 2015/16 season this competition format was held at several World Cups, OECH and IBU Cup events.

Bei einem Biathlonwettkampf läuft der Biathlet auf Skiern eine Strecke zwischen 6 und 20 Kilometer, die von zwei oder vier Schießeinlagen unterbrochen wird. Streckenlänge und Anzahl der Schießeinlagen hängen von der Wettkampfdisziplin ab. Die Schießentfernung beträgt immer 50 Meter. Es werden jeweils fünf Schuss auf fünf Ziele abgegeben, mit Ausnahme des Staffel-Wettkampfs, bei dem den Athleten pro Schießeinlage jeweils drei Reservepatronen zur Verfügung stehen. Es gibt zwei Schießstellungen: liegend und stehend. Diese werden, abhängig von der Wettkampfdisziplin entweder abwechselnd oder hintereinander ausgeübt.

Der Durchmesser des Ziels hängt von der Schießstellung ab. Im stehenden Anschlag zielen die Athleten auf eine Trefferfläche von 115 Millimetern; im liegenden Anschlag ist diese kleiner und beträgt 45 Millimeter. Während des Schießens wird die Laufzeit nicht angehalten. Daher müssen die Athleten versuchen, nicht nur sicher, sondern auch schnell zu schießen. Fehlschüsse werden entweder mit einer zur Laufzeit hinzu addierten Strafminute (Einzelwettkampf) oder mit jeweils einer 150 Meter langen Strafrunde sanktioniert. Die Strafrunde/n muss/müssen sofort im Anschluss an das Schießen gelaufen werden.

Vom Start weg durchläuft der Athlet auf Skiern die Strecke (je nach Wettkampfart), kommt zum Schießstand, absolviert seine Schießeinlage, geht wieder auf die Strecke und kommt wieder zurück zum Schießstand usw. und durchläuft nach dem letzten Schießen eine Schlussrunde bis zum Ziel. Bei Einzel- und Sprintwettkämpfen starten die Wettkämpfer jeweils einzeln in einem Abstand von 30 Sekunden. Im Verfolgungswettkampf beruhen die Startintervalle auf den Abständen des vorherigen Qualifikations-Wettkampfs, während beim Massenstartwettkampf alle Wettkämpfer gleichzeitig starten.

Beim Staffelwettkampf gehen die jeweils ersten Athleten einer Staffelmannschaft in einem Massenstart gleichzeitig an den Start und schicken dann, nachdem sie ihren Teil des Wettkampfs beendet haben, das nächste Staffelmitglied durch Berühren in der Wechselzone auf die Strecke.

Im Prinzip sind die Biathleten während des gesamten Wettkampfs für ihre Aktionen selbst verantwortlich. Sie müssen die richtige Schießbahn bei allen Wettkämpfen (im Staffel- und Massenstartwettkampf sind beim ersten Schießen die Schießbahnen durch die Startnummern festgelegt) wählen, ihre Fehlschüsse zählen, die korrekte Anzahl der Strafrunden durchlaufen und dabei immer den Bestimmungen der Wettkampfregeln folgen.

Es werden auch Gemischte Staffeln durchgeführt, bei denen je eine Biathletin die ersten zwei Staffel-Teilstrecken zu absolvieren hat während die dritte und vierte Staffel-Teilstrecke von einem Biathleten absolviert wird. Ansonsten verläuft der Wettkampf Gemischte Staffeln wie oben beschrieben.

Mit der Einführung der Einfachen gemischten Staffel wurde ein zusätzlicher

Mannschaftswettkampf eingeführt, bei dem auch Nationen, die nur einen guten Athleten und eine gute Athletin aufbieten können, eine bessere Chance auf eine vordere Platzierung haben. Eine Mannschaft besteht aus einer Sportlerin und einem Sportler, wobei die Athlethinnen eine Gesamtstrecke von 6 km und die Athleten eine Gesamtstrecke von 7,5 km zurücklegen. Das ergibt einen attraktiven Biathlonwettkampf, da die Runden kurz sind (1,5-km-Runde) und jeweils vier Mal geschossen wird. Die Dauer des Wettkampfs wurde mit höchstens 45 Minuten veranschlagt.

Nach der Genehmigung dieser neuen Wettkampfform beim IBU-Kongress 2014 wurde diese im Februar 2015 beim IBU-Weltcup in Nove Mesto na Morave durchgeführt. In der Saison 2015/16 wurde dieser Wettkampf beim Weltcup, bei der OEM und im IBU-Cup durchgeführt.

Во время соревнования по биатлону биатлонист пробегает на лыжах дистанцию от 6 до 20 км, задерживаясь на стрельбище, причем биатлонист проходит огневые рубежи 2 или 4 раза. Дистанции и количество огневых рубежей зависят от соревновательной дисциплины. Расстояние до мишеней всегда равняется 50 м. По 5 мишеням производится 5 выстрелов за исключением эстафеты, в которой спортсмену предоставляется по 3 резервного патрона на огневой рубеж. Стрельба производится из 2 положений: лежа и стоя. В зависимости от соревновательной дисциплины стрельба из этих положений ведется поочередно или подряд.

YouTube

Диаметр мишени зависит от положения. Из положения лежа спортсмены стреляют по очень маленьким отверстиям размером 45 миллиметров; при стрельбе из положения стоя отверстия немного больше, их размер составляет 115 миллиметров. Во время стрельбы соревновательное время не останавливается. По этой причине спортсмены должны стрелять не только метко, но и быстро. Промахи наказываются или минутой дополнительного времени в индивидуальном соревновании или в других соревнованиях штрафным кругом, длиной 150 м. Штрафной(ые) круг(и) должен(ы) быть пройдены сразу после огневого рубежа.

Спортсмен стартует на стартовой линии, пробегает на лыжах дистанцию (длина в зависимости от дисциплины), приходит на стрельбище, проходит огневой рубеж, проходит далее на трассу и возвращается на стрельбище и т.д., после последнего огневого рубежа спортсмен проходит конечный участок к финишу. В индивидуальных и спринтерских соревнованиях спортсмены стартуют по одному с интервалом в 30 секунд. В гонке преследования стартовые интервалы зависят от расстояния последнего квалификационного соревнования, а в соревновании с массовым стартом спортсмены стартуют одновременно.

В эстафетном соревновании первые спортсмены эстафетных команд стартуют массовым стартом одновременно и после прохождения своего участка соревнования передают эстафету второму члену эстафетной команды посредством касания этого спортсмена в зоне передачи эстафеты на трассе.

В основном во время всего соревнования биатлонисты сами отвечают за свои действия, будь то выбор стрелкового коридора на всех соревнованиях (в эстафетном соревновании и в соревновании с массовым стартом при первой стрельбе номер стрелкового коридора определяется

стартовым номером), учет промахов или прохождение верного количества штрафных кругов. При этом спортсмены обязаны следовать положениям правил соревнований.

Также проводятся смешанные эстафеты, в которых первые два этапа эстафеты проходят биатлонистки, а третий и четвертый - биатлонисты. В остальном смешанная эстафета протекает так, как указано выше.

Со введением одиночной смешанной эстафеты было введено новое командное соревнование, в шансы на призовые места имели бы и сборные, способные заявить на гонку лишь по одному сильному спортсмену и одной сильной спортсменке. Команда, принимающая участие в этой гонке, состоит из одной спортсменки и одного спортсмена, причем женщины во время соревнования преодолевают дистанцию в 6 км, а мужчины – в 7,5 км. Таким образом, эта дисциплина представляет собой захватывающее биатлонное состязание, во время которого участники проходят короткую трассу (используется трасса только в 1,5 км) и четыре огневых рубежа. Рассчитанная максимальная продолжительность соревнования – 45 минут. После утверждения Конгрессом IBU данного вида соревнований в 2014 году он впервые прошел на этапе Кубка мира BMW IBU в Нове Место На Мораве в феврале 2015 года. В сезоне 2015/16 одиночная смешанная эстафета была включена в программу нескольких мероприятий, таких как этапы Кубка мира, ОЧЕ и этапы Кубка IBU.

COMPETITION EQUIPMENT
WETTKAMPFAUSRÜSTUNG СОРЕВНОВАТЕЛЬНЫЙ ИНВЕНТАРЬ

In a competition, biathletes wear a one or two-piece ski suit. Skis, poles and boots are standard competition type and are very light in weight. The rifle is designed for biathlon, with an action that is a variation of bolt or lever action, .22 inch in caliber, with a minimum weight of 3.5 kg. The magazines for the rifle may only hold five rounds of ammunition and the maximum muzzle velocity for a bullet is 360 m/s. The rifle is carried on the back with a carrying harness, and the barrel has to point upwards. Advertising on clothing and equipment is strictly controlled to prevent excess commercialism within the sport.

Im Wettkampf tragen die Biathleten einen ein- oder zweiteiligen Rennanzug. Ski, Stöcke und Schuhe sind Standardwettkampfgerät und sehr leicht im Gewicht. Das Biathlongewehr ist ein Kleinkalibergewehr, das der Wettkämpfer mit Hilfe eines Verschlussmechanismus bedient; es weist ein Mindestgewicht von 3,5 kg auf. Die für das Gewehr verwendeten Magazine dürfen nicht mehr als fünf Patronen aufnehmen und die höchstzulässige Mündungsgeschwindigkeit des Geschosses beträgt 360 m/s. Das Gewehr wird mit Hilfe eines Tragegestells auf dem Rücken mitgeführt, wobei der Lauf der Waffe nach oben zeigen muss. Die auf der Wettkampfkleidung und der Wettkampfausrüstung angebrachte Werbung wird genau kontrolliert, um eine allzu große Kommerzialisierung des Sports zu verhindern.

Во время соревнования на биатлонистов надет гоночный костюм, состоящий из одной или двух частей. Лыжи, палки и ботинки являются стандартным соревновательным инвентарем и по весу очень легкие. Биатлонная винтовка – это мелкокалиберная винтовка, обслуживание которой происходит с помощью механизма затвора; минимальный вес винтовки составляет 3,5 кг. Магазины винтовки не должны вмещать более 5 патронов, предельно допустимая скорость выстрела 360 м/с. Винтовка переносится на спине при помощи переносного устройства, ствол оружия должен быть направлен вверх. Реклама, размещающаяся на соревновательной одежде и соревновательном инвентаре, внимательно контролируется для того, чтобы избежать чрезмерной коммерциализации спорта.

SAFETY
SICHERHEIT БЕЗОПАСНОСТЬ

Because biathlon also includes shooting, safety is of the highest priority before, during and after a competition. Stringent regulations govern all the competitors' actions. Even the smallest violation of a safety regulation results in a disqualification. As a consequence of these very strictly enforced safety rules, biathlon has an excellent safety record.

Da der Biathlonsport auch die Disziplin Schießen beinhaltet, steht Sicherheit während der Vorbereitung, im Wettkampf und der Nachbereitung an oberster Stelle der Prioritäten. Hierfür existieren strikte Bestimmungen. Selbst der kleinste Verstoß gegen die Sicherheitsbestimmungen wird mit der Disqualifikation des Wettkämpfers geahndet. Nur mit strikter Handhabung der Sicher-

heitsbestimmungen kann der Biathlonsport den höchsten Sicherheitsstandard gewährleisten.

Так как биатлон включает в себя такую дисциплину как стрельба, безопасность является наивысшим требованием во время подготовки к соревнованию и после него. В отношении безопасности существуют строгие требования. Даже мелкие нарушения правил безопасности наказываются дисквалификацией спортсмена. Из-за очень жесткой практики в отношении правил безопасности в биатлоне очень высокий уровень безопасности.

DESCRIPTION OF COMPETITION FACILITIES
BESCHREIBUNG DER WETTKAMPFANLAGE
ОПИСАНИЕ СООРУЖЕНИЯ

Biathlon competitions are held at a facility that has a central stadium area surrounded by a ski course network. The stadium area consists of the shooting range (which usually has 30 targets), the start and finish zones (including a mass start area), the 150-meter penalty loop, the technical building, the ski testing slope, team ski waxing facilities, spectator areas and other necessary infrastructure. The shooting range is divided into lanes of 2.75 to 3 m in width, with the targets placed at a 50 m distance from the shooting ramp. The lanes and targets are numbered from right to left starting with number 1 on the extreme right. In the individual and sprint competitions, the range is divided into two parts, with prone shooting on the right and standing on the left.

The different types of competitions each have standardized course specifications, especially concerning height difference, maximum climb and total climb. Efforts are always made to protect the natural environment when developing courses. The targets are made of a white metal face plate with five holes in a horizontal row. Behind the holes in the face plate are the black hit plates which fall backward or send an electronic signal when hit by a bullet. At the same time a white flap is raised up in front of the hole, thus causing the color to change from black to white. When the target is scored, the black spots are counted to determine the number of penalties the competitor has. The targets may be mechanical or electronic in operation, but in both cases the fallen plates can be reset from the firing line either by a rope or electronic signal.

Biathlonwettkämpfe werden in einer Anlage betrieben, die aus einem zentralen Stadionbereich besteht, der von einem Netz von Loipen umgeben ist. Der Stadionbereich besteht aus einem Schießstand mit in der Regel 30 Schießbahnen, dem Start- und Zielbereich einschließlich eines Bereichs für den Massenstart, einer 150 Meter langen Strafrunde, dem technischen Gebäude, der Skiteststrecke, Wachshütten, Zuschauerbereich und weiteren erforderlichen Infrastruktureinrichtungen. Die Schießbahnen weisen jeweils eine Breite von 2,75 bis 3 Meter auf; der Abstand von der Schießrampe zu den Scheiben beträgt 50 Meter. Die Stände (Bahnen) und Ziele sind von rechts nach links nummeriert, wobei die äußerst rechte Schießbahn mit der Nr. 1 beginnt. Der Schießstand ist für den Einzel- und Sprintwettkampf in 2 Teile unterteilt, und zwar für das Liegendschießen rechts (1-15) und Stehendschießen links (16-30).

Die Strecken weisen für die verschiedenen Wettkampfarten genormte Anforderungen auf, vor allem bezüglich der Höhendifferenz, Höchst- und Gesamtsteigungen. Bei der Anlage eines Streckensystems steht der Schutz der Umwelt stets mit im Vordergrund. Die Scheibensysteme bestehen aus weißen Metallplatten, in denen sich horizontal fünf Löcher befinden. Hinter diesen Löchern sind schwarze Trefferplatten angebracht, die, wenn sie von einem Geschoss getroffen werden, entweder nach hinten abklappen oder einen elektronischer Impuls aussenden. Gleichzeitig hebt sich vorne eine weiße Abdeckkappe, so dass sich die Farbe von schwarz auf weiß verändert. Bei der Ermittlung der Trefferzahl werden die stehen gebliebenen schwarzen Treffer-

platten gezählt, um so festzustellen, wie viele Fehlschüsse der Wettkämpfer aufweist. Die Scheibensysteme werden entweder mechanisch oder elektronisch betrieben, in beiden Fällen können die abgeklappten Trefferplatten vom Schießstand aus entweder mit Hilfe eines Seilzugs oder eines elektronischen Impulses erneut aufgestellt werden.

Соревнования по биатлону проводятся в спортивном сооружении, которое состоит из центрального участка – стадиона, окруженного сетью трасс. Участок стадиона состоит из стрельбища, состоящего, как правило, из 30 мишеней, зоны старта/ финиша, включая участок для массового

старта, 150-метрового штрафного круга, технического здания, лыжной трассы, кабинок для смазки лыж, зрительской зоны и других сооружений инфраструктуры. Стрельбище разделено на стрелковые коридоры, ширина которых составляет от 2,75 до 3 метров; расстояние между огневой линией и мишенями составляет 50 метров. Коридоры и мишени пронумерованы справа налево, причем самый правый коридор начинается с номера 1. На индивидуальных и спринтерских соревнованиях стрельбище разделено на 2 части, а именно для стрельбы лежа – номера 1-15, а для стрельбы стоя – номера 16-30.

Трассы при различных видах соревнования отвечают определенным нормам, особенно в отношении разницы в перепаде высот, угла подъема и общего подъема. При конструкции системы трасс защита окружающей среды стоит на первом месте. Системы установок состоят из белых металлических пластин, в которых горизонтально расположены 5 отверстий. В этих отверстиях находятся черные мишени, которые при попадании в них выстрела переворачиваются или посылают электронный импульс. Одновременно спереди поднимается белая закрывающая пластина таким образом, что черный цвет меняется на белый. При подсчете попаданий считаются черные пластины, оставшиеся незатронутыми, для того, чтобы таким образом выяснить, сколько промахов было допущено спортсменом. Установки работают механически или электронно, в любом случае закрывшиеся мишени можно восстановить со стороны стрельбища с помощью натяжения каната или электронного импульса.

DESCRIPTION OF COMPETITION FACILITIES
WETTKÄMPFERKLASSEN CLASSES OF COMPETITORS

Athletes belonging to the IBU "Registered Testing Pool" (RTP) are obligated to submit detailed information about their whereabouts to the IBU, WADA and the respective National Anti-Doping Organization (NADO). This information has to be entered into the ADAMS system. As this is a web-based system, it can be used from anywhere in the world. Those athletes without internet access may designate a representative (athlete agent) to enter the information for them.

This function also helps the IBU to share whereabouts information with WADA and NADOs, crucial for maximizing the surprise effect and the efficiency of unannounced out-of-competition testing. Athletes can also modify their whereabouts by sending SMS messages within the time-limits set in the IBU Anti-Doping Rules.

Bei internationalen Veranstaltungen gibt es sechs Wettkämpferklassen: Männer, Frauen, Junioren und Juniorinnen sowie Jugend männlich und Jugend weiblich. Wettkämpfer und Wettkämpferinnen, die am Stichtag (31. Dezember) ihr 21. Lebensjahr vollendet haben, werden als Männer bzw. Frauen bezeichnet. Wettkämpfer und Wettkämpferinnen, die am Stichtag (31. Dezember) ihr 19. Lebensjahr vollendet haben, werden als Junioren bzw. Juniorinnen bezeichnet. Wettkämpfer und Wettkämpferinnen, die wie zuvor definiert, das Junioren- bzw. Juniorinnenalter noch nicht erreicht haben und am Stichtag (31. Dezember) mindestens 16 Jahre alt sind, werden als Jugend männlich bzw. Jugend weiblich bezeichnet. Männer und Frauen dürfen bei Junioren- und Jugendveranstaltungen nicht teilnehmen, jedoch ist es Junioren gestattet, in der Seniorenklasse zu starten, und Jugendlichen in der Junioren- und Seniorenklasse. Für die Klasse der Senioren, Junioren und Jugendlichen werden separate Veranstaltungen durchgeführt, einschließlich Weltmeisterschaften. Bei nationalen Veranstaltungen gibt es auch Schüler- und Masterklassen.

В международных соревнованиях существуют шесть классов спортсменов: мужчины, женщины, юниоры и юниорки, юноши и девушки. Спортсмены и спортсменки, которые на 31 декабря достигли 21 года жизни, считаются мужчинами и женщинами. Спортсмены и спортсменки, которые на 31 декабря достигли 19 лет, считаются юниорами и юниорками. Участники соревнований, не достигшие указанного выше возраста юниоров и юниорок, и которым по состоянию на 31 декабря уже исполнилось 16 лет, относятся соответственно к классу юношей и девушек. Мужчины и женщины не могут принимать участие в мероприятиях для юниоров и юношей, но юниорам разрешается стартовать с взрослыми, а юношам с юниорами и взрослыми. Для взрослых, юниоров и юношей проводятся отдельные мероприятия, включая Чемпионаты Мира. В национальных мероприятиях существуют также классы школьников и ветеранов.

03 IBU EVENT AND COMPETITION RULES

Adopted by the 1998 IBU Congress with amendments by the 2000, 2002, 2004, 2006, 2008, 2010, 2012, 2014 and 2016 Congresses

LIST OF TABLES

Table 1 Competition Specifications – Skiing and Shooting

1. GENERAL REGULATIONS

1.1 Application

These rules must be applied at all IBU events. At the Olympic Winter Games (OWG) these rules must be used accordingly, except when otherwise stipulated by the IOC. In other international events (as defined in the IBU Constitution) these rules will be applied unless changes, which have been authorized by the IBU, are specified in the invitation.

1.2 Classes of Competitors

The IBU competition season runs from 1 November to 31 October. Age classes for the entire IBU competition season are based on the competitor's age in the calendar year. IBU competitions are held in the following age classes: Men/Women, Junior and Youth

IBU AGE CLASS	ELIGIBLE ATHLETE YEAR OF BIRTH		
Season	Men/Women	Junior	Youth
01.11.16 – 31.10.17	1995 + older	1996 - 1997	1998 - 2001
01.11.17 – 31.10.18	1996 + older	1997 - 1998	1999 - 2002
01.11.18 – 31.10.19	1997 + older	1998 - 1999	2000 - 2003
01.11.19 – 31.10.20	1998 + older	1999 - 2000	2001 - 2004

1.2.1 Men and Women

Male and female competitors who have turned 21 at the cut-off-date 31 December will be classed as men and women respectively. From the season starting on 1 November of that same year onward, they may only start in men's or women's competitions, according to their gender.

1.2.2 Junior Men and Junior Women

Male and female competitors who have turned 19 at the cut-off-date of 31 December will be classed as junior men and junior women respectively. From the season starting on 1 November of that same year onward, they may only start in junior men's and junior women's competitions, according to their gender. Separate competitions will be organized for them. However, junior men will be permitted to participate in men's and junior women in women's competitions respectively, according to gender. Moreover, juniors may only participate in one Relay competition at the OECH.

1.2.3 Youth Men and Youth Women

Competitors who have not yet reached junior men's or junior women's age as defined above and are at least 16 at the cut-off-date of 31 December will be classed as youth men or youth women respectively, and separate competitions will be organized for them. Youth men will be permitted to take part in men's and junior men's competitions, and youth women will be permitted to take part in women's and junior women's competitions. However, at an event they may start in only one and the same class of competitor in the Individual, Sprint and Pursuit competition. Moreover, youth athletes may only participate in one Relay competition at the Y/JWCH.

(A list of the age groups for the classes of competitors is available for download on the IBU website www.biathlonword.com)

1.3 Types of Competitions

The following types of competitions are established for IBU events:

1.3.1 Men

a. 20 km Individual;
b. 10 km Sprint;
c. 12.5 km Pursuit;
d. 4 x 7.5 km Relay;
e. 15 km Mass Start;
f. 4 km Super Sprint Final / 2.4 km Super Sprint Qualification.

1.3.2 Women

a. 15 km Individual;
b. 7.5 km Sprint;
c. 10 km Pursuit;
d. 4 x 6 km Relay;
e. 12.5 km Mass Start;
f. 4 km Super Sprint Final / 2.4 km Super Sprint Qualification.

1.3.3 Men and Women/Mixed Relays

a. 2 x 6 km Women + 2 x 7.5 km Men
b. 6 km Women + 7.5 km Men

1.3.4 Junior Men

a. 15 km Individual;
b. 10 km Sprint;
c. 12.5 km Pursuit;
d. 4 x 7.5 km Relay;
e. 12.5 km Mass Start;
f. 4 km Super Sprint Final / 2.4 km Super Sprint Qualification.

1.3.5 Junior Women

a. 12.5 km Individual;
b. 7.5 km Sprint;
c. 10 km Pursuit;
d. 3 x 6 km Relay;
e. 10 km Mass Start;
f. 4 km Super Sprint Final / 2.4 km Super Sprint Qualification.

1.3.6 Junior Men/Junior Women/Mixed Relays

a. 2 x 6 km Junior Women + 2 x 7.5 km Junior Men
b. 6 km Junior Women + 7.5 km Junior Men

1.3.7 Youth Men

a. 12.5 km Individual (penalty 45 sec);
b. 7.5 km Sprint;
c. 10 km Pursuit;
d. 3 x 7.5 km Relay;
e. 10 km Mass Start
f. 4 km Super Sprint Final / 2.4 km Super Sprint Qualification.

1.3.8 Youth Women

a. 10 km Individual (penalty 45 sec);
b. 6 km Sprint;
c. 7.5 km Pursuit;
d. 3 x 6 km Relay;
e. 7.5 km Mass Start
f. 4 km Super Sprint Final / 2.4 km Super Sprint Qualification.

1.3.9 Youth Men/Youth Women/Mixed Relays

a. 2 x 6 km Youth Women + 2 x 7.5 km Youth Men
b. 6 km Youth Women + 7.5 km Youth Men

1.3.10 Competition Specifications

The following Table 1 and the appended notes set out the skiing and shooting specifications of classes of IBU competitors and types of competitions, and apply to all IBU events. The competition jury may, in exceptional course conditions, adjust the distance between shooting bouts and course specifications in order to secure the conduct of the competition.

Column 1: Class of Competitor: according to these Rules. **Column 2:** Course Length and Type of Competition: according to these Rules. C**olumn 3:** Start Types and Intervals: the method by which the start is made and the interval between the starts of two consecutive competitors. **Column 4:** Number of Ski Loops: course rounds to be skied by the competitor. **Column 5:** Shooting Bouts and Shot Penalties: the number of shooting bouts the competitor must do and the shooting position to be used in the bout (P = Prone, S = Standing), the number of rounds the competitor must fire in each bout, and the automatic shot-penalty -1 minute of added time or a 150 m penalty loop - imposed on a competitor for each target left standing after all rounds for the bout have been fired. **Column 6:** Distance Between and Location of Shooting Bouts: the minimum distance between successive shooting bouts in the competition and the ski distances after which shooting must occur. **Column 7:** Total Climb (tc): the total vertical ascent in the competition (the sum of all the ascents) for each competitor.

Notes to Table 1 *Height Difference (hd): the maximum permitted difference in altitude between the highest and lowest points on the competition course is 80 m for all competitions. Maximum climb (mc): the maximum permitted height difference of an ascent, without either a flat part or a descent of at least 200 m in length, is 50 m for all competitions. Maximum grade (mg): the maximum grade of all climbs on the course must not exceed 25 percent.*

1. Class of Competitors	2. Course Length and Competition Type	3. Standard Start Types and Intervals	4. Ski Loops
MEN	20 km **INDIVIDUAL**	Single, 30 sec, 1 minute	5
	10 km **SPRINT**	Single, 30 sec, 1 minute	3
	12.5 km **PURSUIT**	Pursuit	5
	15 km **MASS START**	Simultaneous	5
	4 x 7.5 km **RELAY**	Simultaneous and Tag	3
	2.4 km **SUPER SPRINT** QUALIFICATION	Single , 15 sec	3
	4 km **SUPER SPRINT** FINAL	Simultaneous	5
WOMEN MEN	2 x 6 km (W) / 2 x 7.5 km (M) **MIXED RELAY**	Simultaneous and Tag, W, W, M, M	3
	6 km (W) / 7.5 km (M) **SINGLE MIXED RELAY**	Simultaneous and Tag, W, M	W - 4 M - 5
WOMEN	15 km **INDIVIDUAL**	Single, 30 sec, 1 minute	5
	7.5 km **SPRINT**	Single, 30 sec, 1 minute	3
	10 km **PURSUIT**	Pursuit	5
	12.5 km **MASS START**	Simultaneous	5
	4 x 6 km **RELAY**	Simultaneous and Tag	3
	2.4 km **SUPER SPRINT** QUALIFICATION	Single , 15 sec	3
	4 km **SUPER SPRINT** FINAL	Simultaneous	5
JUNIOR MEN	15 km **INDIVIDUAL**	Single, 30 sec, 1 minute	5
	10 km **SPRINT**	Single, 30 sec, 1 minute	3
	12.5 km **PURSUIT**	Pursuit	5
	12.5 km **MASS START**	Simultaneous	5
	4 x 7.5 km **RELAY**	Simultaneous and Tag	3
	2.4 km **SUPER SPRINT** QUALIFICATION	Single , 15 sec	3
	4 km **SUPER SPRINT** FINAL	Simultaneous	5
JUNIOR WOMEN MEN	2 x 6 km (W) / 2 x 7.5 km (M) **MIXED RELAY**	Simultaneous and Tag, W, W, M, M	3

5. Shooting Bouts and Shot Penalty 5 Rounds per Bout except Relay	6. Distance between and Location of Shooting Bouts	7. Total Climb
P, S, P, S - 1 minute	4 km - 4 / 8 / 12 / 16 km	600 - 800 m
P, S - 150 m	3.3 km - 3.3 and 6.6 km	300 - 450 m
P, P, S, S - 150 m	2.5 km - 2.5 / 5 / 7.5 / 10 km	350 - 500 m
P, P, S, S - 150 m	3 km - 3 / 6 / 9 / 12 km	400 - 600 m
P, S (each) + 3 Spare Rounds per Bout - 150 m	2.5 km - 2.5 and 5 km	200 - 300 m
P, S (each) + 3 Spare Rounds per Bout - Penalty = Disqualification	800 m - 800 m and 1.6 km	45 - 75 m
P, P, S, S, (each) + 3 Spare Rounds per Bout - Penalty = Disqualification	800 m - 800 m / 1.6 km / 2.4 km / 3.2 km	75 - 125 m
P, S (each) + 3 Spare Rounds per Bout - 150 m	2 km - 2 and 4 km 2.5 km - 2.5 and 5 km	150 - 250 m 200 - 300 m
P,S (each athlete twice) + 3 rounds per bout - 75m	1.5 km - 1.5 and 3 km (each athlete twice)	100 - 240 m 125 - 300 m
P, S, P, S - 1 minute	3 km - 3 / 6 / 9 / 12 km	400 - 600 m
P, S - 150 m	2.5 km - 2.5 and 5 km	200 - 300 m
P, P, S, S - 150 m	2 km - 2 / 4 / 6 / 8 km	200 - 400 m
P, P, S, S - 150 m	2.5 km - 2.5 / 5 / 7.5 / 10 km	350 - 500 m
P, S (each) + 3 Spare Rounds per Bout - 150 m	2 km - 2 and 4 km	150 - 250 m
P, S (each) + 3 Spare Rounds per Bout - Penalty = Disqualification	800 m - 800 m and 1.6 km	45 - 75 m
P, P, S, S, (each) + 3 Spare Rounds per Bout - Penalty = Disqualification	800 m - 800 m / 1.6 km / 2.4 km / 3.2 km	75 - 125 m
P, S, P, S - 1 minute	3 km - 3 / 6 / 9 / 12 km	400 - 600 m
P, S - 150 m	3.3 km - 3,3 and 6.6 km	300 - 450 m
P, P, S, S - 150 m	2.5 km - 2.5 / 5 / 7.5 / 10 km	350 - 500 m
P, P, S, S - 150 m	2.5 km - 2.5 / 5 / 7.5 / 10 km	350 - 500 m
P, S (each) + 3 Spare Rounds per Bout - 150 m	2.5 km - 2.5 and 5 km	200 - 300 m
P, S (each) + 3 Spare Rounds per Bout - Penalty = Disqualification	800 m - 800 m and 1.6 km	45 - 75 m
P, P, S, S, (each) + 3 Spare Rounds per Bout - Penalty = Disqualification	800 m - 800 m / 1.6 km / 2.4 km / 3.2 km	75 - 125 m
P, S (each) + 3 Spare Rounds per Bout - 150 m	2 km - 2 and 4 km 2.5 km - 2.5 and 5 km	150 - 250 m 200 - 300 m

1. Class of Competitors	2. Course Length and Competition Type	3. Standard Start Types and Intervals	4. Ski Loops
JUNIOR WOMEN MEN	6 km (W) / 7.5 km (M) **SINGLE MIXED RELAY**	Simultaneous and Tag, W, M	W - 4 M - 5
JUNIOR WOMEN	12.5 km **INDIVIDUAL**	Single, 30 sec, 1 minute	5
	7.5 km **SPRINT**	Single, 30 sec, 1 minute	3
	10 km **PURSUIT**	Pursuit	5
	10 km **MASS START**	Simultaneous	5
	3 x 6 km **RELAY**	Simultaneous and Tag	3
	2.4 km **SUPER SPRINT** QUALIFICATION	Single , 15 sec	3
	4 km **SUPER SPRINT** FINAL	Simultaneous	5
YOUTH MEN	12.5 km **INDIVIDUAL**	Single, 30 sec, 1 minute	5
	7.5 km **SPRINT**	Single, 30 sec, 1 minute	3
	10 km **PURSUIT**	Pursuit	5
	10 km **MASS START**	Simultaneous	5
	3 x 7.5 km **RELAY**	Simultaneous and Tag	3
	2.4 km **SUPER SPRINT** QUALIFICATION	Single , 15 sec	3
	4 km **SUPER SPRINT** FINAL	Simultaneous	5
YOUTH WOMEN MEN	2 x 6 km (W) / 2 x 7.5 km (M) **MIXED RELAY**	Simultaneous and Tag, W, W, M, M	3
	6 km (W) / 7.5 km (M) **SINGLE MIXED RELAY**	Simultaneous and Tag, W, M	W - 4 M - 5

	6 km **SPRINT**	Single, 30 sec, 1 minute	3
	7.5 km **PURSUIT**	Pursuit	5
	7.5 km **MASS START**	Simultaneous	5
	3 x 6 km **RELAY**	Simultaneous and Tag	3
	2.4 km **SUPER SPRINT** QUALIFICATION	Single , 15 sec	3
	4 km **SUPER SPRINT** FINAL	Simultaneous	5

5. Shooting Bouts and Shot Penalty 5 Rounds per Bout except Relay	6. Distance between and Location of Shooting Bouts	7. Total Climb
P,S (each athlete twice) + 3 rounds per bout - 75m	1.5 km - 1.5 and 3 km (each athlete twice)	100 - 240 m 125 - 300 m
P, S, P, S - 1 minute	2.5 km - 2.5 / 5 / 7.5 / 10 km	350 - 500 m
P, S - 150 m	2.5 km - 2.5 and 5 km	200 - 300 m
P, P, S, S - 150 m	2 km - 2 / 4 / 6 / 8 km	200 - 400 m
P, P, S, S - 150 m	2 km - 2 / 4 / 6 / 8 km	200 - 400 m
P, S (each) + 3 Spare Rounds per Bout - 150 m	2 km - 2 and 4 km	150 - 250 m
P, S (each) + 3 Spare Rounds per Bout - Penalty = Disqualification	800 m - 800 m and 1.6 km	45 - 75 m
P, P, S, S, (each) + 3 Spare Rounds per Bout - Penalty = Disqualification	800 m - 800 m / 1.6 km / 2.4 km / 3.2 km	75 - 125 m
P, S, P, S - 45 sec	2.5 km - 2.5 / 5 / 7.5 / 10 km	350 - 500 m
P, S - 150 m	2.5 km - 2.5 and 5 km	200 - 300 m
P, P, S, S - 150 m	2 km - 2 / 4 / 6 / 8 km	200 - 400 m
P, P, S, S - 150 m	2 km - 2 / 4 / 6 / 8 km	200 - 400 m
P, S (each) + 3 Spare Rounds per Bout - 150 m	2.5 km - 2.5 and 5 km	200 - 300 m
P, S (each) + 3 Spare Rounds per Bout - Penalty = Disqualification	800 m - 800 m and 1.6 km	45 - 75 m
P, P, S, S, (each) + 3 Spare Rounds per Bout - Penalty = Disqualification	800 m - 800 m / 1.6 km / 2.4 km / 3.2 km	75 - 125 m
P,S (each) + 3 Spare Rounds per Bout - 150 m	2 km - 2 and 4 km 2.5 km - 2.5 and 5 km	150 - 250 m 200 - 300 m
P,S (each athlete twice) + 3 rounds per bout - 75m	1.5 km - 1.5 and 3 km (each athlete twice)	100 - 240 m 125 - 300 m
P, S, P, S - 45 sec	2 km - 2 / 4 / 6 / 8 km	200 - 350 m
P, S - 150 m	2 km - 2 and 4 km	150 - 250 m
P, P, S, S - 150 m	1.5 km - 1.5 / 3 / 4.5 / 6 km	125 - 300 m
P, P, S, S - 150 m	1.5 km - 1.5 / 3 / 4.5 / 6 km	125 - 300 m
P, S (each) + 3 Spare Rounds per Bout - 150 m	2 km - 2 and 4 km	150 - 250 m
P, S (each) + 3 Spare Rounds per Bout - Penalty = Disqualification	800 m - 800 m and 1.6 km	45 - 75 m
P, P, S, S, (each) + 3 Spare Rounds per Bout - Penalty = Disqualification	800 m - 800 m / 1.6 km / 2.4 km / 3.2 km	75 - 125 m

1.3.11 Specifications for Single Mixed Relay and Super Sprint

a. Each team competing in the single mixed relay is comprised of one woman and one man. The woman starts, and after shooting both prone and standing, tags off to the man in a hand-over area located just after the penalty loop. The male competitor then shoots both prone and standing and tags off to the same woman again. Each competitor on the team completes four bouts of shooting and the associated ski loops. After the final bout of shooting by the male competitor, he skis the 1.5 km course and goes to the finish. Lapped competitors must move to the side and stop competing in the competition immediately when they are overtaken by the leading competitor. The penalty loop for this competition is 75 m in length. All other rules and procedures for relays apply to the single mixed relay.

b. Super Sprints consist of a qualification and a final competition, which take place on the same day.

1.3.12 Modifications and Other Types of Competitions

The IBU reserves the right to modify existing competitions and to introduce new types of competitions into IBU events.

1.3.13 Event Programs

The schedule, sequence and types of IBU competitions at events will be set by the IBU Executive Board (EB), on the recommendation of the Technical Committee (TC).

1.3.14 Annual Schedule of Events

IBU events will be held annually as stated in the event rules or as directed by the EB. The yearly schedules will be published by the IBU. Dates for the events will be published starting from the day of arrival until the last competition day.

1.4 Eligibility Rules for Competitors and Team Staff

1.4.1 General

Only such competitors and team staff who comply with the following IBU regulations will be eligible to take part in biathlon events and competitions organized by an IBU member federation. In order to be eligible to participate in an IBU event, biathletes and team staff must sign the IBU Declaration of Obligations, the Court of Arbitration Declaration and the Declaration to Fight Doping in Sport, signifying agreement to abide by and follow all IBU rules and policies. Competitors and team staff members must sign these declarations prior to taking part in their first IBU competition and must include a copy of their passport with their signed declaration.

Each signed declaration will remain in effect until terminated by either party.

1.4.2 Responsibility of Competitors and Team Staff

Competitors and team staff may only participate in an IBU event or competition with materials, equipment, clothing and advertising that are in compliance with the pertinent IBU rules, including the IBU Rules for

Advertising. It is the competitors' and team staff's responsibility to ensure that all rules regarding material and advertising are followed and that they undergo materials, equipment and clothing inspections before the start and after the finish. All competitors participating in IBU competitions are requested to certify their nationality, age and gender with their national passport or official photo identification document.

1.4.3 Qualification Criteria

1.4.3.1 Olympic Winter Games

To gain the right to participate in OWG events, a competitor must have 180 IBU qualifying points or less at the end of the last trimester before the OWG, or fulfil one of the following criteria during the current or previous season:

a. Compete in two competitions earning 150 IBU qualifying points or less at IBU Cup, OECH, WCH and/or WC in the Sprint or Individual, or

b. Two finishes in the top half at the JWCH (not Youth), or

c. One result from each of the criteria a. and b. above.

All members of Relay teams must also have met this individual qualification requirement.

1.4.3.2 World Championships

To gain the right to participate in WCH events, a competitor must have 180 IBU qualifying points or less at the end of the last trimester before the WCH, or fulfill one of the following criteria during the current or previous season:

a. Compete in at least one competition earning 150 IBU qualifying points or less at an IBU Cup, OECH, WC or OWG in the Sprint or Individual, or

b. One finish in the top half at the JWCH (not Youth).

All members of Relay teams must also have met this individual qualification requirement.

1.4.3.3 World Cup

The World Cup season consists of three trimesters generally made up of three WC events each, usually WC 1-3, WC 4-6 and WC 7-9. To gain the right to participate in WC events, a competitor must have 150 IBU qualifying points or less at the end of the last trimester, or fulfill one of the following criteria:

a. Compete in at least one competition earning 125 IBU qualifying points or less at an IBU Cup, OECH, WCH or OWG in the Sprint or Individual during the current or preceding trimester; or

b. One finish in the top half at the most recent JWCH (not Youth).

All members of Relay teams must also have met this individual qualification requirement.

To retain the right to participate in the next WC trimester in which a competitor chooses to start, the competitor must maintain 150 IBU qualifying points or less in the current trimester.

1.4.3.4 IBU Qualifying Point Calculations

IBU qualifying points are calculated for each competitor's result in Sprint and Individual competitions at IBU Cup, OECH, WC, WCH and OWG using the following formula:

IBU Qualifying Points = ((athlete's time/winner's time)-1) x Race Factor) + Race Penalty

Definitions: Race Factor: for Sprint and Individual competitions 800

Race Penalty: the sum of the points of the three highest ranked athletes in the top 10 divided by 3.75

The race penalty for all WC, WCH and OWG competitions is zero (0).

1.4.3.5 IBU Qualifying Points List

After each trimester, or at other times as scheduled and announced annually by the IBU EB, the IBU qualifying points list will be updated by taking the average of each competitor's best results from the previous three trimesters according to the following rules:

COMPETITIONS SCORED IN LAST 3 TRIMESTERS	CALCULATION FOR POINTS LIST
3 or more	Average of the best 3
2	Average 2 x 1.10
1	Points earned x 1.2
Removal from list	After 5 trimesters with no points scored

1.4.3.6 Safety at all IBU Events

Athletes who start for the first time at an IBU event must prove that they can safely handle the sports equipment. The RD and/or competition jury may stop individuals from starting or remove them from competition if the competition jury/RD have reason to suspect they cannot safely handle the sports equipment.

1.4.4 Force Majeure/Extraordinary Circumstances

Competitors who are hindered in achieving WC qualification at the WC level due to force majeure and/or extraordinary circumstances may submit a petition to the RD for consideration by the competition jury at that event. A special committee consisting of three members, VP Sport, Race Director and the chairman of the Technical Committee, will determine if the competitor's qualification is to remain valid for the next trimester in which the competitor starts.

1.5 Registration and Entry

1.5.1 Notice of Intent to Participate at IBU Events

There are two separate forms of notification which must be given: registration and entry.

1.5.1.1 Registration, Replacements and Accommodation Reservations

Registration is the early notification of intent to participate. The numbers of competitors and team staff members that may be registered for an event are detailed in the event-specific rules. Registration for events must be done as follows:

a. WCH and Y/JWCH

At the WCH and Y/JWCH, the estimated number of competitors and team staff (registration by number) must be received by the OC two months before the official arrival day for the WCH or Y/JWCH. At least 14 days before the official arrival day of the WCH or Y/JWCH, a list of the names and gender of the intended participants (registration by name) must be received from each NF by the OC. Registered participants may only be replaced before the first team captains' meeting. If the team arrives after the first team captains' meeting, replacements must be announced to the OC, and will become binding, on the arrival day.

b. WC Events

At WC events, the estimated number of biathletes and team staff (registration by number) must be received by the OC one month before the official arrival day for the WC. A list of the names and gender of the intended participants (registration by name) must be received by the OC at least 14 days before the official arrival day of the WC. Replacements and changes to WC registrations may only be made before the first team captains' meeting. If the team arrives after the first team captains' meeting, replacements must be announced to the OC and will become binding on the arrival day.

Athletes who have qualified in the IBU Cup for the WC may only be entered in the WC of the following week or later. Relay competitions are exempt from this rule.

c. OWG

Registration for the OWG must be in compliance with IOC instructions.

d. Other Events

Registration for all other IBU events must be completed at least one month before official arrival day for registration by number, and at least 14 days before official arrival day for registration by name. Replacements and changes to registrations may only be made before the first team captains' meeting. If the team arrives after the first team captains' meeting, replacements must be announced to the OC and will become binding on the arrival day.

e. NFs not registered in time

NFs that have not registered their team by number and by name by the official deadline may participate if the OC accepts the registration and if it is approved by the RD or – in his absence – the TD.

f. Accommodation reservation

Preliminary accommodation reservations must be submitted to the OC two months before the official arrival day of the WCH/YJWCH, and for all other IBU competitions one month before. Final accommodation reservation must be submitted 14 days before the official arrival day and are then financially binding.

g. Registration of Team Staff

NFs are allowed to register team staff per gender according to the following table:

NUMBER OF REGISTERED ATHLETES	TEAM STAFF QUOTA
1	4
2	5
3	6
4	7
5	8
6	9
7 or more	10

1.5.1.2 All athletes competing in IBU events must possess both sufficient liability insurance, and sufficient accident insurance covering accident, recovery and transport costs - including competition-related risks - to an adequate extent. In addition the NF confirms that its athletes are medically fit to compete at the time of submitting their registration.

All coaches, team staff and officials registered and/or deployed by a national federation to an IBU event must possess both sufficient liability insurance, and sufficient accident insurance covering accident, recovery and transport costs to an adequate extent.

National federations are responsible for ensuring that their athletes, coaches, team staff and officials registered and deployed by them have the appropriate insurance coverage.

National federations and/or their athletes must be able to furnish proof of the respective insurance coverage at any time upon the request of the IBU, of the IBU's representatives and/or of the organizing committee concerned.

1.5.2 Entry

a. Entry is the notification of an athlete or team being entered to start in a specific competition, and must be submitted in writing by the stated deadline (normally, at least two hours before the draw) for the Individual, Sprint and Super Sprint Qualification competitions at all IBU events. By making an entry, the NF confirms that the competitor will be present and ready to start the competition.

b. At all IBU events, teams must be entered in Relay and Mixed Relay competitions not later than two hours before the team captains' meeting for the competition or the draw, if one takes place. Names of Relay competitors must be submitted in start order by 16:00 hours on the day before the relay. In extraordinary circumstances or if competitions are held in the evening, the deadline for entering competitors will be determined by the RD/TD.

c. Entries in the Pursuit competition are not required, as all competitors who qualify for the Pursuit in the qualifying competition are assumed to be entered. Names of qualified athletes who will not be starting in the Pursuit competition must be reported to the competition office as soon as possible and at the latest by the start of the zeroing.

d. Entries for the Mass Start competition are not required, as qualification is based on current WC total score standings, and at WCH/OWG on previous competitions. Names of athletes qualified for the Mass Start competition must be confirmed by a signed, written form presented to the competition office as soon as possible and at least two hours before the start. The numbers of competitors that may be entered in a competition are stated in the event rules.

e. Entries in the Super Sprint (qualification and final) competition will be based on the information presented in the event invitation. The IBU will define the system of qualification in cooperation with the OC.

f. The OC must provide a current weather forecast 30 minutes before the entry deadline so that the teams have the latest information for preparing their entries.

1.5.3 Registration Procedures

As stated in the invitation, registration must be sent in writing, by post, fax, email or via the online registration system, to the address indicated in the invitation before the deadline. For all IBU events, registration must be performed by the NF. For the OWG, IOC regulations apply.

1.5.4 Late Entries

a. The Race Director (RD)/Technical Delegate (TD) may approve a late entry due to extraordinary circumstances before the draw.

b. The competition jury may approve a late entry after the draw due to force majeure. The competition jury will decide what position(s) the late competitor(s) will start in. A separate draw may be used for this purpose.

1.5.5 Replacement of Entry - Force Majeure

If an entered competitor cannot start due to force majeure, another registered competitor may take his place, but not later than 30 minutes before the competition start time of the Individual, Sprint and Relay competitions.

1.5.6 Replacement of Registered Athletes

The competition jury may allow a team to replace up to two competitors with up to two non-registered competitors such that the team may compete in Relay competitions.

1.6 Draw and Assignment of Start Numbers

1.6.1 General

Competitors or teams will be randomly selected from the entries for the competition, by manual or computer draw, and will be assigned their start numbers based on that draw unless there are other rules applying to that competition.

1.6.1.1 The method of the draw must be approved by the RD /TD.

1.6.2 Time of Draws

The draw for any competition must not be held earlier than 24 hours before the start of the competition. However, in events at which a draw is required for the Mass Start or Relay competitions, the draw for the Mass Start and Relay competitions may be held at the team captains' meeting

for the competition which will precede the respective Mass Start or Relay competition in the event program. If the competition jury decides to repeat a competition or to postpone a competition, they will also decide whether a new draw must be made.

1.6.3 Place of Draws

Draws should be held during, and at the location of, the team captains' meetings, and should be visible to all team captains; however, the RD /TD may approve for a draw to be held outside of the team captains' meeting, if it is necessary due to event circumstances. Such outside draws must be supervised by the TD and at least two competition jury members.

1.6.3.1 Normal Assignment of Competitors into Draw Groups

When submitting their entries, team captains must assign one competitor to each of the draw groups. If a team consists of fewer competitors than the number of draw groups, the team captains will decide which groups they will place their competitors in (one in each group chosen). If a team consists of more competitors than the number of draw groups, the extra competitors will be added to the draw groups at the team captain's discretion, one to each group, repeating this procedure until all the team's competitors have been placed.

1.6.4 Normal Draw for Individual and Sprint Competitions

Generally, there are four start groups at all IBU competitions. The starting order will be decided by randomly drawing the names of competitors from the draw groups into which they have been assigned by their team captains and by randomly drawing the start number for each competitor. The draw will be held separately for each group in this sequence: group 1, group 2, group 3, and group 4. If the draw in the Individual or Sprint competition is expected to have 60 or less competitors, the draw will be done in three groups. If there are 40 or less, the draw will be done in two groups following the same principle as for the four draw groups.

1.6.4.1 Start Group System for WC, WCH, OWG, IBU Cup and OECH:

a. At a WC, competitors must be entered in draw groups as described in 1.6.3.1 above. The top-15 ranked competitors from the current WC total score may be placed in any draw group. However, a NF may not place more than three competitors in any one of the four draw groups.

   Additionally, unranked competitors and/or those ranked outside the maximum of top 80 in the current World Cup total score may only be entered in draw groups 3 and 4. For the first World Cup event of the season, the World Cup total score from the previous season will apply. For the remaining World Cup events, the current World Cup total score will apply. In the event that a top-80 ranked competitor from the last year's WC total score does not participate in the first WC, that competitor will have the option of being drawn in groups 1 or 2 in WC 2. In the case of extraordinary conditions, the competition jury may suspend the requirement for unranked competitors and competitors ranked outside the maximum of top 80 to start in groups 3 and 4. This decision must be announced at least two (2) hours prior to the entry deadline for the respective competition.

b. At the OWG and WCH, competitors must be entered in draw groups as described in 1.6.3.1 above. The top-15 ranked competitors from the current WC total score may be placed in any draw group. However, a NF may not place more than three (3) competitors in any one of the four draw groups, including the current world champion/ Olympic champion. Additionally, unranked competitors and/or those ranked outside the maximum of top 80 in the current World Cup total score may only be entered in draw groups 2, 3 and 4. In the case of extraordinary conditions, the competition jury may suspend the requirement for unranked competitors and competitors ranked outside the maximum of top 80 to start in groups 2, 3 and 4. This decision must be announced at least two (2) hours prior to the entry deadline for the respective competition.

c. At the OECH and IBU Cup, competitors must be entered in draw groups as described in 1.6.3.1 above. The top-15 ranked competitors from the current IBU Cup total score may be placed in any draw group. However, a NF may not place more than three competitors in any one of the four draw groups.

1.6.4.2 Draw for Group Starts in Sprint and Individual Competitions

At international events other than the OWG, WCH, Y/JWCH, WC, OECH, and IBU Cup, competitors in Sprint and Individual competitions may start individually or in groups. If the start is held in groups, the draw groups will be divided into start groups. The number of competitors in the start groups will depend on the conditions at the competition venue and on the total number of competitors. Otherwise the draw will be the same as for single starts. For a group start, the numbers drawn will determine the competitors' positions at the start.

1.6.4.3 Assignment of Start Numbers and Start Times in the Pursuit Competition

No draw will be conducted for the Pursuit competition. Competitors will be assigned start numbers and times based on the results of the qualifying competition, which may be an Individual, Sprint or Mass Start competition as stated in the invitation. Competitors in the Pursuit will start in the same order in which they finished the qualifying competition: the winner of the qualifying competition will start first with start number 1; the athlete placed second in the qualifying competition will start second with start number 2, and so on. Start positions will be numbered from right to left, facing the direction of the start. The winner of the qualifying competition will have a start time of zero (0) which will be shown on the start list as the clock time for the start of the Pursuit competition. The remaining competitors in the Pursuit competition will have as their start time the actual time by which they were behind the winner in the Sprint or Mass Start competition or – in the Individual – one half of the time behind the winner, expressed in time behind to the nearest full second. Start lists will be produced based on the foregoing results, and must show which start lane has been assigned to each competitor. If there is a tie for 60th place in the qualifying competition, both of the tied competitors will be allowed to start in the Pursuit.

In all IBU events' pursuit competitions, all competitors whose start times are more than four minutes after the leader's start time will be

started simultaneously four minutes after the first start, but their actual competition times will show their times calculated from their actual start times in the qualifying competition.

1.6.4.4 Assignment of Start Numbers and Start Positions Mass Start Competition

A provisional start list will be made within two hours after the last qualifying competition. The start list will be finalized two hours before the start, by which time team captains must have confirmed their starters. Start numbers at WCH and WC events will be assigned according to the applicable event rules. At all other events, if no appropriate ranking list is in force, a single random draw will be used to assign the start numbers for all competitors. There may not be more competitors than the number of targets available. Each competitor's start number will designate their start position in that competition. Start positions will be numbered from right to left, facing the direction of the start.

1.6.5 Assignment of Start Numbers for Relay Competitions

1.6.5.1 Method of Assigning Relay/Mixed Relay/Single Mixed Relay Start Numbers

At OWG, WCH and WC events, no draw will be made for the Relay/ Mixed Relay/Single Mixed Relay, and start numbers will be assigned based on the current standings in the WC Relay score, or the sum of the current season's Mixed Relay scores for the Mixed Relay, or the sum of the current season's Single Mixed Relay scores for the Single Mixed Relay – with the top ranking team receiving number 1, the second number 2, and so on. If a team or number is missing, all teams below it will move upward in number. In the first WC Relay, Mixed Relay or Single Mixed Relay of the season, the previous year's respective final Relay standings will be used to set the start numbers. At Y/JWCH and OECH, the previous year's Y/JWCH or OECH Relay/Mixed Relay/Single Mixed Relay results ranking will be used to set the start numbers in the same manner as above. A single random draw will be used for all unranked NFs, and for CC events. The assigned Relay start number will also be each team's start position in the simultaneous start, and their shooting lane number on the range (for the first bout of shooting only). Specific rules for the Relay/ Mixed Relay/Single Mixed Relay apply at the IBU Cup.

1.6.5.2 Competitors' Relay Start Positions

Start positions are numbered from right to left, facing the direction of the start. Number 1 is the position furthest to the right and the highest number of the front row is the position furthest to the left. The lowest number in the second row is placed behind number 1 and the next consecutive number behind number 2, and so on.

1.6.5.3 Extra Relay Teams

Extra relay teams will not be permitted at OWG, WCH, Y/JWCH WC, IBU Cup and OECH competitions. At other events, extra relay teams will be permitted; however, they must start in rows behind the official teams and will not be awarded official prizes. Extra teams may consist of members from more than one NF.

1.7 Team Captains' Meeting

1.7.1 General

At each biathlon event, meetings must be held for the team captains to elect the juries, conduct draws and to pass on information about the event and the competitions. The first meeting must be held at the latest on the day before the first day of official training in order to elect the jury of appeal and the competition jury. In regard to further meetings at the event, the dates and times will be dictated by the time required to conduct the draws. The Competition Chief will chair the meetings.

1.7.2 Attendance at Team Captains' Meetings

The following persons will, if at all possible, attend the team captains' meetings:

- the official IBU EB representative;
- the RD, TD(s) and IRs;
- competition and appeal jury members;
- at least one representative from each participating team;
- the Competition Chief;
- the Chiefs of Range, Course, Timing and Results, Stadium, Logistics, and the Competition Secretary or their representatives;
- the necessary meeting support staff and interpreters, if required.

1.7.3 Team Captains Meeting Agenda

The agenda for a team captains' meeting must include the following items, as appropriate:

- Call to order;
- Roll call of countries (or teams);
- Election of the jury of appeal and competition juries (first meeting);
- Draw(s);
- Technical briefing for the next competition(s);
- RD, and/or TD's comments;
- Weather forecast;
- Miscellaneous;
- Adjournment.

1.7.4 Start lists for the Individual and Sprint competitions should be issued to the teams at the end of the meeting. Start numbers may be given after the meeting or in the competition office.

1.8 Rules for Non-Competing Persons

1.8.1 General

Unfair assistance or assistance not allowed by these rules to competitors during a competition is prohibited.

1.8.2 Specific Rules

1.8.2.1 On the Shooting Range

It is forbidden for any person to give competitors any acoustic or visual information or advice, or to pass on any information to competitors by way of radio or any other communication method on the range including 10 m to the left and right of the range. The forbidden area at the shooting range will be marked by clearly visible markings, including 10 m from the left and right shooting lanes. It is forbidden to pass any information from the shooting butts to the coaches and/or competitors during zeroing and/or the competition. These bans do not apply to the general expressions of applause or disappointment by the spectators.

1.8.2.2 On the Course

Non-competing persons are permitted to run for up to 50 m beside competitors to give them competition information or to offer them beverages. Touching competitors in such a way as to assist their propulsion or to obstruct competitors is forbidden. Assistance to competitors to change the glide performance of their skis is prohibited during the competition. The stadium area will be marked, and within this area, running beside competitors is forbidden. Additional no-coaching zones may be established on the course by the RD responsible for the event.

1.8.3 Event Behavior

Spectators and other persons must be clearly informed of these rules by the official announcer before the beginning of the competition and warned that a violation of these rules, or any behavior that disrupts the event, may lead to spectators and other persons being removed from the venue by the Organizing Committee.

2. ORGANIZATION BODIES AND APPOINTMENTS

2.1 General

The following organizations and persons are established, elected or appointed to organize, conduct and control biathlon events and competitions:

- Organizing committee;
- Jury of appeal (OWG, WCH, WC, OECH, YJWCH);
- Women's and men's competition juries;
- RD/ TD(s) and IRs;
- IBU EB representative (if applicable);
- IBU medical delegate (if applicable).

2.2 The Organizing Committee

The right to host an event or competition is awarded to NFs as host of the event. The NF must establish an organizing committee (OC) to organize and conduct the event or competition by these rules and the applicable event rules, and it will follow the directives provided in the OC Guidelines about all aspects of hosting an event. In order to be eligible to host an

IBU event or competition, NFs must present a site holding a valid IBU site license for the facility for the appropriate event.

2.2.1 Information Bulletins and Invitations

The OC of an IBU event must send the information bulletins and/or the invitation for the event to all IBU NFs by the deadlines stipulated in the event rules, by post, fax, in electronic form by e-mail and/or by placement on a website with notification by e-mail.

The contents of invitations and bulletins are stipulated in the OC Guidelines. Information bulletins and invitations must be approved by the RD /TD.

2.2.2 Medical Services

The organizing committee must appoint an on-venue doctor who will be primarily responsible for the medical care for athletes, coaches, team staff and national federations' officials. Moreover, the on-venue doctor must inform attending team physicians about the local situation and local medical care concept.

The on-venue doctor must confirm, in coordination with the ambulance service and the IBU Race Director and/or Technical Delegate, that the necessary emergency medical equipment & facilities are in place, ready for use, before the training/competition starts.

2.2.3 Insurances

The OC must conclude liability insurance covering both the committee itself and all the OC members. The IBU will in turn provide its employees and the officials (TDs, IBU Referees etc.) it deploys with liability insurance covering the duration of their deployments working for the IBU.

The organizing committee must be in possession of a statement of coverage issued by a recognized insurance company no later than the day before the official arrival day. The statement must be able to be shown to the TD upon request. The insurance must cover sums of at least EUR 5 million.

2.3 The Competition Jury

2.3.1 General

A competition jury will be established at all biathlon events to act as the authority on all matters related to the event that are not specifically designated to be under the jurisdiction of other IBU organs. The competition jury will be established and operate in accordance with these rules. Generally, a separate competition jury will be established at men's and women's competitions. However, the TD may also form a joint competition jury (e.g. youth men and youth women; youth and junior men, youth and junior women) as needed. The competition jury will decide on issues concerning the event, the competitions and related arrangements, and set conditions to ensure fairness and correct procedures. The competition jury will impose penalties for rule violations reported by the RD/TDs, IRs, competition officials and competition jury members, as well as imposing penalties and disciplinary measures on its own. Additionally, the competition jury will award time adjustments and rule on competition situations not stipulated in these rules or other

authoritative IBU publications. The competition jury will also review and decide on all protests submitted to it. The procedures of the competition jury will be governed by the IBU Disciplinary Rules.

2.3.1.1 Time of Election

The competition juries to be established for an event must be elected before the first official training. The competition juries will remain competent throughout the event; however, changes of elected members may be made by election for pressing reasons.

2.3.1.2 Chair

The chairperson of the competition jury will be the TD.

2.3.2 Competition Jury Line-Up

At all IBU events except Continental Championships, Continental Cups, and Regional Cups the competition jury will consist of five members as follows:

a. the IBU TD as chairperson;
b. the Course Referee or one Referee assigned by the IBU;
c. the Competition Chief;
d. Two team officials elected by the team captains from two different NFs.

The RD will be present at all meetings but will not have the right to vote. At the OWG, the RD will serve as Asst. TD.

2.3.2.1 Only one person from one and the same NF or with the same nationality may be a member of a competition jury at the OWG and all IBU events except CCH and CC.

2.3.2.2 At other international competitions, the composition of the competition jury will be decided by the OC and the team captains of the participating federations.

2.3.3 Election of Competition Jury Members

Election of the competition juries will be conducted by the TD during the team captains' meeting. Candidates may be nominated by the TD or team captains. If there are the same numbers of candidates as open competition jury positions, no vote will be necessary and the candidates will become competition jury members by consensus. If there are more candidates than open competition jury positions, the team captains must take a vote. Only one vote will be allowed per NF. A simple majority will elect a competition jury member. If no simple majority is obtained by any candidate, the person with the least votes will be removed as a candidate and the vote will be repeated for the remaining candidates until the competition jury members have been elected.

2.3. Competition Jury Meetings and Decisions

The competition jury must be able to convene within a minimum of time whenever a meeting is required, as directed by the competition jury chairperson, and must remain readily available for competition jury duties for 15 minutes after the provisional results have been published. Specific meeting times are detailed in Annex B to these rules. Decisions of the competition jury will normally be made with all members present.

However, in exceptional cases the competition jury will be competent to pass a resolution if at least three members are present. The competition jury chair will only vote in case of a tie vote. Decisions will be made by each member voting on the issue and a simple majority will decide.

2.3.5 Duties of the Competition Jury

A detailed list of duties of the competition jury is given in Annex B to these rules.

2.3.6 Appeals against Competition Jury Decisions

An appeal may be made against penalties and disciplinary measures imposed by the competition jury at events where a jury of appeal has been established. In any other events an appeal can be lodged to the IBU Executive Board in writing within 24 hours after the decision of the competition jury.

The appeal must be made to the jury of appeal or Executive Board, and be put forward in accordance with the IBU Disciplinary Rules.

2.4 Race Directors

2.4.1 The Race Directors are officials appointed by the IBU.

2.4.2 The RD will conduct the necessary inspections and meetings with the OC to ensure proper preparations, or delegate this responsibility to the TD.

2.5 Technical Delegates

2.5.1 General Regulations

TDs will be appointed by the IBU TC and will work under the guidance of the RD. In the absence of the RD, the TD will assume the RD's duties.

2.5.2 Appointment of TDs

TDs will be appointed by the IBU TC from among its members or from the TD group at least three years prior to OWG, two years prior to WCH and in the season before for all other IBU events, and may not be from the host NF. However, TDs for CCH, CC and RC events may be IBU IRs from the host NF, except at OECH. Two TDs will be appointed for the OWG, one as an assistant TD. For all other events, one TD will be appointed. TDs for IBU Junior Cup & Junior OECH events may be from the host NF.

2.5.2.1 The TD will be chairperson of the competition jury or juries for the event for which he has been appointed. At OWG, the assistant TD will be a member of both the men's and women's competition juries.

2.5.2.2 TD's functions only apply for the event for which they have been appointed.

2.5.3 Tasks and Duties of TDs

The TD must arrive at the event site in sufficient time before the event and must perform all the necessary functions required by these rules and the circumstances at the venue before, during and after the event. The TD will be responsible for directing the IRs during the event. Detailed tasks and duties of TDs are given in Annex B to these rules.

2.5.4 TD Expenses

OCs of IBU events and competitions are responsible for paying the TDs' travel, accommodation and meal expenses for the period of the TDs' duty, and daily allowance as stipulated by the IBU regulations in force at the time.

2.6 IBU Referees

2.6.1 General Regulations

IBU Referees are persons who are appointed by the IBU TC to officiate at IBU events. They are responsible for the correct performance of duties and tasks related to their area of responsibility, in cooperation with the competition committee. In addition, IBU Rs will be required to direct, advise and assist other competition officials in their duties, and to intervene to prevent mistakes from being made. The IBU Rs at an event will be subordinate to the TD, report to him on the performance of their duties and must follow his directions.

2.6.2 Appointment of IBU Referees

IBU Referees appointed by the TC for the OWG, WCH, Y/JWCH, WC, and OECH must hold a valid TD license. IBU Rs for other events may be appointed by the respective NF or OC and must also hold a valid IR license. At the IBU Cup, the Course and Materials Inspection IBU Referees must be from the TD Group and at least one of them must not be from the host country.

At OWG, WCH, WC, OECH and Y/JWCH, all appointed IBU Referees must be from outside the host country and members of the TD Group. At CCH and CC, all IBU Referees may be from the host country. However, exceptions may be permitted by the TC provided the person has held a valid IR license for at least four years.

2.6.3 IBU Referee Functions at Competitions

The functional areas where IBU Referees will be appointed at competitions will be:

- start/finish;
- shooting range;
- course;
- materials inspection.

2.6.4 Numbers of IBU Referees for Events

The following numbers of IBU Referees will be appointed for events:

a. OWG 8 (all appointed by the IBU)
b. WCH 4 (all appointed by the IBU)
c. Y/JWCH 4 (all appointed by the IBU)
d. WC 4 (all appointed by the IBU)
e. IBU Cup 4 (2 IBU Referees appointed by the IBU, 2 by the NF)
f. OECH 4 (all appointed by the IBU)
g. CCH 4 (all appointed by NF)
h. CC 4 (all appointed by NF)
i. IBU Junior Cup 4 (all appointed by NF)

2.6.5 IBU Referees Tasks and Duties

Detailed tasks and duties of IBU Rs (IRs) are given in Annex B to these rules.

2.6.6 IBU Referees Expenses

OCs of events and competitions will be responsible for paying the IBU Referees travel, accommodation and meal expenses and daily allowance as stipulated by the IBU regulations in force at the time for the period of the IBU Referees appointment.

3. COMPETITION VENUES AND FACILITIES

3.1 General

The competition venue is the site on which biathlon competitions and training are conducted, and consists of the stadium area, courses and the associated technical and spectator areas. Located in the stadium area are the start/finish areas, shooting range, penalty loop, Relay hand-over zone and spectator areas. The technical areas are near the stadium and consist of the ski test area, team waxing huts, team lounge, athlete changing area, and parking spaces, as well as the buildings and offices necessary for the OC. The venue must be technically suitable, according to these rules, to allow all the types of biathlon competitions to be held, and must offer the best possible viewing of the competitions to spectators, and fulfill all the requirements of TV coverage. Venues that are candidates for hosting the WCH and WC must have an IBU A license, and venues for Y/JWCH, OECH, IBU Cup and SB WCH events must have an IBU B license. Venues for OWG must acquire an IBU A license.

3.1.1 General Requirements

The start and finish areas, shooting range, penalty loop and Relay hand-over zone must be located on level ground and close together, so as to provide the majority of the spectators with a good view of competition activities. These areas and critical parts of the course must be fenced off in order to prevent competitors from being impeded or going astray, and to prevent access by unauthorized persons. However, the height and extent of the fencing must be minimized as much as possible to avoid interference with TV coverage. There must be sufficient space for competitors and competition officials to conduct their required activities and adequate room for team support staff, press, photographers and spectators, and enough space for TV camera crews and their broadcasting facilities without the broadcasting interfering with the competition. Diagrams of examples of facility lay-outs are given in the OC Guidelines.

3.1.1.1 Maximum Distance and Altitude Difference

The competition venue for the OWGs and WCH will be no more than 30 km or 30 minutes' travel and should not be more than +/- 300 m in altitude from the teams' living accommodation, unless otherwise approved by the IBU EB.

3.1.1.2 Competition Office

A competition office or sub-office must be located in or near the stadium area. The office must be open during regular hours during the entire event, beginning on the arrival day, and will be the official interface between teams and the organizing committee. Teams must be able to submit entries for competitions at the office and information about the event and competitions must be available in the office. A mailbox for each participating team must be provided in the office or close to it.

3.1.1.3 Electronic Information Board

At OWG, WCH, Y/JWCH, OECH and WC there must be an electronic information board with at least six lines, in the stadium area, in a location as approved in the licensing process or by the RD.

3.1.2 Artificial Lighting

IBU competitions may be held under artificial lighting when approved by the EB as part of a given program. Under exceptional circumstances, the competition jury may authorize a competition to be held under artificial lighting. In any case, the lighting must meet the following standards:

- Lighting conditions must be the same for all competitors with a minimum of approximately 300 lux across the entire length of the course and stadium, without any dark areas. 1000 lux are required on the finish line, targets and zeroing paper targets without any shadows.
- If TV is involved, the light conditions must satisfy TV requirements and be at least 1000 lux in the stadium.

3.2 Start and Warm-Up Areas

3.2.1 General

The start area for all competitions must be level with the snow well packed and smoothly groomed, and should be visible to spectators. The start must be placed at right angles to the skiing direction and must be marked with a red line sunken into the snow, except where an electronic start gate is in use. The area must be well fenced-off and must be suitable to cope with the traffic flow of competitors, team support staff and officials without problems. There must be a warm-up area immediately adjacent to the start zone for competitors to perform their final, pre-competition warm-up, with enough room to store warm-up clothing, and space for a minimum of 20 rifle racks able to hold at least seven rifles each, or as otherwise directed by the RD /TD.

3.2.2 Individual and Sprint Competition Start Areas

The start area for Individual and Sprint competitions must be approximately 8-10 m long and a minimum of 2 m wide and must be separated from the warm-up area by a fence with an opening to allow controlled access to the area.

3.2.3 Pursuit Competition Start Area

The start area for the Pursuit competition must have a minimum of four start lanes. The actual number of start lanes will be determined by the number of simultaneous starts in the start list – if there are five starts in the same second, there must be five start lanes, etc. The start lanes must be numbered from the competitors' right to left, 1.5-2 m wide and

sufficiently long to hold the required number of competitors. A common start line must cross the end of the start lanes. The lanes must be parallel to each other and must be clearly separated. There must be a separate passage or lane that allows access across the start line in the case of late starts. This lane must be supervised by a start official. At the OWG, WCH, YJWCH, WC, OECH, IBU Cup, and Junior IBU Cup, a transponder timing point must be installed 1.5 m after the start line with a video camera installed to capture the relative start time of each competitor in case of early start.

3.2.3.1 Pursuit Start Boards

Separate boards, showing the start numbers and start times for each lane in large print easily readable by competitors and officials, must be positioned in front of the applicable start lanes and at the start line, on the competitor's left such that the start line can be easily seen from the front for control of each starter.

3.2.4 All Relays, Group, Mass Start and Super Sprint Competition Start Area

The start area must be laid out with three corridors 3 m wide groomed flat, with 3 m of space between each competitor.

3.2.4.1 Start Position Markings and Boards – All Relays/Mixed Relays, Group, Mass Start and Super Sprint Competition

The start positions must be marked with nylon or natural markers. There must be the same number of markers as the number of starters in the competition. The size of the start number boards must be 20 x 20 cm. Normally, the number boards must be placed on the right of each line of starters, unless specified differently by the RD/TD, and the number must be readable from the front and the rear. The numbers on the boards must be at least 10 cm high and must be highly visible to the competitors and TV. The start lanes must be numbered from the competitors' right to left.

3.2.5 Course Information Boards

There must be a board at the entrance to the start area that shows the course map for the competition.

3.2.6 Start Clocks

At the start area for Individual and Sprint competitions, there must be a start clock placed so that it is easily readable from the start line. The display of the clock and the sound signal must be synchronized. For the Pursuit competitions, there must be a start clock on the left and right side of the start. In addition, there must be a clock in or near the start area that is easily visible to competitors in the area and that displays the correct time of day.

3.2.7 Equipment/Materials Inspection Prior to Start

The equipment/materials inspection prior to the start must be located in close proximity to the start area. Its placement and design must facilitate the smooth, orderly and timely flow of competitors through to the start. The inspection station must have tables and the required equipment and materials to perform the checks.

3.3 Course and Associated Sections

3.3.1 General

The course is the network of ski trails to be used for the competition. It consists of continuously changing flats, climbs and downhill sections. Extremely long and difficult climbs, dangerous descents and monotonous flats are not permitted. Changes in direction of the course must not occur so frequently that a competitor's ski rhythm is seriously disturbed. Detailed course specifications are given under 1.3.10 in Table 1.

3.3.1.1 TV Zones

Zones for TV coverage of the competitions will be established on the course by the RD responsible for the event. The primary purpose of the zones is to ensure the best possible media coverage of the competition and in particular to prevent non-competing persons from obstructing the TV broadcast.

3.3.2 Altitude, Width, Gradient and Length

The maximum altitude of any part of the course may not be higher than 1,800 m above sea level, unless an exception is specifically authorized by the IBU EB in necessary circumstances. For all IBU events, the course must have a minimum width of 6 m of groomed snow surface for the competitors plus additional space for coaches and TV. In steep sections of the course, the trail must be even wider, up to 8 m. If narrower sections such as bridges or mountain passes are unavoidable, the narrow parts may not be less than 4 m wide for not longer than 50 m. The actual length of the course may not be more than 2% shorter or 5% longer than the length specified for the competition, as measured in the center of the course. The maximum grade for all climbs on the competition course must not exceed 25 percent.

3.3.3 Setting of Tracks

If required, tracks will also be laid in downhill sections as directed by the RD. Tracks must not be set in such a way or in places where they may endanger or hinder competitors. The width and depth of tracks must be set so that all regular types of boots and bindings can be used without side friction. For training days, tracks for classic skiing must be provided at the edge of the competition course.

3.3.4 Safety

The course must be prepared so that a competitor may ski it at full speed without undue risk of an accident. To improve the safety of the competitions, the competition jury may alter the first loop of a Mass Start, Pursuit or Relay competition, even if this means that the course will not meet the distance or climb requirements.

3.3.5 Grooming

The course must be as level as possible, solidly packed and smoothly groomed. Downhill turns must be banked as necessary. All types of hindrances and obstacles must be cleared from the course, such as stumps, branches, stones and soil. Overhanging or protruding branches must be trimmed so that they do not obstruct or endanger competitors.

3.3.6 Marking

The course must be so clearly marked and defined so that competitors are at no time in doubt as to how to follow the course. This applies especially to descents, trail junctions and other critical points. Clear markings must be placed at such points. Closed sections of the course or junctions must be completely closed with continuous V-boards or fences.

3.3.6.1 Course Sequence Colors

The 1.5 km course must be marked orange; the 2 km course must be marked red, the 2.5 km course green, the 3 km course yellow, the 3.3 km course blue and the 4 km course brown. Junctions must be clearly marked with course colors.

3.3.7 Fencing and V-boards

All trails that will not be used in the competition must be closed. Trails close to each other must be separated by fences or V-boards so that competitors cannot go on the wrong trail. V-boards should be clearly visible, approximately 20 cm high and approximately 1 m long, and made of heavy material that will not be blown over by the wind.

3.3.8 Forerunners

The RD, TD and IR Course will decide whether to use forerunners or not.

3.3.9 Course Specifications for Competitions

Table 1 under 1.3.10 details the required technical specifications for courses for each type of competition.

3.3.10 Relay Hand-Over Zone

In Relay competitions there must be a well-marked hand-over zone, 30 m long and 9 m wide, at the end of a straight trail section placed in such a way that incoming competitors will arrive at a controlled speed. The last 50 m of the trail before the zone must be at least 9 m wide. The hand-over zone must begin at the timing line or at least close to it. The beginning and end of the zone must be marked with a 1 m-long red line on the right and left side and with signs "Hand-over Start" and "Hand-over End". The zone must be closed with v-boards or a fence along both sides, with one access gate for controlled entry by starting competitors.

3.3.10.1 The last 50 m of the course before the hand-over zone must be straight. The hand-over zone may only be entered by the incoming and outgoing competitors and by the officials responsible for supervising the hand-over zone.

3.3.11 The Penalty Loop

For the Sprint, Pursuit, Mass Start and Relay competitions, a penalty loop must be set up immediately after the shooting range – no further than 60 m skiing distance from the right edge of the range to the entrance of the penalty loop. The loop should be an oval trail which is 6 m wide and 150 m (+/- 5 m) long, measured along the inside perimeter of the loop. The opening must be at least 15 m long. The penalty loop must be marked off with V-boards, set up so close together that competitors have no chance of mistaking the entrance/exit.

3.3.11.1 The penalty loop must be located in a level area in such a way that competitors do not have to ski any additional distance between the course and the penalty loop when they have to enter the penalty loop.

3.3.12 Warm-up Course

For all IBU events there must be a separate course, in close proximity (approximately 300 m) to the start area and with easy access from the team huts, on which competitors can warm up. The course must have a minimum length of 400 m and must be prepared the same as the competition course, but must not be a part of the competition course. A warm-up course should also be in place for all other events.

3.4 Shooting Range

3.4.1 General

The shooting range is where all shooting takes place during a biathlon competition. It must be located in the central area of the stadium and both the targets and the shooting ramp must be visible to the majority of spectators. The range must be flat and level and must be surrounded by adequate safety berms on the sides and behind the targets in accordance with the applicable national safety rules. The shooting range must be set up and placed with strict regard for safety in relation to the trails, stadium and the surrounding area. The shooting direction should generally be northward, with consideration for the light conditions during competitions. Safety baffles that obstruct visibility of the competition to spectators or TV should be avoided if at all possible. The shooting range must conform to all local laws.

3.4.2 Specifications and Configurations

3.4.2.1 Shooting Distance

The distance between the front edge of the shooting ramp (firing-line) and the line of targets must be 50 m +/- 1 m.

3.4.2.2 Prone and Standing

Looking in the shooting direction, the right half of the range will be for shooting in the prone position and the left half for shooting in the standing position. The division must be clearly indicated to the competitors by sign boards. An exception to the right and left configuration is to be made during Pursuit, Mass Start and Relay competitions, when competitors fire from all lanes in both prone and standing positions.

3.4.2.3 Entrance and Exit

During both training and competition, competitors must enter the range from the left and exit on the right side.

3.4.2.4 Levels

The surface of the shooting ramp and the surface on which the targets are situated must be as near the same level as possible. The shooting ramp and the surface on which the targets are placed must be at a higher level than the ground between them by at least 30 cm, and more if required by local snow conditions.

3.4.2.5 Range Area Configuration

At the rear of the range there must be a fenced off area of 10 to 12 m width (shooting ramp), measured back from the front edge of the firing line, and extending along the entire back of the range. The area is to be reserved for competitors, officials and members of the juries. However, if authorized by the RD/TD, other persons such as TV camera crews may be allowed in this area. Directly behind that area there must be a second fenced area of at least 2 m in width and at least 30 cm higher than the shooting ramp reserved for three team staff members per team. This area must be configured so that the team staff members have good visibility of the targets and the shooting ramp area. Behind the coaches area there must be an area 1.5 m wide, extending the width of the range, reserved primarily for the media.

3.4.3 The Shooting Ramp

The shooting ramp is the area at the rear of the range where the competitors lie or stand to fire. The ramp must be totally solid, even, smooth, and level for the entire area used by competitors during the competition.

3.4.3.1 Shooting Lanes

The shooting ramp is divided into shooting lanes from which one competitor at a time will shoot. Every shooting lane must be at least 2.75 m but not more than 3 m wide. The width of the lanes must be marked on both sides of the shooting ramp from the front edge for a distance of 1.5 m to the rear with a red-colored board sunken into the snow so that it is 2 cm below the snow surface. Both sides of each lane must be marked from the ramp to the targets with five (5) T-posts with sign boards max. 20 cm wide by 15 cm high, in alternating colors matching the background color of the target numbers that clearly define the lanes but do not interfere with shooting. The first line of T-posts should begin at 10 m. There must be a minimum distance of 3 -5 m between the outer edge of the left and right lanes and the start of the safety berms they adjoin. This distance must be maintained from the ramp to the targets.

3.4.3.2 Shooting Mats

For shooting in both the prone and standing positions, mats must be placed with the front edge on the firing line and in the middle of shooting lane. For all IBU events, the mats must be 200 cm x 150 cm and 1 to 2 cm thick, and must be made of synthetic or natural fibers with a non-slip surface. The shooting mats must be marked with a 5 cm-wide line 50 cm from the firing line to help the competitors assume the correct shooting position.

3.4.4 Targets

3.4.4.1 Types of Targets

There are two main kinds of targets used in biathlon – metal and paper. Only metal targets are permitted to be used for competition and only paper targets will be used for rifle zeroing. Both paper and metal targets may be used for training. Only targets that are in conformity with the IBU Materials Catalogue (Annex A) may be used for IBU competitions. At all IBU competitions, the shooting range must have 30 shooting lanes

and targets of the same type/model. The targets used for OWG, WCH, WC, and all other events with live TV/webcasting coverage must have a remote reset capability (without rope) and electronic target scoring data.

3.4.4.2 Target Maintenance

Targets must be maintained, set and adjusted according to the manufacturer's instructions.

3.4.4.3 Target Placement

The targets must be set up in a level straight line, parallel to the front edge of the shooting ramp. They must be level in all directions. The targets must be placed so that the target is in the middle of the width of the lane. The targets must not deviate sideways more than 1 degree from the right angle plane of their shooting lanes. The target center must be 80 to 100 cm higher than the surface of the shooting ramp.

3.4.4.4 Target Background

The background behind the targets must be white from the ground level to a min. of 50 cm above the upper edge of the target, including all constructions in this area.

3.4.5 Numbering and Markings

The shooting lanes and the corresponding target numbers must each have the same number, easily visible, and beginning from the right with number 1. At all IBU events the shooting lanes must be numbered on the left and right side at the front edge of the shooting ramp. The number signs at the shooting ramp must be placed so that they do not obstruct TV coverage of the shooting competitors. They must be 30 cm high and 20-25 cm wide. The printed number must be located at the bottom of the sign and be 18-20 cm high with the lines of the numbers 2-3 cm in width. The signs must be mounted on a support post 1-2 cm thick and 40 cm high – measured from the snow surface to the bottom of the number sign. The number must be placed not more than 30 cm from the firing line in the direction of the targets. The size of the target numbers must be 40 cm high with a line width of 4 cm, and they must be mounted on a board 45 x 45 cm centered immediately above the targets. Both the target and shooting lane number signs must be in alternating colors – black on yellow and yellow on black – starting at number 1 with black on yellow and matching the T-post lane markers, or in other contrasting colors as decided by the IBU.

3.4.5.1 Entrance and Exit Boundaries

At the entrance and exit of the range, 10 m outward from the left and right hand shooting lanes, there must be a clear marking. These markings will indicate the outer edges of the information prohibition zone at the range.

3.4.6 Wind Flags

At competitions and official training, wind flags must be installed at the side of every second shooting lane beginning at the right side of lane 1, at 5 m from the shooting ramp and 20 m from the target. The flags must be placed so that the top edge of the flag is at the same level as the bottom edge of the targets and cannot obstruct a direct line of sight to the targets.

3.4.7 Rifle Racks

During competitions there must be racks for two reserve rifles for each participating team. The racks must be clearly marked with the names of the participating nations or teams. A minimum of one rifle rack must be provided per shooting lane in use for training or zeroing, holding seven rifles each. Before and/or after the range there must be an adequate number of racks for training.

3.4.8 Video Cameras on Range

At all IBU competitions, video cameras must be installed on the shooting range in sufficient number so that the placement and number of cameras totally covers and records all actions of all competitors on the range.

3.5 Finish Area

3.5.1 General

The finish zone begins on the competition trail at the finish line and ends at the finish equipment/materials and clothing inspection point. It must be at least 30 m long and 9 m wide without obstruction. The last 50 m before the finish line must be straight and 9 m wide, and divided into three equal lanes with markers that do not interfere with skis. Only officials, finishing competitors and specially authorized TV personnel under supervision of the Start/Finish IR are permitted in the finish zone. Space must be provided for the finish line timing equipment, installations/markings/advertising and broadcast equipment, such as rail cameras etc., as specified for each IBU Event.

3.5.1.1 The finish line must be marked by a sunken red line in the snow at a right angle to the incoming trail and clearly visible to the competitors and broadcasters' cameras.

3.5.2 Finish Equipment/Materials Inspection

The finish equipment/materials inspection must be located so that finishing competitors flow into it automatically and can pass through it under supervision. This is particularly important for Relay competitions so that finished competitors do not obstruct the outgoing trail from the hand-over zone. The finish zone fencing and placement must be set up so that competitors are automatically led into, and have no way of evading, the finish equipment/materials inspection.

3.5.3 Media Area

Adjacent to the finish zone and equipment inspection area, a fenced-off area (mixed zone) has to be established for TV company representatives, journalists and photographers to have close contact with the competitors for interviews and pictures after they finish.

3.5.4 Refreshment Point

There must be a refreshment point after the finish zone, the location of which must be agreed with the RD/TD, for serving drinks and providing paper tissues and similar necessary services to competitors after they finish. Any beverages or foodstuffs provided there must be protected against the introduction of any prohibited substances.

3.5.5 Clothing Change Shelter

Adjacent to the finish zone, there must be a shelter providing privacy where competitors can change their clothing. The size of this shelter must be approximately 2 x 3 m.

3.5.6 Finish Exit Zone

After the mixed zone, there must be an area where competitors can meet their team staff and service firms, and retrieve their clothing and materials/equipment. There must be ten rifle racks holding at least seven rifles each.

3.6 Team Waxing Cabins and Team Parking Areas

In or very near the stadium area, there must be a sufficient number of permanent buildings or good quality temporary facilities in which teams may store materials/equipment and wax skis. The cabins must be provided with lights, electric power outlets and adequate ventilation for removing wax fumes, and must be warmed to at least 20 degrees Celsius.

Each NF with a total number of competitors entered to start (men's and women's classes) of four to nine must have its own wax cabin, whilst NFs with a total of ten or more competitors entered to start must be given two wax cabins or one very large cabin.

Smaller teams may have to share a cabin if work-space and security regulations permit. The cabins should be equipped with locking doors and teams are to be issued with corresponding keys. If the entrances cannot be locked, the OC must provide security for the cabins. Parking space for team vehicles and ski preparation trucks must be provided within a reasonable distance of the cabins.

3.7 Competitor Changing Rooms

Rooms or separate containers must be provided near the waxing cabins as changing areas for the competitors. This can be a part of the stadium building, a separate warming shelter or a tent.

4. COMPETITION EQUIPMENT AND CLOTHING FOR EVENTS

4.1 General Rules

The term "competition materials/equipment and clothing" includes all of the materials, equipment, competition gear and clothing that the competitor uses during an event, including advertising. The definitions and specifications of competition materials/equipment and clothing, and advertising, are stipulated in the IBU Materials Catalogue (Annex A) and the IBU Rules for Advertising.

4.2 Inspections of Equipment/Materials and Clothing

4.2.1 Preliminary Control

Competitors' materials/equipment and clothing must be inspected before the start and after the finish of a competition. Additionally, a preliminary materials/equipment and clothing check is to be provided well in advance of a competition to ensure that no problems occur. All registered competitors must have their equipment controlled when they

first arrive for an IBU event series or after making any changes to their materials/equipment or clothing. No equipment, materials or clothing may be used at an IBU event unless they have been approved by the IBU.

4.2.2 Pre-Start Materials/Equipment and Clothing Inspection

Competitors must report at the start materials/equipment and clothing inspection area not later than 15 minutes prior to their scheduled time of start to have their skis and rifle checked and marked, and their clothing inspected. Competitors who arrive later than 15 minutes before their start are responsible for the time that it takes to make the inspection/markings, even if this results in a late start. Competitors whose materials, equipment or clothing do not conform to IBU regulations will not be authorized to pass through the start materials/equipment and clothing inspection until the discrepancies have been corrected. Equipment, rifles, materials and clothing that have been inspected and marked at pre-start equipment inspection must not be modified in any way prohibited by these rules or the IBU Materials Catalogue. In no case does the foregoing relieve competitors of their responsibility to abide by Art. 1.4.2. Team reserve rifles – maximum two per team – are to be brought to the materials/equipment and clothing checkpoint for inspection and marking, and then must be taken directly to the range and deposited in the reserve rifle racks before the first start. The range staff will not permit rifles to be deposited after this time. To facilitate the inspection of the reserve rifles, the materials/equipment and clothing checkpoint must be opened at least 15 minutes before the start of zeroing and the competitors will have the right to have their rifles checked from that time onwards. The early opening of the pre-start equipment inspection will be permitted and encouraged at all competitions in order to avoid time difficulties.

4.2.2.1 Specific Checks at Pre-Start Equipment Inspection

The following checks are to be made:

a. That competitors are wearing their start number and thigh numbers;
b. The rifle will then be safety-checked to confirm it does not contain a live cartridge in the chamber or in its inserted magazine;
c. The weight, trigger resistance, dimensions and shape of the rifle, and the advertising on it will be checked for correctness. The rifle will be marked with a small sticker affixed to the top front end part of the stock that must be clearly visible to officials at the start and finish, and the serial number will be recorded on a check list so that the rifle can be verified at the finish in case the sticker falls off;
d. Skis and poles will be checked for correctness;
e. Clothing and other materials/equipment will be inspected for correctness, including advertising.

4.2.2.2 Markings

Equipment will be marked to prevent unauthorized changes of equipment during the competition by using another competitor's start number. Both skis and rifles will be marked. In Individual, Sprint, Pursuit and Mass Start competitions, only one color will be used to mark the skis. The equipment will be marked with a colored marker pen or stamp,

and will be unique for that competition. In Relay competitions, the skis must be marked according to the team start numbers and the colors or numbers of the start sequence within the team. Rifle inspection stickers must be placed on the top front end part of the stock.

4.2.2.3 Delays Before Start

Competitors are themselves responsible if they are delayed in starting because they have reported late to the equipment inspection area, or because of corrections that have to be made to their clothing or equipment. The OC must provide sufficient staff to ensure prompt equipment inspections and thus prevent competitors who have reported in time from starting late.

4.2.2.4 Final Check Before Start

Two minutes prior to the start, a check will be made of the competitor by the starter's assistant(s) in order to ensure the following:

a. That the competitor is wearing a start number and thigh numbers;
b. That the skis and rifle are properly marked;
c. That advertising regulations are not being violated;
d. That by opening and closing the action of the rifles, that there is no round in the chamber or the inserted magazine;
e. That the competitor has transponders if they are in use;
f. That the competitor is not in possession of any wireless communication/listening device.
g. That the competitor has enough magazines and ammunition to complete the competition. Magazines may be spot-checked to ensure they contain only five rounds that can be loaded directly from the magazine.

However, this check does not relieve competitors of their responsibility to abide by Art. 1.4.2.

4.2.3 Finish Inspection

After arriving at the finish, and after the handover zone in the Relay competition, a check will be made to confirm the following:

a. That the rifles do not contain live ammunition in the chamber or inserted magazine;
b. That competitors have finished with at least one marked ski and their marked rifle, with their skis and poles being in accordance with the Materials Catalogue;
c. That the rifle trigger resistance is at least 0.5 kg (may be conducted as a spot check, if authorized by the RD/ TD);
d. That the advertising regulations have not been violated.

All ammunition on the stock and in other magazines will be removed at this inspection.

4.2.4 Preliminary Examination of Materials/Equipment and Clothing

At all IBU events, the RD/ TD, and IR for Materials Inspection will conduct a preliminary inspection of equipment to confirm that the materials, equipment and clothing to be used by teams are permitted by the

rules. The check will normally be done at least two days before the first competition. The preliminary examination does not relieve competitors of the obligation to pass equipment inspection at the start and finish.

4.2.4.1 Attendance

The examination will be conducted by the responsible organizing committee staff. The IR for Materials Inspection must also be in attendance. The examination is mandatory. Competitors or teams who are not present at the first WC or IBU Cup or who have changed their competition equipment or clothing must make this inspection prior to their first start of the season.

5. TRAINING AND ZEROING

5.1 General

Competitors and team staff must be provided the opportunity and the facilities to prepare for the competitions. For that purpose the OC must set official training times, provide ski testing facilities, and offer the opportunity for competitors to zero rifles and warm-up prior to the competition.

5.1.1 Exceptions

In extraordinary circumstances, the competition jury may close the entire facility or limit training on the facility to certain parts or to specific times.

5.1.2 Rights for Training and Training Bibs

Competitors who have registered for an IBU event may use the course during the official training. Men or women may not participate in official training and zeroing of the respective other gender; however, the RD/TD is authorized to permit mixed training on competition days when this is in the best interest of the competitors and the OCs. The training bibs assigned by the IBU, if in use at the event, must be worn only by the assigned competitors during all training, and by the assigned team staff and service firm personnel skiing on the course at any time during the event. At IBU events bibs may not be transferred to other persons.

5.1.3 Types of Training

"Official training" is the period of time that the OC must provide for training on the facility. The facility must be prepared the same as for the competition. "Training" is the time that the OC allows for training on the facility in addition to official training, when the facility does not have to be prepared as for the competition. OCs should allow as much time as is possible in the event program for training – if necessary, shooting lanes will be allocated for teams as for official training, as directed by the TD.

5.2 Official Training

At all IBU events, the competition facility and courses must be open for inspection and official training at least once before the first competition. The facilities and courses must be prepared as for the competition and the training must be held at the same time of day as the competition itself, if at all possible. The RD/TD may order classic skiing tracks to be prepared on the side of the course for training purposes. Each subsequent competition should also be preceded by official training unless it is not

possible in the event program or due to other circumstances. At all IBU events, ranges will be allocated for training according to Art. 5.3.3.1 unless specifically changed by the RD/TD. At all other events a simple draw should be done.

After 20 minutes, the top paper targets will be changed and metal and paper targets will be used. Athletes are now free to choose any available shooting lane they wish until the end of the training period; however, the paper targets will be reserved for the assigned NF(s) for a further 25 minutes. When the metal targets are opened for Mass Start, Relays and Pursuit official training, the odd-numbered shooting lanes will be set to prone and the even-numbered lanes will be set to standing.

5.3 Rifle Zeroing

5.3.1 Zeroing Time

Prior to the start of a competition, competitors must be given the opportunity to zero their rifles on paper targets at the shooting range for a period of 45 minutes, which must begin one hour before and end no later than 5 minutes before the first start. At IBU events, the zeroing time for the Pursuit, Mass Start and Relay competitions is 30 minutes long and must end 15 minutes before the start, without any paper target change. If necessary, men and women may both zero prior to the first competition, but this must be done separately.

5.3.2 Paper targets used for zeroing must be placed at the same level and the same distance (+/- 20 cm) from the shooting lane as the competition targets. When two rows of paper targets are placed, the second row must be below the level of the competition targets. If the paper targets have to be changed during zeroing, they will be changed after 20 minutes and only the top row of paper targets will be changed. The time required for the change will not be deducted from the time allocated for zeroing. Metal Targets may not be used for zeroing.

5.3.3 Allocation of Zeroing Lanes

At Individual and Sprint competitions, each team should be allocated one zeroing lane on the range. Lanes will be allocated by random draw conducted under supervision of the RD/TD. At Relay competitions, the team zeroing lane is to be the same as the start number. At Mass Start competitions, the zeroing lane will be allocated according to the start list, but the competitors will be free to zero from any lane allocated to a member of their NF. At Pursuit competitions, the shooting lane numbers will be allocated according to the placement of the best ranked competitor in each team, but if a NF has more than four competitors starting, it will be allocated two adjoining zeroing lanes. One reserve member of each team will be permitted to zero before each competition, including the reserve Relay team member, except for at Pursuit and Mass Start competitions. Prior to the start of the Super Sprint final competition, competitors must be given the opportunity to zero their rifles on the range for a period of 15 minutes; zeroing must begin at least 25 minutes before and end no later than 10 minutes before the first start. If necessary, men and women may both be zeroed prior to the first Super Sprint final competition but this must be done separately.

5.3.3.1 At the OWG, WCH, WC, and Y/JWCH events, shooting lanes 1-5 will be allocated by random draw among the top 5 participating NFs, and shooting lanes 6-10 allocated among the next five participating NFs, and so on with the next five targets drawn for the next five ranked NFs until all are drawn. The previous year's Nations Cup score will apply in the first trimester, thereafter the current Nations Cup score will apply. Likewise for the IBU Cup/OECH: the IBU Cup Nations Cup score will be used.

5.3.3.2 When a team has more than eight competitors, an additional zeroing lane may be allocated if available.

5.4 Use of the Course before the Start

At all IBU events, the course will be open for entered competitors and team staff to warm up and test skis starting not earlier than three hours before the start and ending five minutes before the start, unless otherwise decided by the jury. All competitors on the course must wear their start numbers (or training bibs in the case of reserve athletes.) Team staff must wear their assigned bibs when skiing on the course, if provided. From five minutes before the start, skiing on the course is forbidden, but team members may walk on the edge of the course.

5.5 Ski Testing on the Competition Course

The TD, in coordination with the RD, may authorize the use of electronic ski testing devices on the competition course in areas of sufficient course width and configuration. If electronic ski testing devices are allowed, they must be removed from the course at least five minutes before the start.

6. START REGULATIONS

6.1 Start types and Intervals

6.1.1 General

There are four types of starts: single; pursuit; group and simultaneous; and two standard start intervals – one minute or 30 seconds. At all IBU events, the following regulations will apply:

6.1.2 Individual and Sprint Competitions

Competitors will be started individually at all Individual and Sprint competitions, normally with 30 second intervals. However, shorter or longer intervals will be permitted if it is best for the competition. At Sprint competitions, group starts can be used. The RD/TD will decide which start type and start interval is the best for the circumstances, in consultation with the OC.

6.1.3 Pursuit Competitions

No standard start interval is used in Pursuit competitions. Competitors must start at the exact time listed in the start list as their start time, which is the length of time they finished behind the winner of the qualifying competition, rounded to the nearest second.

6.1.4 Mass Start Competitions

In Mass Start competitions, the competitors all start together in one single simultaneous start.

6.1.5 All Relay Competitions

In all Relay competitions the first competitors of each team all start simultaneously. Subsequent starts by other team members are done by the incoming team member tagging the next team member in the relay hand-over zone. The start sequence in the Mixed Relay is woman, woman, man, man.

6.1.6 Super Sprint Competition

6.1.6.1 In the Super Sprint qualification competition, all competitors start, individually with an interval of 15 seconds between each competitor.

6.1.6.2 In the Super Sprint final competition, all competitors start in one single simultaneous start, with three lanes.

6.2 Starting Positions and Starts

6.2.1 Single Start with Electronic Timing

Competitors must stand as close to the gate as possible and must pass through the gate at their starting time.

6.2.2 Single Start with Manual Timing

If only manual timing is used, competitors must stand with both feet completely behind the start line and must cross the line at their starting time.

6.2.3 Pursuit Start

Competitors must arrive in the start area at least two minutes before the start for placement into their start lanes. They must line up sequentially in their assigned start lanes. Each simultaneous start must be from a separate lane. An analysis of each start will be done by an official. Competitors themselves are responsible for starting and must start at their assigned start time from their assigned lane.

6.2.4 All Relay Starts

In all Relay competitions the first starters must stand in their assigned start position with both feet beside the marking in their start row, or beside their start position if no other marking is there. The competitors must start when the designated start signal is given. Subsequent members of a Relay team must stand in the hand-over zone, according to the current competition standing, and must start when tagged by the incoming team member.

6.2.5 Group Start

In group starts, the competitor with the lowest start number of that group will take position 1, the second lowest position 2, etc. They must stand as for the Relay simultaneous start and must start when the designated signal is given. This process will be repeated for each group.

6.2.6 Mass Start Competition Start

The Mass Start competition starts in the same way as for the first starters in the Relay simultaneous start.

6.2.7 Super Sprint Competition Start

The start order for the Super Sprint qualification competition will be decided by the OC together with the IBU for the respective competition.

In the Super Sprint final competition, competitors will be assigned start numbers and start positions based on the results of the Super Sprint qualification competition. Competitors in the Super Sprint final competition will start in the same order in which they finished the qualification competition: the winner of the qualification competition will start with start number 1; the competitor placed second in the qualification competition will start with start number 2, and so on.

6.3 Start Signals

6.3.1 Single Starts – Electronic Timing

The start command will be given by the sound of the start clock – a loud beep, and by the visual time on the start clock. The starter must not touch the competitor.

6.3.2 Single Starts – Manual Timing

At single starts without an electronic start gate, the starter will say "Ready" 10 seconds before the start time and then count down loudly from 5 seconds before the start, saying "Five-four-three- two-one." At the exact start time, the starter will give the command "Go." The starter must not touch the competitor.

6.3.3 Pursuit Starts

Two clocks are provided that the competitors must use for their assigned start time.

6.3.4 Simultaneous and Group Starts

In all the Relays, Mass Start competition, Sprint competition with group starts and Super Sprint Final, the start signal will be given by a shot from a start pistol or another start device, or with a flag. Verbal warning signals will be given at 1 minute, 30 seconds and "ready" prior to the start, with the start signal given within 5 seconds after "ready."

6.3.5 Start in the Hand-Over Zone

In Relay competitions, the relay hand-over must take place within the hand-over zone in such a way that the incoming competitors touch the body (including torso, arms, legs, hands, feet and head) or the rifle of the outgoing competitor with their hand.

6.4 Start Time, Early Start, Late Start and False Start

6.4.1 Electronic Start Time

In single starts, the electronically recorded time when the gate is activated will be considered the start time if competitors activate the gate within 3 seconds before or 3 seconds after the time designated in the start list. If a competitor starts more than 3 seconds before the scheduled time, it will be considered an early start. If a competitor starts more than 3 seconds later than the scheduled start time, it will be considered a late start and the competitor's time will begin from the scheduled time of start.

6.4.2 Manual Start Time

If only manual timing is used for a single start, the competitors' start time will be the time stated in the start list. If a competitor starts before the start signal, it will be considered an early start. If the competitor starts too late, it will be considered a late start.

6.4.2.1 Pursuit Competition

Each competitor's start time is the time listed in the start list. In the event of an early start, the competitor will be penalized or disqualified according to the appropriate disciplinary rule. If a competitor arrives too late at a start, the late competitor must be directed through the spare passage, and the official at that point will record the exact time when the competitor crosses the start line. If competitors were late by their own or their team's fault, their competition time will be calculated from their official start time in the start list. If the cause of the delay was force majeure or incorrect or accidental actions of someone outside their team, their competition time and placement in the Pursuit will be calculated from the time recorded by the official.

6.4.3 Relay and Mass Start Competitions and Sprint Competitions with Group Starts

The start time is the time when the start signal sounds.

6.4.4 Hand-Over Zone Start Time

The start time of the relay team member who is taking over is the moment when the incoming team member enters the hand-over zone by crossing the timing line at the beginning of the zone.

6.4.5 Early Start – Mass start, Sprint, Individual and Relay Teams

If a competitor starts too early in a Mass Start, Relays, Sprint or Individual competition or leaves the hand-over zone without a valid tag, the competitor must return to the start or the hand-over zone. The competitor must then return to behind the start line – or to the hand-over zone in Relay competitions – and start again. If possible the competitors will be restarted at their correct start time either through the gate or over the start line using manual timing (except in the Relays). If the correct start time has already expired, the time of start will revert to the listed start time. Time thus lost will count against the competitor.

6.4.6 False Start – Simultaneous, Group and Hand-Over

If there is a false start during a simultaneous or group start, the IBU Referee and officials in charge may fire a second shot and will stop the competitors. The competitors must then start again. If the Relay hand-over occurs before or after (outside) the hand-over zone, it will be considered a false start and the procedure must be repeated within the zone. Competitors or Relay teams who have made a false start and do not return to start again correctly will be considered as not having started.

6.4.7 Late Start

If competitors are late to the start, they must start at the first possible opportunity as directed by the assistant starter, without obstructing other competitors.

6.4.7.1 If competitors start late due to their own fault, their start time will be recorded as the one on the start list. If their late start was due to force majeure, the competition jury will decide their start time.

6. Start Numbers

6.5.1 General

At all IBU competitions, all competitors must wear the bib assigned to them that has their start number on it. Competitors must also wear their start number on both thighs. Competitors should ensure that their start numbers remain attached to the required positions during a competition. The start number and sequence color worn by a competitor must be the number and color assigned for that competitor for that competition on the competition start list.

6.5.1.1 Numbering

At OWG, WCH, WC, OECH (M/W) and IBU Cup competitions, the set of men's and women's start numbers for each start must begin with the number 1 and must continue in numerical order to the last number.

6.5.1.2 Color

The color of the start numbers must clearly contrast with the base color of the cloth/fabric.

6.5.1.3 Sizes of Start Numbers

The start number sizes required in IBU competitions are detailed in the Materials Catalogue.

6.5.2 Start Number Colors by Competition

6.5.2.1 Individual, Sprint, Pursuit, Mass Start and Super Sprint Competitions

All competitors' start numbers must be of the same design.

6.5.2.2 Relay Competitions

The start number colors that must be used within a team are: red for the starting member, green for the second, yellow for the third and blue for the fourth.

6.6 Weather Conditions

6.6.1 Temperature

Biathlon competitions must not be started if the air temperature is colder than minus 20 degrees Celsius measured at the coldest part of the site (range or course), 1.5 m above ground.

6.6.2 Wind Chill

If it is colder than minus 15°C, wind chill and humidity must be considered before starting and during the competition. In the case of a high wind chill factor, the competition jury will decide whether to start or continue the competition, in consultation with the IBU Medical Delegate or the Competition Physician. The course to be skied may also be changed to avoid windy areas.

7. SKIING REGULATIONS

7.1 General

7.1.1 General Skiing Rules

Competitors must ski the stipulated competition course in the correct sequence and direction on skis, carrying their rifle and the required number of magazines and rounds, and following the marked course precisely. They may use no other form of propulsion than skis, poles and their own muscular force. All skiing techniques are permitted. Since they are required for timing and other measuring purposes, competitors must carry the electronic transponder device(s) provided by the event timing firm, during the competition, attached to one or both ankles as directed. The transponder may not be removed until the official removal place after the competition. The transponder must be of such design that it does not interfere with the competitors' movements in the competition. The maximum weight of each transponder may not exceed 25 g.

7.1.1.1 Did Not Finish

If competitors withdraw from the competition before the finish, they must inform the first official they meet and they are responsible for returning the transponders and the start number to the finish equipment/materials and clothing inspection area as soon as possible and performing the required safety check.

7.1.2 Carrying Rifles

Rifles must be carried on the competitor's back, with the barrel pointing up. If the rifle becomes so damaged during the competition that it cannot be carried on the competitor's back, it must be safely carried in hand to the shooting range and then must be immediately exchanged for the team reserve rifle.

7.1.3 Wrong Course Section

If competitors ski on a wrong course section, or the wrong sequence, they must return to the point where they made the wrong turn, along the part of the course they have skied in error. In order to do so, the competitors may have to ski against the correct ski direction and will be fully responsible for ensuring that they do not obstruct or endanger other competitors. There will be no penalty for having committed the error as long as no other competitors have been impeded.

7.1.4 Passing and Giving Way

A competitor, who is in position to pass another competitor, and wishes to pass, must yell "Track." A competitor who is about to be overtaken must clear the course in front of the passing competitor at the first yell of "Track" or other voice signal, even if the course is wide enough. However, this obligation does not apply to the last 50 m before the finish line and the last 50 m before the hand-over zone. The competitor on or exiting the penalty loop has the right of way over the competitor entering the penalty loop.

7.1.5 Skiing Penalty Loops

In all competitions in which the shot-penalty is the 150 m penalty loop, competitors must ski the loop once for every missed target immediately after the shooting bout.

7.1.5.1 Responsibility

Competitors themselves will be responsible for skiing the required number of penalty loops immediately after the shooting bout. They are not permitted to complete penalty loops at a later time.

7.1.5.2 Penalty Loop Error

If, due to a mistake by the OC or a target malfunction, competitors ski the wrong number of penalty loops, the competition jury must decide on an appropriate time adjustment. In each competition where the penalty loop is used, the OC must ensure that the average penalty loop ski time is recorded, based on at least five competitors.

7.1.6 Start for All Relays, Mass and Group Starts

The use of the skating technique in simultaneous or group starts (one or both legs sideways) is permitted once the start signal is given. Passing is allowed after the start signal is given.

7.2 Obstruction

It is strictly forbidden to impede other competitors in any way at any time during the competition. This ban also includes dropping objects on the competition course or the shooting range in such a way that other competitors are impeded.

7.3 Exchanging Equipment, Repairs, Assistance

7.3.1 Exchanging Skis and Poles

Competitors may exchange one of their skis, but only if it is broken or the binding is damaged. When it can be objectively proven that a competitor has broken both skis or bindings by accident, the jury can accept the exchange of both skis in order for the competitor to finish the competition. Poles and straps may be exchanged repeatedly. On the shooting range, equipment may only be passed to the athletes by competition officials. The replacement skis and poles must be in conformity with the IBU Materials Catalogue rules.

7.3.2 Glide Performance and Equipment Repairs

Competitors may not change the glide performance of their skis by applying any substances during a competition. They may repair their equipment during a competition, provided they receive no assistance from any other person.

7.3.3 Rifle Repairs, Exchange and Ammunition

Assistance to repair a rifle is only permitted on the shooting range by the competition armorer or a competition official on the shooting range. A rifle may be exchanged only on the shooting range. Competitors are permitted to receive ammunition and magazines only on the shooting range.

7.3.4 Refreshments

Competitors may consume refreshments during the competition. The refreshments may be handed to them.

7.3.5 Other Assistance

Competitors are not permitted to receive any assistance from any other person, other than as expressly stated in these rules.

8. SHOOTING REGULATIONS

8.1 General

8.1.1 Shooting Rules

All shooting during training and competition must take place at the shooting range. In a competition competitors must shoot after having completed each of the required sections of the course for the competition, except the last section which will end at the finish or the relay hand-over. The shooting specifications for all competitions are given in Table 1 under 1.3.10. When a rifle is taken out of the stadium area, it must be in a case or a cover bag.

8.2 Shooting Rules for Specific Competitions

8.2.1 Selecting Shooting Lanes

In Individual and Sprint competitions, shooting lanes may be freely chosen by the competitor from among the targets that are ready in the correct sequence (prone or standing). In the Pursuit, Individual and Sprint with group start competitions, the competitors must go sequentially in the shooting lanes starting with lane 1 and taking the lowest available number, until the last shooting lane is reached, at which time the next competitor must go to lane number 1 and the process begins again. In the Mass Start, in the first shooting bout the competitors must shoot from the lane number designated by their start number, and in subsequent bouts by filling in the range sequentially from the right in the order of competitors' arrival on the range. In Relay competitions, the shooting lane designated by the team's start number must be used for the first shooting bout by the first competitor of each team; after that the range will be filled in sequentially from the right in the order of competitors' arrival on the range.

8.2.2 Relay Competitions – Spare Rounds

In the Relay competition, each competitor must fire the first five rounds and if targets remain standing they must use the three spare rounds until all five targets are hit or until all eight rounds are fired. If competitors need spare rounds after having fired the first five rounds, the spare rounds must be hand loaded one by one – not loaded directly from a magazine.

8.3 Shooting Positions

8.3.1 Prone Position

In the prone position, competitors must comply with the following regulations: the rifle may only be in contact with their hands, shoulder

and cheek. The lower side of the wrist of the arm supporting the rifle must be distinctly raised from the ground (snow surface).

8.3.2 Standing Position

In the standing position, competitors must comply with the following regulations: they must stand without any support. Only their hands, shoulder, cheek and the area of their chest next to their shoulder may be in contact with the rifle. They may hold the arm supporting the rifle against their chest or prop it against their hip.

8.3.2.1 No Removal of Skis

Removing one or both skis while shooting – including training and zeroing – is prohibited, and placing any kind of object under the skis is also prohibited.

8.3.3 Position in Shooting Lane

Competitors must ensure that no part of their body, clothing, materials or equipment protrudes over the 1.5 m red lines marking the shooting lane or the extension of those boundaries while shooting. Competitors must also ensure that their rifle muzzle extends over the firing line.

8.3.4 Enforcement

If competitors are warned by a range official that their shooting position or their position in the shooting lane is not in compliance with the rules, those competitors must immediately correct their position.

8.4 Shooting Aids

8.4.1 Use of Shooting Sling and Arm Cuff

Competitors are permitted to use a shooting sling and arm cuff in both the prone and standing positions.

8.4.2 Use of Magazine

The five rounds required in each bout of shooting may be loaded with the use of a magazine. If, after the first shot is fired, rounds are lost from the magazine or fail to fire, a new magazine may not be inserted into the rifle. Such rounds must be loaded individually. However, if a magazine is lost or proves to be defective before the first shot is fired, it may be replaced with another magazine, provided no live round remains in the chamber.

8.5 Safety Regulations

8.5.1 General

Shooting is only permitted on the shooting range, during officially authorized times. Making rifle movements that might endanger others or the competitors themselves, or that may be perceived by others as dangerous, is forbidden. The rifle muzzle must be over the forward edge of the shooting ramp (firing line) from the beginning to the end of the shooting bout. When the range is open for shooting, no one is permitted to be forward of that line. TV crew members and photographers must take responsibility for their own safety if they enter this area. At all times, competitors will be responsible for the safety of their actions and rifles.

8.5.2 Loading and Unloading

After starting in a competition, it is forbidden to open the bolt or remove a magazine from the stock or magazine-well except when stopped on the shooting mat. Rifles may be loaded and unloaded only with the barrel pointing in the direction of the targets or up. Inserting a magazine containing bullets into the rifle is also part of the loading procedure. When moving from one shooting lane to another, competitors must first unload their rifle and place the rifle on their back in the normal carrying position.

8.5.2.1 Safety Check on the Range after Shooting

Rifles must be unloaded after each shooting bout – that is, no round may be left in the chamber or in the inserted magazine. However, competitors are permitted to leave the cartridge case in the chamber and the empty magazine in the rifle after the last shot. At the end of training, competitors must perform a safety check before leaving the shooting range by opening the bolt and removing the inserted magazine, with the barrel pointed toward the target or upward. Competitors must also remove all ammunition from both the stock and the magazines before leaving the shooting range.

8.5.3 Aimed Shots

All shots must be aimed and fired at the targets only.

8.5.4 Removal of Rifle on the Range

Competitors may not remove a strap of their rifle carrying harness from their shoulder before they have reached the shooting lane from which they will be shooting. They must cross the lane marking line with both feet and lay both ski poles on the ground prior to removing their rifle from the carrying position.

8.5.5 Safety at the Finish

At all IBU competitions there must be one or more official(s) at the end of the finish area to open the rifle action of every competitor. This check may only be performed when the rifles are pointing upwards. At the same time, the official will inspect the cartridge case ejected from the chamber. If this safety check is not done, the competitors must do it themselves. All ammunition must be removed from the stock and the magazines.

8.6 Misfires, Lost Rounds/Magazines and Damaged Rifles

8.6.1 Misfires and Lost Rounds/Magazines and Damaged Rifles

Misfired or lost rounds, or magazines, may be replaced by competitors themselves if they are carrying spare rounds or magazines. If they are not carrying spare rounds or magazines, competitors may obtain replacement rounds or magazines from a range official by raising a hand and loudly saying "Ammunition" and the name of their NF. The range official who responds will get the spare rounds from the team's reserve rifle or from the team's support staff behind the range and deliver them to the competitor.

8.6.2 Damaged or Non-Functional Rifles

If a competitor's rifle needs to be repaired or otherwise made functional, the competitor may do the repairs or may accept assistance, but only

from the competition armorer or a range official. If the rifle cannot be made functional, it may be exchanged for the team's reserve rifle.

8.6.2.1 Reserve Rifle

Rifles that have been damaged or are not fully functional during the competition, or that malfunction for technical reasons to such an extent that they cannot be used to continue the competition, may be exchanged for a team reserve rifle that has been inspected and marked at the equipment check and deposited by the team in the designated reserve rifle rack on the range before the competition. The competitor must then complete the competition with a reserve rifle.

8.6.2.2 Rifle/Magazine/Ammunition Exchange Procedure

If a competitor's rifle has been damaged or a magazine lost on the course, the competitor may ski to the team reserve rifle in the rack on the range, prior to going to the shooting lane, and exchange their rifle or replace their magazine, and then continue to their shooting lane. During shooting competitors must indicate that their rifle needs to be exchanged by raising their hand. When a range official responds, the competitors must point to their rifle and say "Rifle" and the name of their NF loudly. The range official will obtain the team's spare rifle from the designated rifle rack and bring it to the competitors.

8.6.3 No Time Adjustment

There will be no time adjustment for repairing or exchanging a rifle or obtaining a spare magazine or rounds.

8.6.4 Response by Range Officials

All range officials must be alert so that they notice a raised hand or a yell by a competitor asking for spare rounds or rifle exchange. Range officials must react with a sense of urgency and move quickly to minimize the time required to bring the rounds or to exchange the rifle.

8.7 Target Errors and Malfunctions

8.7.1 Incorrectly Set Target

If a competitor is confronted with an incorrectly set target, the incorrect target must be set to the correct position immediately. The competitor will then commence shooting from the beginning and will be allowed to use a new magazine if five new shots are needed to complete the bout of shooting. In the event that the competitor had hits from the standing position for a target that was mistakenly set for prone, the hits may be scored.

8.7.2 Target Malfunction

If a target fails to function, the competitor must be directed to another target and the defective target must be blocked off immediately. The range official will inform the competitor whether to continue the shooting bout or recommence shooting from the beginning.

8.7.3 Cross-Firing, Shooting from the Wrong Lane, and Targets Hit by Another Competitor

If the target at which a competitor is shooting is fired at by another competitor, the one shooting incorrectly must be stopped immediately.

If no target plates have fallen, the correct competitor may continue shooting. If a target plate has been hit, the target must be reset immediately and the competitor must then fire the remaining shots on the reset target.

8.7.3.1 Before such a target is reset, the hits and their positions must be recorded. In such a case in the Sprint, Pursuit, Mass Start or Relay competition, the range official must tell the competitor how many penalty loops to do.

8.7.3.2 If competitors cross-fire onto a target not in their shooting lane, and no other competitor is shooting on that target, they will be allowed to continue without the mistake being pointed out to them. However, hits on the wrong target will not be scored. Only those of the competitor's hits that are on the correct target will be scored.

8.7.3.3 For all shooting bouts where shooting lanes are assigned by start number (first shooting bout in Mass Start and Relay), competitors must shoot from their assigned lane unless they are prevented due to the error of another competitor.

8.7.4 Time Adjustments and Responsibility

In those cases where competitors lose time due to a target error that is not their fault, or to a target malfunction, the competition jury will make an appropriate time adjustment.

8.7.4.1 Own Error

If, however, competitors make an error such as cross-firing or selecting a target that has been used and not reset, they themselves will be held responsible and no time adjustment will be made.

8.7.5 Scoring of Shooting

A system of scoring the shooting must be put in place by the OC for all shooting in competitions. Each shot that is fired in a competition must be observed by three independent persons or methods. At events where an electronic target-scoring device is in use and/or required, there must be two separate observations by range officials.

9. THE FINISH, COMPETITION TIME AND RESULTS

9.1 The Finish

9.1.1 Moment of Finish

Finish is the moment when a competitor's or a Relay team's competition time ends. When electronic timing is used, the finish is when the beam of the electronic sensor at the finish line is broken by the competitor. When manual timing is used, the finish is when the competitor crosses the finish line with one or both feet. In Relay competitions the timing is to be taken from the last member to finish.

9.2 Competition Time

The competition time is the period of time elapsed during the competition on which the placing of a competitor or relay team in the results of the competition is based. The time always includes any penalties or adjustments imposed or awarded by the competition jury.

9.2.1 Individual Competitions

In Individual competitions, the competitor's time is the time elapsed between start and finish plus any shot-penalty minutes imposed.

9.2.2 Sprint, Pursuit and Mass Start Competitions

9.2.2.1 In Sprint competitions the competitors' time is the time elapsed between their start and finish.

9.2.2.2 In the Pursuit competition and the Mass Start competition, the first competitor to cross the finish line, after penalties and time adjustments have been accounted for, will be declared the winner. This also applies to the rankings of subsequent finishers. The competitor's time is the time elapsed between the first start and the finish.

9.2.3 Overtaken competitors in Pursuit and Mass Start competitions
In Pursuit and Mass Start competitions at OWG, WCH, WC, OECH (M/W) and IBU Cups, lapped competitors must move to the side and stop competing in the competition immediately when they are overtaken by the leading competitor.

9.2.4 Relay Competitions

In all Relay competitions the competition time of a team member is the time elapsed from the start, or hand-over, to the next completed hand-over or from the hand-over to the finish. The total time of a relay team is the time elapsed between the start of the first member to the finish of the last member. The time of the incoming members stops when they cross the timing line into the hand-over zone; the time of the outgoing members begins at the same moment.

At OWG, WCH, WC, OECH (M/W) and IBU Cups: Lapped competitors must move to the side and stop competing in the competition immediately when they are overtaken by the leading competitor. Those teams will be ranked on the results list and receive all associated points based on the last timing point they passed.

9.2.4.1 Placing in Relay competition

The placings of relay teams in the results will be decided by the finishing order of each team's respective last competitors, after time penalties and/or time adjustments have been accounted for.

9.2.5 Equal Time – Tie

If two or more competitors have the same competition time, they will be placed in the results with equal (tie) rankings. In Pursuit, Mass Start and Relay competitions at OWG, WCH, Y/J WCH, WC and OECH events, if analysis of the photo-finish camera data cannot determine the order in which two or more athletes have finished, a tie will be declared. Equal placings (ties) in a competition will be given an equal number of points.

9.2.6 Photo-Finish

In Pursuit, Mass Start and Relay competitions at OWG, WCH, Y/JWCH, WC, IBU Cup and OECH events, a photo-finish camera must be installed at the finish line to record the finish. The camera must be placed exactly in line with the finish line and in such a position that the entire finish line is seen by the camera. If the photo-finish record is required to decide the order of finish, the order in the photo-finish record will determine

the placings. The decision will be based on the first part of the first foot crossing the finish line. If there is a photo finish, the competition jury will decide the finish order based on the photo finish record.

9.2.6.1 Finish Video Camera

At OWG, WCH, Y/JWCH, WC, IBU Cup and OECH events, a video camera must be installed at the finish in such a way that it will record the start numbers of competitors as they cross the finish line. Such a system is recommended for all other events as well.

9.2.7 Intermediate Times

At OWG, WCH, Y/JWCH and WC competitions, competitors' times must be available for the electronic information board, the media and teams after each bout of shooting. An intermediate timing line will be set after the penalty loop (or after the range for the Individual competition) and each competitor's time must be recorded after each bout of shooting.

9.2.8 Interrupted Competitions

9.2.8.1 At Pursuit and Mass Start competitions where the jury determines it is not possible to complete the fourth bout of shooting, the finish time will be taken at the timing point after the penalty loop following the third shooting bout. At competitions where less than three bouts of shooting are completed, the competition will be stopped and no official results will be produced.

9.2.8.2 At relay competitions that are stopped after the third leg of the relay is completed, the time recorded at that hand-over will be the final result.

9.3 Timing Systems

9.3.1 Requirements

Competition time must be measured electronically, backed by manual timing. Manual timing may be used only if the electronic system fails during the competition. Specifications of timing equipment are given in the IBU Materials Catalogue (Annex A).

9.3.2 Units of Measurement

Electronically and manually measured competition times must be registered to 1/10 (0.1) of a second.

9.4 The Competition Results

9.4.1 General

Results are the record of the performance of the competitors or teams in a competition. The OC will be responsible for producing and distributing the results on paper and electronically. At all IBU events, English must be used in the results; however, more than one language may be used in the same results. Provisional and final results must include the following information:

a. Name and location of the event;

b. Type, time and date of the competition;

c. Course and weather data;

d. Names of the competition jury members;
e. Signature of the TD;
f. Number of competitors entered and total ranked;
g. Number of those who did not start and did not finish;
h. Notes about imposed penalties: Article, time adjustment or kind of penalty;
i. Columns for:
   - placings, in ranking order from first to last;
   - start numbers;
   - last and first names of competitors
   - competitors' year of birth (for start and result lists, when possible);
   - NF or team;
   - shooting penalties per bout;
   - shooting penalties, total;
   - ski times to 1/10 (0.1) second;
   - total time, and team time in Relay;
   - time behind;
   - World Cup points (when appropriate);
   - Nations Cup points (when appropriate).

For the Pursuit competition the times shown are the time behind the first starter for the winner, followed by the time behind the winner for the remaining competitors.

9.4.1.1 Ties

If there is an equal competition time, the tied competitors will be given equal ranking and equal points in the results; however, there will be no next placing in the results.

9.4.2 Types of Results

There are three types of results: intermediate, provisional and final.

9.4.2.1 Intermediate Results

Intermediate results reflect the competition situation during the competition and are for information only. They will be displayed on the score board, announced by the public announcer and will be available through the electronic information system.

9.4.2.2 Provisional Results

Provisional results are the first official record of the competition produced by the OC after the last finish. Provisional results are always subject to protest and must be published and posted at the finish area and competition office as soon as possible after the last competitor has finished. The TD must sign and write the time of posting on the provisional results list so that the end of the protest period is clear.

9.4.2.3 Final Results

The final results are the incontestable final record of the competition and must be published immediately after the deadline for protests has passed, or as soon as the competition jury has made its decisions on protests that have been submitted.

9.4.3 Results Booklet

The final results and other important information about all the competitions for all IBU events must be made into a booklet or posted online.

Three complete booklets of all competition documents must be sent to the IBU headquarters. The booklets must contain:

a. the event program;

b. participant list - NFs, competitors, trainers;

c. decisions of the competition jury and jury of appeal;

d. all final results, with applicable points lists and title page.

All results pages in the booklets must be on white paper only.

9.4.4 Distribution of Booklets and Results

Any NF may request a printed copy of the results booklet from the OC. In addition, the results of the whole season will be made available to all NFs on the IBU website.

10. PROTESTS

10.1 General

Protests must be submitted in writing to the competition secretary or the TD/RD, using the official IBU Protest Form, for the attention of the competition jury, and must be accompanied by a fee of €100, or equivalent in the currency of the host NF. The IBU protest form can be obtained from the Competition Secretary or downloaded from the IBU website. If the protest is upheld, the fee will be refunded. If the protest is rejected, the sum will go to the IBU.

10.2 Protest Types and Conditions

10.2.1 Eligibility Protests

Protests concerning the eligibility of a competitor may be submitted at any time up to the end of the protest time for the competition in question.

10.2.2 Protests During and After Competitions

Protests concerning violation of rules by competitors and team staff, mistakes made by officials, competition conditions and the provisional results must be submitted in the time period from the start of zeroing before the competition until 15 minutes after the posting of the provisional results. The OC must make a clear announcement regarding where the provisional results will be posted.

10.2.3 Repetition or Annulment

If the examination of a protest reveals circumstances that are so serious that cast doubt on the sporting merit of the competition, or if the competition jury from its own observation comes to the same conclusion, the competition jury may decide to repeat the competition or to annul the competition without repetition.

11. PENALTIES

For penalties, refer to the IBU Disciplinary Rules.

12. WORLD CHAMPIONSHIPS – EVENT RULES

12.1 General Regulations

12.1.1 Jurisdiction and Terms

The WCH and Y/JWCH are IBU events and are held under its jurisdiction for men, women, junior men and junior women, and for youth men and youth women. In this section the rules stipulated for WCH will also apply to the Y/JWCH unless a specific difference is indicated.

12.1.2 Event Dates

WCH will be held annually and jointly for men and women during dates approved by the IBU EB, but will not be held during years of the OWG. Y/JWCH for junior men and junior women and for youth men and youth women together will be held annually during dates approved by the IBU EB. If any IBU competition that is normally held at the WCH is not in the program of the OWG, a WCH competition will be held for it in years of the OWG.

12.1.3 Best Biathletes – Financial Responsibility and Selection

Each OC of the WCH must pay the accommodation and meal expenses for the best 30 male and the best 30 female biathletes for a maximum of twelve days during the WCH. The best biathletes at the WCH will be selected from the top rankings of the current WC total score prior to the start of the WCH.

12.2 Bids to host and Appointment of OC's

12.2.1 General

The task of organizing the WCH will be entrusted by the IBU Congress to a member federation of the IBU for the appointed location between a minimum of four and maximum of five years in advance.

12.2.2 Application to Host a WCH

The bid to host a WCH must be submitted to IBU in writing by a NF.

The application and the application fee must be received not later than 90 days before the applicable IBU Congress.

The application fee is as follows:

1st Candidacy for an IBU WCH: Application fee € 45,000.--

If not elected by the IBU Congress, one-third of the fee will refunded by the IBU to the respective NF (€ 15,000)

2nd Candidacy for an IBU WCH: Application fee € 30,000.--

If not elected by the IBU Congress, half of the fee will refunded by the IBU to the respective NF (€ 15,000)

3rd and any further Candidacy for an IBU WCH: Application fee € 10,000.--

No refund

The venue for which the bid is made must have an A license at the time of the application deadline. The application must be submitted using the official IBU application form and must be signed by the NF president or SG.

12.2.3 The IBU Event Hosting Declaration

After a host for a WCH has been appointed, the hosting NF must sign the IBU Event Hosting Declaration. By signing, the hosting NF will testify that it accepts and will fulfill, in the required time, the tasks, measures and duties stipulated in the Declaration.

12.3 Event Schedule and Program

The proposed event schedule and program will be established by the OC in consultation with the RD and submitted to the IBU headquarters at least two years prior to the start of the event. The program must be submitted to the TC for review and must be approved by the IBU EB at the latest one year prior to the start of the WCH.

12.4 Progress Reports

The OC must report regularly about its progress to the IBU.

12.5 Information Bulletins and Invitations

12.5.1 Preliminary Information

At least one year prior to the WCH, the OC must send a preliminary information bulletin approved by the RD to all IBU member federations and to the IBU headquarters. The bulletin must provide all significant information about the WCH that is required by the NFs at that time.

12.5.2 Official Invitation

Not later than 1 September of the year preceding the WCH, the OC must send the official invitations approved by the RD to all IBU NFs and to the IBU headquarters. NFs that require a special invitation for visa purposes must request them from the OC.

The OC must circulate detailed information to all IBU NFs and to the IBU headquarters. The Invitation must provide detailed information in accordance with the OC Guidelines.

Invitations may be sent in electronic form by e-mail and by placement on a website with notification by e-mail.

12.6 Participation

12.6.1 Quotas – WCH

12.6.1.1 Maximum Registration and Entries

Each NF may register and enter athletes according to the quota shown below based on their Nations Cup rank from the previous season.

NATION CUP RANK	WCH REGISTER	WCH START	TOTAL REGISTERED	TOTAL START
1 – 5	8	4	40	20
6 – 15	7	4	70	40
16 – 25	5	3	50	30
26 – 30	4	2	20	10
31 + & Not Ranked (Wild Cards total 10)*		10	10	10
			190	110

* Maximum 2 athletes per NF

12.6.1.1.1 Additional Start Quotas

a) Those NFs without a quota based on their Nations Cup ranking can earn a start quota of up to a maximum of two competitors through NF Wild Cards. The 10 best-ranked athletes on the IBU qualifying-points list from a NF not already having a quota in the WCH, earn a start quota for their respective NF (maximum two per NF).

b) Additionally, the NFs of the Individual, Sprint, Pursuit and Mass Start champions of the previous year's OWG or WCH may enter those competitors at the WCH Individual, Sprint and Mass Start competitions respectively, in addition to their NF's quota. The Pursuit Champion of the previous year's OWG or WCH may enter additionally in the Sprint competition, however the NF's quota for the Sprint competition may not exceed five (5) per NF.

12.6.1.2 Pursuit Competitions

The top 60 competitors from the qualifying competition will be entitled to start in the Pursuit competition.

12.6.1.3 Mass Start Competitions

The Mass Start competition entries consist of 30 competitors, determined as follows: the top 15 from the WC total score plus any medal winners that are not among the top 15 in the WC total score, then the remaining competitors will be filled in from the points they have acquired in the Individual, Sprint and Pursuit competitions of the WCH being held, in ranking order. Start numbers will be assigned in the order as follows: the gold medalist of the first personal competition of the WCH will receive start number 1; the gold medalist of the second personal competition will receive number 2; and the gold medalist of the third personal competition will receive number 3, with the silver medalists of the personal competition receiving start numbers in the same order beginning with start number 4–6, and bronze medalists in the same way beginning with start number 7–9. The top competitors in the current WC total score will receive start number 10, and so on. If a competitor has won more than one medal in the personal competitions of the WCH being held, he will receive the lowest start number in keeping with the above sequence and other competitors will move up in the same order, and the same principle will apply if more than one competitor wins multiple medals, or if one or more competitors are missing. Four competitors will be the maximum number of entries allowed by any one NF. However, if an NF has more than four medalists, then all medalists from that NF will

be entitled to start. In addition to the NF's quota, the champions of the previous year's OWG or WCH Mass Start will be allowed to be entered. She and he will receive start number 30 unless they have already been selected in accordance with the above rule.

12.6.1.4 Relay Competitions

The best 30 NFs (women's and men's results) may enter relay teams based on the previous year's Nations Cup score.

12.6.1.5 Mixed Relay Competitions

A maximum of 30 Mixed Relay teams will be allowed to participate (one per NF), based on the sum of the NF's current women's and men's Nations Cup score. If any of the top-30 ranked teams are not entered, the next ranked teams may enter.

12.6.2 Quota – Y/JWCH

12.6.2.1 Maximum Registration and Entries

Each NF may register a maximum of five junior men and junior women each, and five youth men and youth women each in the Y/JWCH. The following entry regulations apply to specific competitions at the Y/JWCH:

12.6.2.2 Individual and Sprint Competitions

A maximum of four competitors per NF may be entered for each of the following classes: junior men, junior women, youth men and youth women. Additionally, the NFs of the Individual and Sprint champions in the previous year's Y/JWCH will be granted the right to enter them at the Y/JWCH Individual and Sprint competitions in addition to their NF's quota, as long as the competitors are still in the same class as they were at the previous Y/JWCH.

12.6.2.3 Pursuit Competitions

In each of the classes junior men, junior women, youth men and youth women, the top 60 competitors in the qualifying competitions will be entered.

12.6.2.4 Relay Competitions

Each NF will have the right to enter one relay team per class for the Y/JWCH Relay competitions.

A competitor may start in one Relay only (youth or junior).

12.6.2.5 Team Staff

Article 1.5.1.1 f will apply accordingly.

12.7 Awards

12.7.1 Official Medals

Competitors placed first, second and third in the Individual, Sprint, Pursuit and Mass Start competitions will be awarded the IBU medal in gold, silver and bronze, respectively. Each member of the relay teams placed first, second and third will be awarded the IBU gold, silver or bronze medal respectively. IBU medals will only be given for competitions where three or more competitors or relay teams are competing.

12.7.1.1 Awards Ceremony

The presentation of the official World Championships medals must include flag raising and national anthems. Competitors may not appear with competition materials/equipment.

12.7.1.2 Flower Ceremony

The flower ceremony is the TV presentation of the top 3 competitors and top 3 relay teams immediately after the end of the competition. The competitors must appear wearing their competition start numbers, and may have with them their competition materials/ equipment.

12.8 Leader Start Numbers

The competitors, both men and women, who are the best ranked in the Individual, Sprint, Pursuit and Mass Start competitions in the current World Cup score will wear a numbered "World Cup Leader" start number during the World Championships instead of a conventional start number. World Cup Leader Bib colors:

a) Total score leaders – yellow

b) Individual, Sprint, Pursuit, Mass Start leaders – red

c) Total score leaders who are concurrently best ranked in the respective competition type – yellow/red combined.

13. THE OLYMPIC WINTER GAMES – EVENT RULES

13.1 Rules

The IOC has jurisdiction over the OWG; however, these Event and Competition Rules will apply to the OWG.

13.2 Venue Access for NF Teams

All NF Teams must be allowed access to the venue for 10 days in February the year before the Games and for 10 days each in December and January in the season of the Games. The courses must be groomed daily.

13.3 Schedule and Program

The event schedule and program for the competitions will be established by the OC in consultation with the RD/TD. The schedule and program must be submitted to the TC for review and must be approved by the IBU EB.

13.4 National Federation Quota

The NF Registration and Entry Quota for the OWG is based on the NF's ranking in the Nations Cup from the season before the OWG. Further details are determined by agreement between the IOC and IBU EB.

NATION CUP RANK	REGISTER	START	TOTAL REGISTERED	TOTAL START
1 – 5	6	4	30	20
6 – 20	5	4	75	60
21 – 22	2	2	4	4
NOCs Wild Cards (total 6) *			6	6
			115	90

* Maximum 2 athletes per NOC

13.4.1 Host Nation Exception to the OWG Quota

Subject to athletes meeting the IBU personal qualification criteria for the Olympic Winter Games, the host country of the OWG will be permitted to start with a minimum of one competitor and/or one team, of each gender, in each competition (with the exception of the Pursuit and Mass Start in which all athletes must qualify individually). The host country athletes entered under this provision must be included as part of the overall IBU/IOC athlete quota allocation. Any relay team that is entered under this provision will be entered in addition to the qualified relay teams and athletes.

13.5 Team Areas and Facilitys

13.5.1 Ski Preparation Areas

In or very near the stadium area, there must be a sufficient number of permanent buildings or good-quality temporary facilities in which teams may store materials/equipment and wax skis. These rooms or cabins must be provided with lights, electric power outlets and adequate ventilation for removing wax fumes, and must be warmed to at least 20 degrees Celsius.

Each NF/NOC must have its own wax cabin for at least 12 sq m, whilst NFs/NOCs with a total of eight or more competitors entered to start must be given two wax cabins or one very large cabin, unless they have a wax truck at the venue.

The cabins should be equipped with locking doors and teams are to be issued with corresponding keys. If the entrances cannot be locked, the OC must provide security for the cabins.

13.5.2 Parking Areas

Parking space for team vehicles, ski preparation trucks and/or ski grinding machine containers must be provided within reasonable walking distance of the cabins.

13.5.3 Changing Room/Cabin

Each NF/NOC with three or more competitors must be provided a changing room or cabin of sufficient space to meet the needs of the team size. Those NFs/NOCs with less than three athletes may share a changing room/cabin with one other NF/NOC.

13.5.4 Athlete and Team Staff Lounge

The OC must provide an athlete and team staff lounge at the venue, with sufficient food and beverage services at meal times and a snack service between meal times, beginning two hours before all scheduled trainings (both official and general trainings) and competitions, and closing one and a half hours after the conclusion of the last scheduled training or competition of that day.

14. CONTINENTAL CHAMPIONSHIPS AND CONTINENTAL CUPS – EVENT RULES

14.1 Continental Championships

14.1.1 General

The CCH are IBU events that are organized under its jurisdiction jointly for men, women, junior men and junior women. At events other than the OECH it is allowed to include competitions for youth man and youth women.

OECH hosts will be appointed by the EB based on the applications from the respective member federations and recommendations of the TC. Specific rules for the OECH are covered under Article 17 of these rules.

14.1.2 Competition Types

The following competition types are authorized at CCH: Individual, Sprint, Pursuit, Mass Start, Mixed Relay and Relay. All official IBU competitor classes are authorized to participate as stipulated by the respective NFs of the continent.

14.1.3 Eligibility and Participation

Competitors from all IBU member NFs will be eligible to participate in CC and CCH events.

However, only members of the teams of the host continent NFs will be eligible to be Continental Champions and medalists. Participation quotas will be set by the respective NFs from that continent.

14.1.4 Competition Rules

The IBU Event and Competition Rules apply to the CCH. Special rules may be developed and set by the respective NFs from that continent.

14.1.5 Awards

Official IBU medals will be awarded to the competitors as follows: first place – gold; second – silver; third – bronze. Additional prizes may be awarded by the respective NFs from that continent.

14.2 Continental Cups (CC) and Regional Cups (RC)

14.2.1 General

Continental Cups/Regional Cups are IBU events. The competition series are open to all IBU members. CC/RC may not be organized at the same venue and time as WC competitions. Exceptions may be authorized by the IBU.

14.2.2 Event Hosting Applications and Appointment of NFs

Each IBU member NF may apply to organize one or more CC/RC event(s) for their respective continent/region per season in their country. Applications must be submitted to the IBU by 15 September for events in the coming winter and by 15 April for events in the coming summer.

14.2.3 Competition Rules

The IBU Event and Competition Rules apply to the CC/RC in principle as far as they are applicable. Special rules may be developed by the respective NFs in that continent/region provided such rules obtain IBU approval together with the hosting application.

15. WORLD CUP – EVENT RULES

15.1 General Regulations

15.1.1 Jurisdiction

WCs are IBU events and are held under its jurisdiction for men and women. These rules apply to WC events.

15.1.2 TD and IR Expenses

The travel, accommodation and meal costs, and daily allowance of the IBU TD and IRs will be borne by the OC for the period they are required for the event, in accordance with the current IBU policy.

15.1.3 Best biathletes – Financial Responsibility and Selection

Each OC of a WC event must pay for the accommodation and meal expenses for the best 25 male and the best 25 female biathletes for a maximum of seven full days for a three-competition WC event and five full days for a two-competition WC event. The best biathletes for the current competition season up to the end of December will be selected from the top rankings in the previous year's World Cup total score. For the part of the season beginning on 1 January, the selection will be from the top rankings in the World Cup total score as of the end of December. For the part of the season beginning on 1 February, the selection will be from the top rankings in the World Cup total score as of the end of January and will continue on that basis for the remainder of the season.

The NFs of the male and female winners of the IBU Cup total score will also receive additional funding from the IBU for their winner's participation at the World Cup Final.

15.2 WC Annual Scheduling

15.2.1 Number of WCs per Season

The number of events to be held will be determined by the IBU EB based on the recommendation of the TC.

15.2.2 WC Annual Calendar

WC events will be held prior to and after the annual WCH or the OWG. They are to be held in the time-frame set by the IBU EB.

15.3 Bids to Host an Event and Appointment of Hosts

15.3.1 Authority to Appoint

Hosts of WC events will be appointed by the IBU EB, based on a recommendation by the IBU TC.

15.3.2 Applications to Host WC Events

Applications for hosting WC events must be submitted by the applying NFs to the IBU headquarters before the deadline set by the IBU EB. An IBU A license is required to apply. Applications must be submitted to the IBU headquarters using the official IBU application form and must be signed by the President or SG of the NF.

15.3.2.1 A NF may apply to organize one or more WC events during a competition season. In most cases a NF may organize only one WC event per season.

15.3.3 The IBU Event Hosting Declaration

The hosting NF must sign the IBU Event Hosting Declaration, thereby testifying that it accepts and will fulfill, in the required time, the tasks, measures and duties stipulated in the Declaration.

15.4 WC Program

The program for a WC event will be set by the IBU EB in consultation with the event host, the broadcasting company with which the IBU has entered a contractual agreement for TV distribution and the TC, as soon as possible.

15.5 Invitations

Invitations to WC events must be approved by the RD and must be sent by the OC to all IBU NFs and the IBU headquarters not later than three months before the start of the event. The invitation may be sent electronically by email or by posting it on a website with notification by e-mail.

15.6 Participation

15.6.1 Registration and Entry Quotas

Based on the previous year's World Cup Nations Cup score final standings, NFs may participate with the respective following quota of male and female competitors at WC Individual and Sprint competitions, based on the NF's ranking in the previous season's Nations Cup score:

NATION CUP RANK	REGISTER	START	TOTAL REGISTERED	TOTAL START
1 – 5	8	6	40	30
6 – 10	7	5	35	25
11 – 17	6	4	42	28
18 – 23	5	3	30	18
24 – 25	4	2	8	4
Promotion from IBU Cup	2	1	2	1
NF Wild Cards (total 4)*	1	1	4	4
			161	110

* Maximum 1 athlete per NF

Wild-Card Definition and Purpose:

In addition to the quota for NFs stated above, four NF wild-cards granting a World Cup start quota for one competitor will be given to the NFs that do not have a World Cup quota. Wild-cards are limited to one per NF per gender and are valid for a single trimester. However, they may be renewed for the following trimester.

Eligible NFs:

The top four athletes on the IBU qualifying-points list from a NF not already having a quota in the WC earn a WC start quota of one for their respective NF. The IBU qualifying-points list will be updated after each trimester, or as scheduled and announced annually by the IBU EB. After each update the NFs earning a wild card quota will be allowed to register and start one athlete for the following trimester, or until the next update as scheduled and announced by the IBU EB.

Wild-Card Renewal:

At the end of each season, following the promotion/relegation of the NF WC quota (according to 15.6.2), eligible NFs will be given wild-cards for the first trimester of the following season if available.

Each athlete who starts in the WC (including NF wild-card athletes) will receive Nations Cup points and WC points, and will be listed in all competition results and point rankings.

15.6.2 Relegation and Promotion

At the end of the season, the following system of NF promotion and relegation between the WC and IBU Cup will be used:

Nations ranked 1-25 in the WC Nations Cup ranking automatically remain in the WC for the following season. The top NF in the IBU Cup Nations Cup score, not ranked in the top 25 of the WC Nations Cup score, will be granted a World Cup quota to register two and start one athlete for the coming season.

15.6.3 Additional Start Rights at WC Final on the Basis of IBU Cup Total Score

At the World Cup Final, NFs are allowed to enter competitors in addition to the quota based on how many competitors they have ranked in the top 10 of the IBU Cup total score final standings, up to a maximum of two per NF. The NF is free to use these additional entries for any qualified

competitor. The NFs with the winner of the IBU Cup total score for men and women will also receive additional funding from the IBU for the winner's participation at the World Cup Final.

15.6.4 Pursuit Competitions

The top 60 competitors from the qualifying competition will be entitled to start in the Pursuit competition.

15.6.5 Mass Start Competitions

The Mass Start competition entries will consist of the top 25 competitors in the current WC total score and the remaining five competitors will be filled in, in rank order from the points they have acquired at the current WC event. If the last qualified competitors are tied, the one with the best WC total score will qualify. If competitors are absent from the top 25, they will be filled in from the current WC total score list in rank order. Start numbers will be assigned based on the list standings – with the top-ranking competitor receiving number 1, the second number 2, and so on. The final five start numbers will be assigned in rank order from the WC Points scored at the current event.

15.6.6 Relays

At WC events with relays, all NFs having a start right may register the minimum number of athletes required to compete in the relay provided all the athletes meet the qualification requirements for the WC. This rule also applies to mixed relays and single mixed relays provided the NFs have both men and women with a start right for the WC. The affected NF teams are therefore allowed to register a maximum of four (4) for Relay competitions, two (2) per gender for Mixed Relay competitions and three (3) per gender when the Mixed Relay and Single Mixed Relay competitions are held at the same WC event.

15.7 World Cup Leader Start Numbers, Flower Ceremony and other Prizes

15.7.1 General

Men and women competitors who are ranked the best in the Individual, Sprint, Pursuit and Mass Start competitions in the current World Cup score and in the WC total score must wear a World Cup Leader start number during the competition.

15.7.2 World Cup Leader Start Numbers

The WC leader start numbers will have the competitors' number as shown on the start list, and be colored as follows:

a. WC total score leaders – yellow;

b. Each Individual, Sprint, Pursuit, Mass Start leader – red;

c. WC total score leaders who are at the same time best ranked in the respective competition type – yellow/red combined.

Numbers will be printed on the start numbers. Any advertising on the WC leader start numbers will be fully under IBU jurisdiction.

15.7.3 Provision of Leader Start Numbers

The World Cup leader start numbers will be provided by the IBU and will be brought to WC events as organized by the IBU.

15.7.4 Flower Ceremony

The flower ceremony is the TV presentation of the top 3 competitors and top 3 relay teams immediately after the end of the competition. Competitors must appear wearing their competition start numbers and may have with them their competition materials/equipment.

15.8 World Cup Scoring System

15.8.1 General

A scoring system will be used to reflect the competition performance of competitors, relay teams and NFs throughout each WC competition season. Those competitors who have attained the highest final scores of the season will be the winners.

15.8.1.1 Types of Scores

The following types of scores are used:

a. World Cup total score;
b. World Cup Individual score;
c. World Cup Sprint score;
d. World Cup Pursuit score;
e. World Cup Mass Start score;
f. World Cup Relay score;
g. World Cup Mixed Relay score;
h. Nations Cup score.

15.8.2 Awarding Points

There are two kinds of points awarded at WC and WCH competitions: World Cup points and Nations Cup points. They are awarded as follows:

15.8.2.1 World Cup Discipline Points

At each WC and WCH Individual, Sprint, Pursuit, Relay and Mixed Relay competition, points will be awarded for each discipline as follows:

1st place	60 points	2nd place	54 points
3rd place	48 points	4th place	43 points
5th place	40 points	6th place	38 points
7th place	36 points	8th place	34 points
9th place	32 points	10th place	31 points
further decreasing by one down to 40th place (1 point).			

For Mass Start competitions WC points will be awarded as follows:

1st place	60 points	2nd place	54 points
3rd place	48 points	4th place	43 points
5th place	40 points	6th place	38 points
7th place	36 points	8th place	34 points
9th place	32 points	10th place	31 points
further decreasing by one down to 21st place (20 points) and then decreasing by two points down to 30th place (2 points).			

15.8.2.2 Nations Cup Points

Nation Cup points are awarded separately for men and women. At each WC and WCH individual and sprint competition, the following points are awarded:

1st place	160 points	2nd place	154 points
3rd place	148 points	4th place	143 points
5th place	140 points	6th place	138 points
7th place	136 points	8th place	134 points
9th place	132 points	10th place	131 points
and then decreasing by one point down to 80th place and then decreasing by 2 points thereafter with one point awarded for 110th place and higher.			

For Relays at each WCH and WC Relay competition the following Nations Cup points will be awarded:

1st place	420 points	2nd place	390 points	3rd place	360 points
4th place	330 points	5th place	310 points	6th place	290 points
7th place	270 points	8th place	250 points	9th place	230 points
10th place	220 points	11th place	210 points	12th place	200 points
13th place	190 points	14th place	180 points	15th place	170 points
16th place	160 points	17th place	150 points	18th place	140 points
19th place	130 points	20th place	120 points	21st place	110 points
22nd place	100 points	23rd place	90 points	24th place	80 points
25th place	70 points	26th place	60 points	27th place	50 points
28th place	40 points	29th place	30 points	30th place	20 points

For the Mixed Relay and the Single Mixed Relay, half the Relay Nations Cup points will be awarded to each gender.

15.8.3 Criteria

15.8.3.1 WC Total, Individual, Sprint, Pursuit, Mass Start, Relay and Mixed Relay Scores

Scoring will be based on the Individual, Sprint, Pursuit, Mass Start Relay and Mixed Relay competitions at the WC events and the WCH of that season.

15.8.3.2 Nations Cup Score

Scoring of the Nations Cup will be based on all of the WC and WCH Individual, Sprint, Mixed Relay and Relay competitions of that season.

15.8.4 Calculation

15.8.4.1 World Cup Total Score

For all competitors, the World Cup total score will be based on the Individual, Sprint, Pursuit and Mass Start competitions. The scores from all competitions will be added together minus the two lowest scores and the sum will be the WC total score.

15.8.4.2 World Cup Individual, Sprint, Pursuit, Mass Start, Relay and Mixed Relay Score

The WC score of each of the types of the competitions will be calculated the same way by adding together the scores of all the competitions of

each type. A minimum of two competitions must be scored in a single season for a cup to be awarded.

15.8.4.3 Nations Cup Score

The NFs' best three competitors earn Nations Cup points in Individual and Sprint competitions. The sum of these points will become the NF's Nations Cup score for that competition. The Relay and applicable Mixed Relay Nations Cup points will be added to those from the Individual and Sprint; the ranking of the cumulative sum of all the scored events in the current season will become the respective NF's ranking.

15.8.5 Breaking of Ties in Standings

If there is an equal number of points in any standings during or at the end of the season, the best placed competitor or NF will be the one who won more first places, and if there is still a tie, who won the most second places, etc. If, after following this procedure, the tie cannot be broken, a tie will be declared.

15.8.6 World Cup Score

15.8.6.1 Current Standings

After each WC and WCH competition, the OC of the event must ensure that a World Cup current standing list containing the results of that and the preceding competitions is compiled and distributed to each participating NF.

15.8.6.2 Final Score

The OC of the World Cup Final must ensure that a final list of all the World Cup and Nations Cup scores is compiled.

15.9 Awards

15.9.1 General

World Cup trophies will be awarded at the end of the competition season based on the World Cup score final standings.

15.9.2 Award Categories

The World Cup trophies will be awarded to:

a. the man and woman placed first in the World Cup total score;
b. the man and woman placed first in the World Cup Individual score;
c. the man and woman placed first in the World Cup Sprint score;
d. the woman and man placed first in the World Cup Pursuit score;
e. the woman and man placed first in the World Cup Mass Start score;
f. the NFs placed first in the men's and women's World Cup Relay score;
g. the NFs placed first in the World Cup Mixed Relay score;
h. the NFs placed first in the women's and men's World Cup Nations score.

15.9.3 Right to Retain Trophies

World Cup trophies may be retained as follows:

a. The World Cup trophies awarded for the WC total, Individual, Sprint, Pursuit and Mass Start scores will become the property of the winners.

b. The World Cup trophies awarded for the World Cup Relay and Mixed Relay score will become the property of that NF.

c. The Cup for the World Cup nations score is a perpetual challenge cup that will be retained by the IBU. Miniature cups, for retention by the winning NFs, will be awarded every year.

15.9.4 Provision of Trophies

The World Cup trophies and certificates will be provided by and at the expense of the IBU.

15.9.5 World Cup and Nations Cup Certificates

The IBU will present a certificate to the top -10 competitors and NFs according to the World Cup total score and Nations Cup. In each type of competition the IBU will present a certificate to the top placed competitor at the end of a competition season. The presentations will take place during the WC Final at a suitable occasion.

15.9.6 Other Prizes

OCs and other bodies may present other prizes.

15.9.7 Prize Money

Prize money is permitted in amounts as directed by the IBU EB.

16. IBU CUP – EVENT RULES

16.1 General

IBU Cups are IBU events that, as a general rule, are held for men and women. Juniors may compete as stipulated in Art. 1.2.2. Youth athletes are entitled to start in the IBU Cup, if:

a. they have achieved the WC or IBU Cup qualification in the previous or current season or

b. they have achieved at least one result among the top half of the finishers at the Youth or Junior WCH, Junior IBU Cup, WC, WCH, OECH, YOG or EYOF in the previous or current season.

The number of IBU Cup events in each competition season will be set by the IBU Executive Board upon the recommendation of the TC. The TC will make recommendations to the EB. The EB will decide how many and what types of competitions will be organized at an event. This information will be included in the IBU Biathlon Guide. IBU Cup points will be awarded at the OECH.

Immediate effect for season 2016/2017

16.2 Registration and Entry Quotas

NFs may participate with the following quota of male and female competitors respectively at IBU Cup event individual and sprint

competitions, based on the NF's ranking in the previous season's IBU Cup Nations Cup score final standings:

IBU CUP RANKING	REGISTER	START	MAXIMUM ON START
1 to 5	8	6	30
6 to 10	7	5	25
11 to 20	6	4	40
21 and above	5	3	(60)
			Total 155

Immediate effect for season 2016/2017

16.2.1 General:

In each IBU Cup trimester, each competitor must score 250 IBU qualifying points or less at least once, or have 250 points or less on the IBU qualifying points list, and demonstrate safe competence in skiing and on the shooting range. Competitors who fail to reach this quality performance standard may not start in the IBU Cup until the second following trimester unless they have currently qualified for the WC. Youth class competitors may start in the IBU Cup, however only as stipulated in Art. 16.1 above.

Immediate effect for season 2016/2017

16.2.2 IBU Cup for non-European countries:

All non-European NFs will have an IBU Cup start quota of 4 (four) and may register 6 (six), unless they are entitled to more according to Art. 16.1 above.

16.3 Competitors and Entries

The Host NF may register 8 (eight) and start 6 (six) per gender. All entered competitors will be eligible to earn IBU Cup points.

16.4 Scoring

At IBU Cups and the OECH, IBU Cup points are awarded.

16.4.1 IBU Cup Discipline Points

At the OECH and IBU Cup Individual, Sprint, and Pursuit competitions, points will be awarded for each discipline as follows:

1st place	60 points	2nd place	54 points
3rd place	48 points	4th place	43 points
5th place	40 points	6th place	38 points
7th place	36 points	8th place	34 points
9th place	32 points	10th place	31 points
further decreasing by one down to 40th place (1 point).			

At Mass Start competitions, points will be awarded as follows:

1st place	60 points	2nd place	54 points
3rd place	48 points	4th place	43 points
5th place	40 points	6th place	38 points
7th place	36 points	8th place	34 points
9th place	32 points	10th place	31 points
further decreasing by one down to 21st place (20 points) and then decreasing by two points down to 30th place (2 points).			

16.4.2 IBU Cup Nations Cup Points

Nations Cup points are awarded separately for men and women. At the OECH and IBU Cup Individual and Sprint competitions, the following points are awarded:

1st place	160 points	2nd place	154 points
3rd place	148 points	4th place	143 points
5th place	140 points	6th place	138 points
7th place	136 points	8th place	134 points
9th place	132 points	10th place	131 points
and then decreasing by one point down to 80th place and then decreasing by 2 points thereafter with one point awarded for 110th place and higher.			

At each OECH and IBU Cup Relay competition, the following Nations Cup points will be awarded:

1st place	420 points	2nd place	390 points	3rd place	360 points
4th place	330 points	5th place	310 points	6th place	290 points
7th place	270 points	8th place	250 points	9th place	230 points
10th place	220 points	11th place	210 points	12th place	200 points
13th place	190 points	14th place	180 points	15th place	170 points
16th place	160 points	17th place	150 points	18th place	140 points
19th place	130 points	20th place	120 points	21st place	110 points
22nd place	100 points	23rd place	90 points	24th place	80 points
25th place	70 points	26th place	60 points	27th place	50 points
28th place	40 points	29th place	30 points	30th place	20 points

For the Mixed Relay and the Single Mixed Relay, half the Relay Nations Cup points will be awarded to each gender.

16.5 Types of Scoring

The following types of scoring are used for men and women:

a. IBU Cup total score (Individual, Sprint, Pursuit & OECH Mass Start);
b. IBU Cup Individual score;
c. IBU Cup Sprint score;
d. IBU Cup Pursuit score;
e. IBU Cup Relay score (including all types of relays);
f. IBU Cup Nations Cup score (Individual, Sprint, Relay, Mixed Relay).

16.5.1 Calculation

16.5.1.1 IBU Cup Total Score

For all competitors, the IBU Cup total score will be based on the Individual, Sprint, Pursuit, and OECH Mass Start competitions. The scores from all OECH and IBU Cup competitions will be added together minus the two lowest scores, giving the IBU Cup total score.

16.5.1.2 IBU Cup Individual, Sprint, Pursuit and Relay Score

The IBU Cup score of each of the types of the competitions will be calculated the same way by adding together the scores of all the competitions of each type. A minimum of two competitions must be scored in a single season for a Cup to be awarded.

16.5.1.3 IBU Nations Cup Score

The NFs' best three competitors earn IBU Cup Nations Cup points in Individual and Sprint competitions at the OECH and the IBU Cup. The Relay and applicable Mixed Relays Nations Cup points will be added to those from the Individual and Sprint; the ranking of the cumulative sum will become the respective NF's ranking, minus the single lowest score from any Relay and the single lowest score from an Individual or Sprint competition.

16.5.1.4 Breaking of Ties in Standings

If there is an equal number of points in any standings during or at the end of the season, the best placed competitor or NF will be the one who has won more first places, and if there is still a tie, who has won the most second places, etc. If, after following this procedure, the tie cannot be broken, a tie will be declared.

16.6 Awards

16.6.1 The competitors placed first in the competitions listed under Art. 16.5 a–e will be awarded an IBU Cup Trophy.

16.6.2 The IBU Cup Trophies will be paid for by the IBU.

16.7 Competition Rules

16.7.1 Scope

The IBU Event and Competition Rules apply to IBU Cup events; however, exceptions may be stipulated.

16.8 Relay/Mixed Relay Teams at IBU Cup

Each NF is allowed to enter one team. No draw will be made for the Relay, and start numbers will be assigned based on the NF's current men's or women's IBU Cup Nations Cup score respectively, with the start numbers assigned in rank order. For the Mixed Relays, start numbers will be assigned based on the sum of the NF's current men's and women's IBU Cup Nations Cup score, with the start numbers assigned in rank order. If a team is missing or not entered, all teams below it will move up a number correspondingly.

During trimester 1 of each season, the respective final NC Score of the previous season will apply – for both Relay and Mixed Relay start orders.

The assigned Relay/Mixed Relay/Single Mixed Relay start number will be each team's start position for the simultaneous start and their shooting lane number on the range for zeroing and for the first bout of shooting only.

In case there are more than 30 relay teams, the best teams from the respective NC Scores are qualified in rank order. If there are still free start positions, these can be filled up with unranked NFs; their start position will be determined by a simple jury draw.

17. OPEN EUROPEAN CHAMPIONSHIPS (OECH)

17.1 Jurisdiction and Terms

The OECH is an IBU event and is held under its jurisdiction for men and women.

17.2 Eligibility

As a general rule, OECH are held for men and women. Juniors may compete as stipulated in Art. 1.2.2. Youth athletes are entitled to start in the IBU Cup, if:

a. they have achieved the WC or IBU Cup qualification in the previous or current season or

b. they have achieved at least one result among the top half of the finishers at the Youth or Junior WCH, Junior IBU Cup, WC, WCH, OECH, YOG or EYOF in the previous or current season. IBU Cup points will be awarded at the OECH. Athletes who have not earned the right to start in the respective IBU Cup trimester under Art. 16.2.1 may nevertheless compete at the OECH.

17.3 Participants, Registration and Entry

Competitors must be members of an IBU NF. All NFs of the IBU may register up to seven competitors in each class to participate in the OECH. Six competitors from each NF may be entered to start in the individual and sprint competitions per class. Each NF may enter one relay team per class in the relay competition. The 60 best competitors from each class in the qualification competition will be eligible to start in the pursuit competition. Additionally, the NFs of the individual, sprint and mass start champions from the previous year's OECH will be granted the right to enter them at the respective OECH individual and sprint competitions, in addition to their NF's quota. The Mass Start entry list will be made in rank order from

a) the TOP 10 athletes from the current IBU Cup Total Score

b) the medal winners of the current OECH (if not already qualified)

c) the rest of the field will be filled in rank order with athletes having earned the highest sum of the IBU Cup points at the OECH.

d) In addition, the previous year´s OECH Mass Start Champion will be allowed to start and will receive start number 30.

If athletes qualified according to a), b) or d) are not present/do not intend to start, those free starting places will be filled in with athletes from point c).

17.4 Competition Program

The competition program may consist of the Individual, Sprint, Pursuit and Mass Start for men and women, and Relay or Mixed Relays.

17.5 Event and Competition Rules

17.5.1 Scope

The IBU Event and Competition Rules will apply to the OECH with the following deviations:

17.5.2 Classes of Competitions

OECH events consist of competitions for men and women.

17.5.3 Scoring

IBU Cup Points and IBU Nations Cup Points will be awarded at the OECH in the same manner they are for IBU Cup events.

17.5.4 Awards

The rules for WCH events under Art. 12.7 will apply accordingly.

18. IBU JUNIOR CUP

18.1 General

The IBU Junior Cup is an IBU competition series for junior-class competitors. Youth-class athletes may compete if they start as junior-class competitors and meet the requirements for competing as juniors.

18.2 Events and Competitions

All IBU member federations may apply to host IBU Junior Cup events. Venues with an IBU License are preferred, but a license is not required. The IBU EB will schedule up to four IBU Junior Cup events per season based on recommendations from the IBU TC. The last IBU Junior Cup is conducted as Junior European Championships. Each event should contain two or three competitions from among Individual, Sprint, Pursuit and Relay.

With the approval of the IBU, in exceptional cases, Regional Cups may be held at the same time and at the same host venue as IBU Junior Cup events. However, if this is the case, junior-class athletes will take priority to participants competing in the Regional Cup.

18.3 Competitors and Entry

Each IBU member federation may register and enter five (5) female and five (5) male athletes. The host nation and those nations who ended the previous season ranked in the top 10 in the Nations Cup score of either the WC or IBU Cup may enter an additional two (2) male and two (2) female athletes.

18.4 Scoring

IBU Junior Cup points are awarded at each IBU Junior Cup and the JWCH in the same manner as IBU Cup points are awarded at the IBU Cup.

18.4.1 Score types

The following types of scoring are used:

a) Total score (Individual, Sprint, Pursuit);

b) Individual score;

c) Sprint score;

d) Pursuit score.

18.4.1.1 Total score

The two lowest scores will be subtracted from the sum total of all points gained in competitions listed under Art. 18.4.1 above.

18.4.1.2 Individual, Sprint and Pursuit score

The scores for the Individual, Sprint and Pursuit disciplines are calculated by adding up the points gained in all competitions in the respective discipline.

18.5 Prizes

Each athlete first placed in the competitions listed under Article 18.4.1 a) - d) above will receive an IBU Junior Cup trophy.

18.6 Competition Rules

18.6.1 General

The IBU Event and Competition Rules apply to the IBU Junior Cup in general, except where other provisions are stated.

18.6.2 Pursuit

Lapped competitors may continue until the finish.

18.6.3 Zeroing and training

Shooting lanes for zeroing and training will be allocated according to the NC results in the Senior IBU Cup.

19. ENTRY INTO FORCE

The IBU Event and Competition Rules were adopted by the 1998 Congress and amended by the 2000, 2002, 2004, 2006, 2008, 2010, 2012, 2014 and 2016 Congresses.

Table 2 Standard Dimensions for Metal Targets
Table 3 Standard Dimensions for Paper Targets
Table 4 Wind Flag Diagram

1. GENERAL

1.1 Purpose

The purpose of the IBU Materials Catalogue is to regulate all aspects of materials relating to biathlon competitions. It is based on the binding nature of the IBU Event and Competition Rules and is part of those rules. The Materials Catalogue provides the definitions, current specifications and requirements of all competition-related materials, the approval process for the admission of new materials, and the inspection procedures for enforcing the materials regulations. In essence, the Materials Catalogue safeguards:

a. the principle of fairness and equal opportunity for all competitors;
b. the safety and health of all persons associated with biathlon competitions;
c. the preservation of the nature and traditions of the sport of biathlon.

1.2 Definition

The term materials is sub-divided into two major categories: competition equipment and organization equipment.

1.2.1 Competition Equipment

Competition equipment refers to all items that a competitor wears or carries for a competition and official or unofficial training during an event. Competition equipment includes e.g. skis, poles, bindings, boots, rifle, ammunition and magazines, clothing; and accessory equipment such as gloves, goggles and earmuffs, rifle bags and ski clips.

1.2.2 Organization Equipment

Organization equipment consists of all the other materials that are required to conduct a biathlon competition or training during an event that are not worn or carried by the competitor. Examples of organization equipment are: targets, timing equipment, mats, wind flags, signage and equipment measuring devices, etc.

1.3 Prohibited Materials

In principle all materials are prohibited that:

a. affect the natural push-off movement of competitors' feet and arms or those that enhance it (such as spring devices or other mechanisms in skis, poles, bindings or boots);

b. make use of sources of energy not originating from the competitor, such as artificial heating devices, chemical energy suppliers, electrical batteries, mechanical aids, etc.;

c. affect the external conditions of the competition to the detriment of other competitors, such as changing the track or snow conditions;

d. increase the risk of injury to competitors and other persons who are authorized to be present at the competition venue, when used normally.

2. NEW MATERIALS

2.1 Definition

New materials are defined as any competition equipment or organization equipment that have not been approved or rejected by the IBU TC. Any new materials must be submitted to the IBU TC for approval before they can be used in an IBU event or competition.

2.2 Approval Process

2.2.1 Procedure

Any new developments in materials produced by the industry or the NFs for the following season must be submitted to the IBU no later than 1 May of the year in which the season begins. The submission must be accompanied by appropriate information material such as drawings, descriptions or test results. Prototypes may be submitted as well. New developments that are in compliance with the rules will be immediately approved by the IBU TC.

2.2.2 Provisional Approval

In rare cases provisional approval may be granted for a year, following which a definitive decision must be made in the subsequent season.

2.2.3 Standard Products

New designs of competition clothing, bindings, boots, rifle slings, headgear and gloves do not have to be presented to the IBU TC, provided that it is clear that the new products meet IBU rules. If the materials do not meet the rules they can be banned on short notice.

2.2.4 Availability

Any new materials must be accessible to all NFs and competitors in the following season.

3. MATERIALS SPECIFICATIONS

3.1 Competition Equipment

3.1.1 Competition Skis

Changes to these rules will be published as required.

3.1.1.1 Ski Length

Minimum ski length is the competitor's height minus 4 cm; maximum length: no limit. If competitors are so tall that commercially produced skis are too short for them under this rule, the TD may authorize an exemption so that the competitors may use the longest commercially available skis of any common brand.

3.1.1.2 Ski Width

The ski waist, measured under the binding, may have a minimum width of 40 mm; maximum: no limit.

3.1.1.3 Ski Tip Section

Minimum width of the ski tip area must be 30 mm.

3.1.1.4 Ski Tail Section

When the unweighted ski is placed on a flat surface, the height of the ski tail above the surface must not exceed 3 cm.

3.1.1.5 Weight

The total weight of a pair of skis must be at least 750 grams, without bindings. There are no restrictions on the distribution of weight.

3.1.1.6 Construction

3.1.1.6.1 Type of Construction

No limitations.

3.1.1.6.2 Shaping

Both skis must have the same type of construction, so that there is no difference between the left and the right ski. There are no restrictions on the types of lamination construction permitted to be used. There are no limitations on rigidity in any direction.

3.1.1.6.3 Gliding Surface

The entire length of the running surface can either be smooth or slightly grooved in the longitudinal direction. Except for the guiding grooves, the entire length and width of the running surface must be flat. Engraved or impressed climbing aids such as scales or steps are permitted. Devices that are activated by any energy other than the competitor's own muscular power are not permitted.

3.1.1.6.4 Top Surface

No limitations.

3.1.1.6.5 Edges

The side walls may not be angled as they extend upwards so that the ski base is narrower than the upper surface (i.e. wedge form not allowed).

3.1.1.7 Stress Properties

No limitations.

3.1.2 Ski Bindings

There are no restrictions on the type of materials used or the make.

3.1.3 Competition Ski Boots

There are no restrictions on the type of materials used or their construction.

3.1.4 Competition Ski Poles

3.1.4.1 Specifications

a. The maximum length of the poles must not be longer than the competitor's body height, measured by placing the pole tip on the ski in front of the binding;

b. The pole must have a fixed length: the shaft must not be telescoping or of variable length;

c. The poles must not have any energy source to improve push, such as springs or other mechanical devices;

d. There is no upper or lower weight limit for poles;

e. The poles may be asymmetrical: there can be a distinct right and left hand pole;

f. The pole must not cause changes to the competition conditions such as changes to track or snow conditions;

g. The hand grip must be permanently fastened to the shaft. There are no restrictions concerning its shape, construction or materials;

h. The strap must be connected to the handgrip or the shaft but may be detachable. It can be adjustable both in length and width. There are no restrictions on materials;

i. There are no limitations on the shape or materials of the shaft, or on the mass distribution;

j. Exchangeable baskets with different geometric features and materials to match different snow characteristics are allowed;

k. The tip may be connected at any angle to the shaft. One or more tips are allowed. There are no restrictions on materials.

3.1.5 Clothing

The following rules apply to competitors' apparel:

a. Advertising on the competition clothing must be in accordance with the current IBU rules;

b. Padding is only allowed on the inside of the competitor's racing suit. The total thickness of the padding, cloth and lining of the competition garment may not exceed 6 mm when measured in an unpressed state, except on the back of the suit, where the rifle is carried. The back area is not subject to any restriction on padding;

c. On the outside of the sports clothing no adhesive materials, such as Velcro or tape, wax, resin, glue or any additional stitching (with the exception of the stitching to fasten the padding) may be used. However, non-slip material may be used up to 3mm in thickness and not more than a total of 6 mm when measured together with any padding inside the racing suit as mentioned in b above.

d. A special device for preventing the shooting sling from slipping down is allowed on the sleeve of the competitor's upper arm.

3.1.6 Rifles

3.1.6.1 General

Rifles may not be of automatic or semi-automatic design. Loading or unloading may only be done using the competitor's own muscle force.

3.1.6.2 Parts of a Biathlon Rifle

A diagram is provided in Table 1 of a biathlon rifle with the names of the parts.

3.1.6.3 Approved Types of Actions

The authorized types of rifle actions are as follows:

a. the common bolt system;

b. pistol grip cocking;

c. straight pull action;

d. straight pull action with ball-bearing locking.

3.1.6.4 Specifications

Rifles used in competitions must meet the following specifications:

a. The distance between the center-line of the barrel and the lower edge of the forestock, including magazine and trigger guard, must not exceed 120 mm;

b. The thickness of the cheek piece must not exceed 40 mm;

c. A folding stock is not permitted;

d. The sight system may not have any optical device and may not have a magnifying effect. The insertion of optical lenses into the eye for this purpose is also prohibited;

e. The caliber of the barrel must be 5.6 mm (.22 inch rifle);

f. The trigger resistance must be a minimum of 0.5 kg;

g. The trigger must be surrounded by a rigid, closed trigger guard;

h. The rifle may have a sling and must have a carrying harness. The width of the sling and cuff must not exceed 40 mm;

i. Including all accessories – except magazines and ammunition – the minimum weight of the rifle must not be less than 3.5 kg;

j. The magazines must not permit the insertion of more than 5 rounds. For the relay competition, three spare rounds may be carried in a magazine installed for that purpose, or in a special quick release device. However, a spare round may not be carried in the chamber. The magazines may be carried in the forestock or the butt.

k. The advertising attached to the rifle must be in conformity with current IBU regulations;

l. On both sides of the forestock, a smooth – meaning flat or nearly flat – rectangular IBU marking surface must be kept free of other markings and reserve ammunition: 15 cm in front of the trigger or the bolt handle or the front end of the trigger guard (the competitor may choose), over the entire width of the stock and at least 4 cm high. Alternatively, the bolt handle or the trigger guard may extend into this area, however, not so far that the IBU rifle control sticker is covered up or cut off.

3.1.7 Ammunition

3.1.7.1 Required Characteristics

Only international standard .22 in. (5.6 mm)-long rifle rim-fire ammunition may be used, and it is forbidden to bring ammunition not conforming to these rules to the venue. The bullets must be made of a uniform substance, lead or a similar soft material such as a lead alloy. The weight of the bullet must not exceed 2.75 grams and not be less than 2.55 grams.

3.1.7.2 Muzzle Velocity

The muzzle velocity must not exceed 360 m/s, measured 1 m after leaving the muzzle.

3.1.7.3 Hit Impact Momentum

The impact momentum of bullets fired from a distance of 50 m must not exceed 0.9 Ns (=0.09 kgm/s) with a maximum tolerance of 11%, i.e. 0.099 Ns. This means that the maximum permitted impulse is 1.0 Ns (= 0.1 kgm/s).

3.1.8 Rifle Bags

Rifle bags must provide a window of minimum 15 x 15 cm that allows a clear view of the rifle bolt.

3.2 Organization Equipment

3.2.1 Target Systems

3.2.1.1 Uses of Targets

The numbers and types of targets authorized for use in various competitions are detailed in the IBU Event and Competition Rules. Targets must be situated, set up, numbered and maintained as detailed in the IBU Event and Competition Rules.

3.2.1.2 Types of Targets

There are two main types of targets used for biathlon training and competitions – metal and paper.

3.2.1.3 Targets – OWG, WCH,WC, OECH and Y/JWCH

At OWG, WCH, WC, OECH and Y/JWCH competitions, only electro-mechanical and electronic target systems that are in compliance with the current IBU Materials Catalogue may be used.

3.2.1.4 Targets – IBU Cups, Junior IBU Cups, CCH and CC

At IBU Cups, Junior IBU Cups, CCH and CC competitions, mechanical manually-operated targets will be permitted, but the use of electro-mechanical and electronic targets is to be encouraged. The ropes for operating manually-operated targets should be placed through tubes under the shooting ramp to the rear of the ramp so that the targets can be operated without interference to shooters.

3.2.1.5 Metal Target Operating Systems

Metal targets are produced in mechanical and electro-mechanical variations. They operate as follows:

a. Mechanical Target Operating Systems

   Mechanical targets indicate the hit of a bullet by the physical force of the bullet impact knocking down the target and replacing it with a white indicator disc. Mechanical targets can also be manually reset after a shooting bout by pulling a rope to bring the fallen target plates back into position. Changing between standing and prone configurations is done manually with a rope.

b. Electro-Mechanical and Electronic Target Operating Systems

   In an electro-mechanical or electronic system, targets are reset and configurations changed by remote control with the aid of electrically powered servo-motors. With electro-mechanical or electronic systems, hits are normally recorded electronically through a magnetic, motion or impact sensor in the target. Hits are normally visually indicated with a mechanically- or electronically-activated white indicator disc.

3.2.1.6 Metal Target Description

Targets must consist of a white target face plate with five target apertures, behind which there must be five independently operating knock-down, falling-plate or electronic sensor plate scoring targets. The scoring plates must be black. A hit must be indicated by the black target circle being replaced by a white indicator disc.

3.2.1.7 Paper Target Description

Paper targets must be identical to the metal targets in size and appearance. The paper background must be white in color and may not be reflective. The five circular targets must be black. See Table 3 for standard dimensions for Biathlon paper targets.

3.2.1.8 Target Sizes and Aperture Positions

Table 2 details all the required dimensions and the positioning of the target circles for both metal and paper targets (table 3). The diameters of the black circles for the aiming and the scoring areas, for both metal and paper are as follows:

Standing – aiming 115 mm – scoring 115 mm
(dotted line at 110 mm on paper targets)

Prone – aiming 115 mm – scoring 45 mm
(dotted line at 40 mm on paper targets).

3.2.1.9 Functional Requirements for Metal Targets

The target system must meet the following requirements:

a. Reliable functioning under all types of weather conditions in which competitions are held;

b. That hits are shown at a standard hit impact momentum (releasing impact) that has been determined by the IBU TC, to ensure that the releasing impact momentum is the same for all targets used during a competition.

3.2.1.10 Tolerances and Shape Requirements

Size for target openings must be:

Diameter 115 mm, +/- 0.3 mm for standing position;

Diameter 45 mm, +/- 0.3 mm for prone position.

The target apertures used for shooting in the standing and prone positions must be concentric.

Permissible tolerance shall be 0.3 mm. The aperture rim must be well defined and devoid of deformations. The centering of the prone target aperture must be within a tolerance of +/- 0.5 mm.

3.2.1.11 Deformations

Continuous use of a target system can result in the flat surface becoming deformed.

Such deformations must not deviate more than 1 mm from the remaining surface of the target. The depth of the deformation must be measured relative to the edge of the surface of the 115 mm diameter target.

3.2.1.12 Materials and Hardness

Metal targets must be made of steel with a hardness of at least 350 HB, with a hit plate with a minimum of 480 HB.

3.2.1.13 Release Impulse

A target should show a hit when hit by a bisected bullet at a release impulse of at least 0.45 Ns. A release tolerance of +/- 33.33 % is permitted. That means that all target systems must be set in such a way that a hit with sufficient impulse will be recorded wherever the bullet hits the target. A release impulse of less than 0.3 Ns will not be shown as a hit, while a release impulse greater than 0.6 Ns will definitely show as a hit.

3.2.1.14 Special Requirements for Electronic Target Systems

In addition to the standard requirements for biathlon targets, electronic systems must comply with the following:

a. Data Feed Distribution

   The system must be able to transfer data to multiple operation points such as timing, data processing and TV (including graphics) production;

b. Interface Hardware

All data flow other than system-internal processes must use a RS-232 interface. No buffering or handshake controls are necessary;

c. Communication Protocol

In order to process and log the data feed with standard PC equipment, a simple ASCII coded protocol must be used. The following information must be transmitted:

- competitor arrival at shooting lane (start of shooting);
- assignment of start number to shooting lane, including A to D indicators for relay competitions;
- missed shot(s);
- target hits (including target plate numbers 1 to 5);
- end of shooting bout (important data such as shooting lane, start number, total misses, number of spare rounds used in relay competitions, and shooting time should be in this feed);

d. Transmission Delay

The maximum delay, from when a target hit or miss is registered by the target sensor system to the complete transmission via the data output line, must not exceed 200 ms. This limit must also be maintained during heavy shooting on the range, such as in the pursuit and mass start competitions;

e. Backup Systems

To guarantee reliable data feed during major international events, the target system must have two completely separate processing systems, and therefore must provide two data feeds to the main and backup timing, data processing and TV graphics systems.

3.2.1.15 Approval of Targets

All target systems that are to be used during IBU competitions will require approval by the IBU TC. Authorization of a target system will be granted to manufacturers who submit a prototype to the IBU that the IBU deems acceptable according to these regulations. Approval can be withdrawn if technical error occurs, and/or if a particular type of target system becomes technically outdated.

3.2.1.16 Targets Currently Authorized by the IBU

At present, the following target systems are approved for use:

a. Mechanical Systems
Kurvinen – FIN,
Devon model BT-500 – USA,
HORA 1000 – GER,
AccuPro model RTI-1025 – CAN,
VingMek – NOR;

b. Electronic/electro-mechanical Systems
Kurvinen (KES 2002) – FIN,
HoRa 2000 E – GER.

3.2.2 Wind Flags

Wind flags for the shooting range must be of a highly visible color, 10 x 40 cm in size and must be made from thin artificial silk or natural silk. Flags may not weigh more than 5 grams. Their construction must allow easy 360 degree rotation, pivoting at a right angle to the flag post. A diagram of wind flag construction is shown in Table 4 of this Annex.

3.2.3 Start Numbers

3.2.3.1 Sizes

Start numbers must be of the following dimensions:

a. Front and back numbers: outlined figures or block figures – height at least 10 cm width (of each line in each figure) at least 1.5 cm for outlined figures and 2 cm for block figures;

b. Side numbers on the start number: height at least 6 cm, width at least 1.2 cm. The bottom edge of the figures on the sides must be spaced 8.5 cm from the bottom edge of the start number;

c. Thigh numbers: 8-12 cm high and 1-2 cm wide.

d. Helmet numbers: During competition, helmet numbers with the dimensions of 4 cm high x 0.5 cm wide should be attached.

3.2.3.2 Fabric/Materials

Pullover (vest) start numbers must be made of smooth fabric, 100% polyester interlock or 100% polyester-warp knitting. The start numbers must be tailored to the needs of the competitors: they must not impede the movement of their shoulder joints.

3.2.4 Timing Equipment

At all IBU events, computer-supported electronic timing equipment must be used. The equipment must be able to interface electronically with the target system in use and must have electronic sensors at the start and finish. Additionally, the equipment system must be able to receive and process manually- or automatically-activated intermediate time signals. For manual timing, good quality professional stop watches or manually activated electrical timing devices must be used.

4. ADVERTISING

4.1 Advertising Rules

The IBU advertising regulations (IBU Rules for Advertising) apply to all IBU events.

4.2 Commercial Markings on Equipment

Technical specifications of the size, the form and the number of commercial markings on equipment will be decided by the IBU EB and will be published as Advertising Rules in a separate document.

4.3 Measurement of Advertising Surfaces

Advertising has a two dimensional shape defined by its text, line boundary or color boundary. Advertising may be square, rectangular, triangular, circular, polygonal or irregular in shape. The size of the

surface area that the text or the area within the boundary occupies must be measured so that the advertising can be approved or disallowed depending on the sizes stipulated above.

The size of symbols on items of clothing is measured by placing the item of clothing un-stretched on a flat surface, such as a table.

4.3.1 Measuring Procedures

The size of a commercial trademark is the surface area within a line that follows the actual outline of the full trademark. If the trademark is contained within an area of different color, the total surface area having a different color from the competition clothing is to be measured.

4.3.2 Text or Letters

If the text is within a line or color boundary, the applicable shape formula is to be used. If the text or letters stand out on the general garment background, the outline of the outermost tips of the letters will be traced and the area of the shape thus created will be calculated.

4.3.3 Measurement of Geometric Shapes

The surface area of a square, rectangle, triangle, circle or polygon will be determined using the standard geometric formula. If there is doubt about whether a polygon is a polygon, it is to be measured as irregular.

4.3.4 Irregular Shapes

If the appropriate equipment is available, a computer scanner may be used to determine the surface area. If no computer devices are available, a string must be used to trace the outline to determine the number of cm^2 in the area.

4.4 Preliminary Examination of Advertising

In cases of doubt about the size of advertising, NFs are requested to send an actual size fax or photocopy to the IBU as early as possible before the start of the competition season so that its size can be determined. If there is uncertainty about any advertising after the start of the competition season, NFs will be requested to present the items at the latest at the preliminary inspection of materials/equipment and clothing for the respective event.

5. INSPECTION PROCEDURES

5.1 General

Competition and host venue equipment must undergo inspection to ensure that all materials are in compliance with all IBU regulations.

5.2 Competition Equipment

The inspections that competition equipment must undergo are detailed in the IBU Event and Competition Rules. Inspections will be conducted primarily by the organizing staff appointed for that purpose and by the IR Materials Inspection responsible for an event. Competition juries, RD, TDs and IRs are responsible for the effective and correct implementation and enforcement of materials inspections.

5.3 Organization Equipment

TDs and IRs are responsible for ensuring that host venue equipment used within their area of responsibility is functional and conforms with all IBU regulations.

5.3.1 Specific Checks

5.3.1.1 Targets

a. placement and levels;
b. functioning, paint and maintenance;
c. deformation of face and target plates;
d. condition of moving parts;
e. position of wires and cables;
f. diameter measurement of target apertures;
g. centering of prone apertures;
h. strike test of target release impulse;
i. routing of reset ropes in mechanical systems;
j. backup system for those systems that require electrical power.

5.3.1.2 Timing Systems

a. principle of operation;
b. functioning and maintenance;
c. backup and outage reserve systems;
d. power sources;
e. placement of sensors;
f. computer capabilities, including speed of producing printed results;
g. interface with electronic target systems.

5.3.1.3 Computers for Start Number Draws

a. functioning and maintenance;
b. printers;
c. display device, projector;
d. software program – validity, possibility of manipulation;
e. backup and spares;
f. total system interfaces and placement;
g. speed of producing start lists.

5.3.1.4 Other Organizational Equipment (in IBU Event and Competition Rules)

a. wind flags – placement, operation, specifications;
b. shooting mats – placement, specifications;
c. rifle racks – construction, placement, markings;
d. lane markers – placement, color, no interference with shooting;
e. numbering and signage – placement, sizes, colors.

5.4 Inspection Instruments, Tools and Materials

The following is a list of devices required for equipment/material inspections and other checks that should be available to the responsible officials:

a. measuring tapes (50 or 100 m) – for various measurements: range, penalty loop;
b. water/bubble levels – for checking level of targets;
c. radar chronograph – for checking ammunition velocity;
d. strike tester – for target plates;
e. centering template – for prone target apertures;
f. weigh scale – for weighing rifles and skis;
g. templates – for measuring rifle dimensions;
h. calipers, rulers – for measuring the dimensions of rifles, skis, advertising;
i. trigger weights – for measuring trigger resistance;
j. stickers, paint – for applying inspection markings.

TABLE 2 STANDARD DIMENSIONS FOR METAL TARGETS

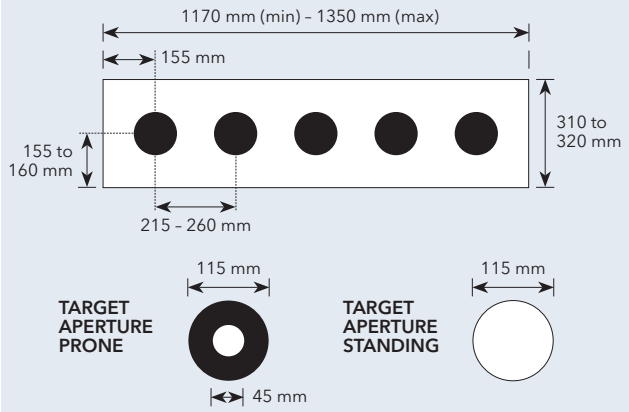

TABLE 3 STANDARD DIMENSIONS FOR PAPER TARGETS

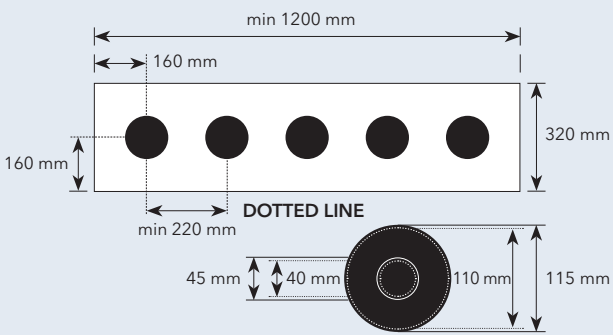

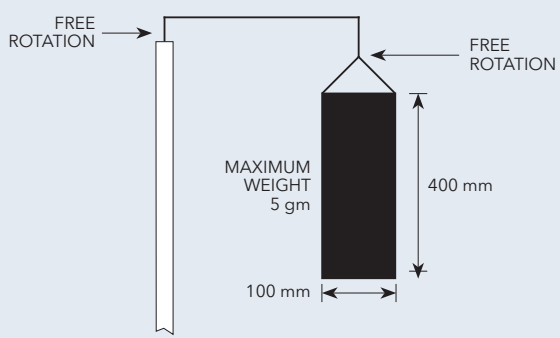

TABLE 4 EXAMPLE OF A WINDFLAG

04 ANNEX B DUTIES OF THE COMPETITION JURY, TECHNICAL DELEGATES AND INTERNATIONAL REFEREES

LIST OF CONTENTS

1. Competition Jury
2. Technical Delegates
3. International Referees

1. COMPETITION JURY

1.1 General

The powers, election, composition and various procedures of competition jury operations are detailed in the IBU Event and Competition Rules. This Annex provides additional procedural directives and the specific tasks of the competition jury.

1.2 Substitute Chairperson

If the competition jury chairperson is absent, the remaining jury members will appoint a replacement from among themselves to chair the meeting.

1.3 Competition Jury Meetings

The competition jury will meet when so directed by the competition jury chairperson. Meetings will normally be held as follows:

a. immediately after the team captains meeting where it was elected;
b. approximately one hour before the start of the competition;
c. at any time during the competition when directed by the competition jury chairperson;
d. immediately before the last finish in the competition, or as soon as possible after the last shooting bout;
e. at any other time when a meeting is called by the competition jury chairperson.

1.4 Duties of the Competition Jury

The competition jury has the following duties:

1.4.1 Prior to the Competition

a. to check if the competition venue is in compliance with the rules;
b. to check the eligibility of all competitors registered for the event;
c. to supervise the draw;

d. to determine if a competition has to be postponed or annulled due to serious difficulties (such as extremely unfavorable weather conditions – extreme cold, high winds, etc.);

e. to restrict or prohibit training on the competition venue due to adverse circumstances such as very wet snow or very little snow that could jeopardize the conduct of the competitions;

f. to decide if, and under which conditions, a late entry may be accepted;

g. to decide if a competitor properly entered for participation may be replaced by a substitute in the case of force majeure;

h. to decide on protests concerning the eligibility of competitors;

i. to check if the qualification records of a competitor submitted by a NF permit the competitor's participation in a IBU Event, or if start must be denied;

j. to appoint a competition jury member to be permanently present on the range during the competition;

k. to appoint a competition jury member to assist at the inspections of the equipment;

l. to order ammunition checks, if required.

m. to decide if the competition can be started or has to be rescheduled.

1.4.2 During the Competition

a. to ensure that the competition is conducted according to the IBU Event and Competition Rules;

b. to direct the necessary measures if difficulties arise – such as heavy fog or a storm – that seriously endanger the correct and fair conduct of the competition: an extreme option may be to stop the competition;

c. to decide on the admission of competitors who arrive late at the start due to force majeure.

1.4.3 After the Competition

a. to oversee the critical process that begins immediately after the last finish, relating to the authorization of the unofficial awards ceremony and the posting of provisional results;

b. to decide on protests;

c. to impose or reject the penalties for rule violations or other issues reported by the TDs, IRs, competition jury members and officials of the organizing committee;

d. to determine necessary time adjustments;

e. to annul a competition, if necessary;

f. to order the repeat of a competition, if justified and possible.

1.4.4 Before, During and After the Competition

The competition jury must be prepared at all times to decide on all matters that are not covered in the Rules or other IBU regulations.

2. TECHNICAL DELEGATES

2.1 General

Regulations for the selection, appointment and general duties of TDs are given in the IBU Event and Competition Rules. This Annex provides more specific guidelines for the performance of TD duties. TDs appointed for IBU events must consult both this Annex and the IBU Event and Competition Rules.

2.2 Principles of the TD Function

TDs have three primary functions at an IBU event:

a. to assist the RD in technical matters;

b. to ensure that the event and its competitions are conducted in accordance with the IBU Event and Competition Rules and with other pertinent IBU regulations;

c. to act as a consultant and advisor to the OC to ensure that the competitions are held as well as possible.

As well, the TD is always the competition jury chairperson, an extremely important position. Additionally, the TD functions as the leader of the IBU technical group, made up of IRs.

TDs must conduct their duties with dignity, competence, caution and objectivity. They must treat competitors, team staff, OCs and IRs with respect and must demand to be treated with the same respect, as the technical representative of IBU, by all persons involved with the event. TDs must stop all attempts by anyone to interfere with their work or to usurp their authority or mandate. In serious cases of interference, TDs must report the circumstances to the IBU and to the IBU Race Director. OCs, teams and IRs must follow the directions given in accordance with the IBU regulations by the TD in the organization and conduct of the event.

2.3 Contact with OCs and Site Visits

2.3.1 Establishing Contact

As soon as the TDs have been appointed for the various events, the IBU must inform the OCs of what TDs have been appointed for the following season. Normally the OCs will contact the TD shortly after being advised.

2.3.1.1 Continuing Contact and Problem Solution

After initial contact is established, the TD and OC may communicate as necessary. However, it is advisable to forward copies of all written correspondence to the IBU RD or headquarters. If any problems arise with the OWG or WCH, the IBU must be informed immediately.

2.3.2 Inspections and Site Visits

TDs should inspect the site of the events for which they have been appointed in time to advise of necessary changes to the facilities or plans, and to give timely assistance to the OC. Inspections are to be made as follows:

2.3.2.1 OWG

Normally both TDs should first visit the site for an inspection and meetings shortly after the host of the Games has been announced.

The visit is to be organized in consultation with the IBU and the OCs. Further visits will be made as necessary. The RD WC is the Asst. TD at the OWGs.

2.3.2.2 WCH and Y/JWCH

The TD must inspect the competition venue not later than eight months prior to the beginning of the event unless agreed that the IBU RD will make the inspections and report back to the TD.

2.3.2.3 WC, CCH and CC Events

The inspection must be made not later than four months before the event. If the OWG, WCH, Y/JWCH or WC event have been held on the site within the previous two competition seasons, it will not be necessary to make an inspection prior to the coming event. However, if major changes have been made or if the OC wishes an inspection, the TD will inspect unless agreed that the IBU RD will make the inspections and report back to the TD.

2.3.3 Areas to be Inspected

During the inspection the following must be confirmed:

a. The competition venue must be in accordance with the IBU Event and Competition Rules;

b. All preparations for the event must be in accordance with the IBU Event and Competition Rules;

c. The structure of the organizing committee must be appropriate and the officials appointed for the event must be properly trained and prepared, and a sufficient number have the required IR license;

d. Accommodation and food arrangements for teams must meet the requirements, including costs per person for full board;

e. Transport plans must be functional and distances within the allowed limits;

f. Rifle and ammunition import and export laws and the storage arrangements made for the rifles and ammunition must be clear;

g. Appropriate publicity arrangements must have been made with the press, radio and TV;

h. Measures for conducting doping controls and blood tests must have been arranged;

i. All required safety precautions must have been implemented.

2.3.4 Inspection Reports

TDs must provide a written report of their inspections to the IBU and the chairperson of the organizing committee immediately following the inspection. The reports should in particular address unresolved problems and unsatisfactory situations, and must also include the information in the following format:

a. Title name of event, location, date(s) of inspection;

b. Inspection party: names and roles of persons who participated in the inspection;

c. Inspection routine: meetings, venue inspections;

d. Site and venue description: general location and character of the site, description of the venue course, stadium, shooting range, etc.;

e. Organizing committee: general structure, numbers of appointed officials, relevant training and qualifications;

f. Hosting arrangements: accommodation, meals, transport, ceremonies, social events, media, costs;

g. Problem areas;

h. Conclusion – general summary.

2.3.4.1 TDs who are members of the IBU TC must present their report at the next TC meeting following the event.

2.4 TD Tasks at Events

TDs must perform the following tasks at events:

2.4.1 Tasks Prior to Events

TDs must arrive in due time before the start of the official training to check whether the competition venue meets all requirements for training and competition and to ascertain where changes are required. They must make immediate contact with the organizing committee to ensure that:

a. team captains meetings and draws are prepared;

b. arrangements for the assembly of the juries have been made;

c. the registrations of the participating nations were received in time;

d. corresponding plans for the reception of the teams are ready;

e. the costs for the teams are the same as those stated in the application to host the event.

2.4.2 Duties During Events

2.4.2.1 General

The TD must work closely with the Competition Chief during the event and each competition, ensuring that all operations are conducted correctly, without incidents and in accordance with the IBU Event and Competition Rules and other pertinent IBU regulations.

2.4.2.2 Meetings

The TD must take part in all the meetings of the organizing committee, the team captains and the competition juries, as well as at all draws.

2.4.2.3 Responsibility to IRs

The TD must keep IRs briefed on the current situation and engage in their activities in a directing and coordinating manner.

2.4.2.4 IBU Race Director

The TD assists the IBU Race Director.

2.4.3 Tasks Prior to Competitions

2.4.3.1 TV Zones

The TD must assist the IBU Race Director and TV advisor to establish TV zones in consultation with TV representatives, IR Course and the OCs, including location, size, required fencing and enforcement methods and personnel.

2.4.3.2 Information Channels

The TD must hold a meeting with the IRs to brief the IRs on the plans for the competition and the telecommunications available during the competition, and to assign duties. This meeting can also be combined with the meeting that is held by the Competition Chief with the chief staff prior to each competition.

2.4.3.3 Inspections

The TD must make a general inspection of the venue.

2.4.3.4 Reports

The TD must obtain status reports from the IRs and the Competition Chief.

2.4.3.5 Competition Jury Meeting

The TD must hold a meeting of the competition jury one hour before first start to determine if conditions are suitable for the competition. The TD must obtain reports from the IRs about their areas of operation and from the Competition Chief prior to this meeting.

2.4.4 Tasks During Competitions

2.4.4.1 General

The TD must oversee and coordinate the work of the Competition Chief and the IRs, receive reports on the progress of the competition and take remedial actions as necessary.

2.4.4.2 Competition Jury Meetings

The TD must convene meetings of the competition jury as required.

2.4.5 Tasks After Competitions

2.4.5.1 Last Finish

With the Competition Chief, the TD must direct and coordinate the critical phase that starts immediately after the last finish.

2.4.5.2 Provisional Results

The TD must confirm the correctness of the provisional results, sign the result lists and authorize their posting, and record the time of posting on the results.

2.4.5.3 Flower Ceremony

TDs will authorize the conduct of the unofficial awards ceremony when they are satisfied that the first necessary placings have been confirmed. It must be noted that the results may subsequently be contested and that the unofficial ceremony will be held at the OC's own risk.

2.4.5.4 Event Points

The TD must ensure that the OC calculates the WC, Nations Cup or other applicable event points correctly.

2.4.5.5 Evaluation

The TD must hold a competition evaluation meeting with the Competition Chief, the chief staff and the IRs.

2.4.6 Tasks after the Event

2.4.6.1 WC Points

The TD must ensure that the lists of WC, Nations Cup or any other event points are sent immediately to the next host of the WC or other event.

2.4.6.2 Event Evaluation

The TD must hold a meeting for all chief organizing committee staff and IRs to evaluate the entire event.

2.4.6.3 Written Report

The TD must compile a written report about the event and send it to the IBU, to the event host and the chairperson of the organizing committee not later than one month after the event. An IBU TD report form made for this purpose will be distributed by the chairperson of the TC Referee Sub-Committee to all TDs appointed for the coming season.

2.4.6.4 Report at TC Meeting

IBU TDs who are members of the TC must give a report on the event at the next meeting of the IBU TC.

3. INTERNATIONAL REFEREES

3.1 General

The general regulations for the selection, appointment and the work of IRs are provided in the IBU Event and Competition Rules. This Annex supplements the general regulations by detailing specific duties of IRs.

3.1.1 Principles of the IR Function

IRs, like TDs, have the responsibility of being the technical representatives of the IBU at an event, in their area of responsibility and under the direction of the TD. Within their area of responsibility, all of the principles that apply to the TD function apply to IRs, except being in the competition jury.

3.1.2 Notification of Appointment and Preparation

Shortly after being appointed for an event, IRs will be notified of their appointment by the IBU. The IRs will not be required to establish formal contact with the OC except for travel and accommodation arrangements. Once notified of their appointment, the IRs must prepare so that they are fully conversant with the current IBU rules and regulations for their area of responsibility.

3.2 IR Duties at Events

IRs will have the following duties at an event:

3.2.1 Duties Prior to Events

IRs must arrive at the event site in time to prepare prior to the first official training; the IR Materials Inspection must arrive in time for the preliminary inspection of equipment. On arrival they must report to the TD to announce their presence and to receive briefings and directions. Then they must contact the chiefs from the organizing committee for their areas of responsibility, review arrangements, and inspect their areas. The checklist in the OC Guidelines should be used as a guide. If there are problems, they must be reported to the TD.

3.2.2 Tasks Prior to Competitions

In preparation for each competition, the IRs must:

a. attend all team captains meetings, any other meetings as directed by the TD and meetings held by the chiefs of their areas;

b. carry out a detailed inspection of their areas and check all plans using the checklist to ensure they are in accordance with the Rules, and direct corrections to be made as necessary;

c. remain in their areas to oversee preparations and activities;

d. report to the TD when their areas are ready for the competition;

e. carry out other tasks as directed by the TD.

3.2.3 Tasks During Competitions

During each competition the IRs must:

a. remain in their areas to supervise all activities to ensure the correct and orderly conduct of the part of the competition that is their responsibility;

b. intervene to stop an error from being made;

c. assist and advise the organizing committee officials if required;

d. ensure all safety precautions are being adhered to;

e. report to the TD when significant occurrences take place such as first start, last start, first shooter on the range, last shooter on the range, first finish, etc., and if any unusual incident occurs such as an injury, etc.;

f. observe violations of the Rules and report them to the TD;

g. carry out any other tasks as directed by the TD.

3.2.4 Tasks After Competitions

At the end of each competition IRs must:

a. report to the TD that all is clear for their area, or report the problems that have occurred and have not been previously reported; these reports must be made immediately if possible, in order to assist the speedy posting of the provisional results and the conduct of the unofficial awards ceremony;

b. report to the competition jury about the circumstances of penalties, when so directed;

c. hold a short evaluation meeting about the competition for the chief and supervisors of the respective area.

3.3 IR Authority, Responsibilities and Organizational Relationships

3.3.1 Authority

IRs are responsible and subordinate to the TD for the appropriate preparations and the correct and orderly conduct of competitions in their areas of responsibility. IRs will not be in charge of the conduct of activities in their areas, but will be responsible for ensuring that all routines are correct. They must maintain close contact with the chiefs of their areas during the entire event in order to fulfill their tasks.

3.3.2 Specific Areas of Responsibility

The specific areas of responsibility for IRs within their general areas are as follows:

a. IR Course: all course matters including configurations of loops, technical specifications, grooming, signage and fencing, inspection and checkpoints, access control, TV zones layout and their enforcement, forerunners, communications, safety and first aid arrangements;

b. IR Range: all range matters including layout and configurations, specifications, targets and their operation, penalty loop, coaches enclosure, signage and numbering, lane markings, wind flags, rifle racks, , grooming, scoring, control procedures, telecommunications, and safety;

c. IR Start/Finish: all start/finish area matters and timing systems including layout, configurations, specifications, relay hand-over zone, start clock and course sequence board, photo-finish camera for pursuit, mass start and relay competitions, acting as the photo-finish judge, and finish video camera for all competitions, warm-up area, storage areas for competitors' clothing, grooming, signage and fencing, traffic flow and control, start and finish procedures, telecommunications, timing procedures and equipment, and safety;

d. IR Materials Inspection: all equipment/materials inspection matters including timings, inspection equipment, preliminary equipment/materials inspection, start and finish inspection layouts (in consultation with IR Start/Finish), inspection procedures, traffic flow and control, telecommunications, and safety.

3.3.3 Organizational Relationships

The primary relationships for IRs with the organizing committee (direct liaison) will be as follows:

a. IR Course – Chief of Course;

b. IR Range – Chief of Range;

c. IR Start/Finish – Chief of Timing (may be regulated differently by some OCs);

d. IR Materials Inspection – Chief of Timing and/or Materials Inspection Supervisor.

04 ANNEX C TRAINING AND LICENSING OF TECHNICAL DELEGATE AND INTERNATIONAL REFEREES

LIST OF CONTENTS

1. General
2. Selection, Training and Testing
3. Licensing
4. Qualification and Appointment Badges
5. Employment of TDs and IRs
6. Financial Matters

1. GENERAL

The IBU has a training, licensing and employment system for technical officials in order to ensure that all IBU officials working at IBU events perform their duties effectively and correctly, with a common training standard. The Rules direct the appointment and duties of technical officials (TDs and IRs) for IBU events. This Annex details the training, testing, licensing and employment conditions for technical officials.

1.1 Jurisdiction

All aspects of selection, training, testing and licensing of biathlon technical officials at international level is to be under the jurisdiction of the IBU TC. The TC member in charge of referees will be responsible for implementation and administration of the system applying to officials.

1.1.1 Liaison

NFs may discuss matters concerning technical officials directly with the chairperson of the Referees or the IBU. NFs will be requested to appoint a contact person within their area responsible for technical officials and to provide the TC member in charge of referees with the contact information for that person.

1.2 Qualification Levels

There are two levels of qualification for IBU technical officials:

a. Technical Delegate (TD);

b International Referee (IR).

1.2.1 Intended Roles of TDs and IRs

Officials will be trained and licensed for the following purposes:

1.2.1.1 TDs

The TD qualification is primarily intended to train an official to function as a TD at IBU events. Persons qualified to be a TD may also fulfill any IR function at IBU events and may hold positions corresponding to those of an IR in an organizing committee.

1.2.1.2 IRs

The purpose of the IR qualification is to train and certify officials who can function in IR positions at IBU events and who can hold designated IR positions in organizing committees. As well, the certified IRs will form the pool of qualified persons from which candidates will be selected for further training for the TD qualification.

1.3 Eligibility for Appointment

In order to be eligible for appointment to function as a TD or IR at IBU events, officials must hold the necessary qualification and the required valid license for the position.

1.4 Terminology

It must be noted that the terms TD and IR are the names of both the levels of qualification and the position titles when appointed for an IBU event. Should confusion arise in the use of the terms for both purposes in one context, the qualification terms will be indicated as TD (Q) and IR (Q)

2. SELECTION, TRAINING AND TESTING

Selection, training and testing of candidates for TD and IR qualification will be done as follows:

2.1 Selection Procedure for Certification

2.1.1 TDs

Candidates for TD qualification will be selected by the IBU TC from among the qualified IRs, based on observed performance. However, NFs may nominate suitable IRs as candidates for consideration by the TC.

2.1.1.1 TD Prerequisites

a. Candidates must have clearly proven his suitability as an IR and must be able to function in a senior leadership role in conditions of extreme stress and in view of the fact that an error could have the highest level of consequences. In addition, they must be capable of negotiating and liaising successfully with senior members of organizing committees, representatives of the media and with dignitaries;

b. The candidate must have and have held a valid IBU IR license for at least four years and must have officiated in at least two international events during the past four years;

c. The candidate must have basic verbal communication skills in English.

2.1.1.2 TD Quota

Candidates will be selected for TD training and certification in sufficient numbers to maintain the required number of TDs within the TD Group and the necessary reserves as determined by the TC.

2.1.2 IRs

2.1.2.1 IR Applications

Candidates will be selected for training and licensing as IRs based on a nomination by their NF, in writing, to the TC member in charge of referees. Candidates' individual applications must be sent by the deadline date given in the seminar invitation. Applications must include the following information:

a. full name, date and place of birth, gender, nationality, full residence, address, phones, fax, e-mail address;
b. mother tongue and command of other languages;
c. language in which the test is to be held;
d. seminar location and dates;
e. length and type of experience as a national referee.

2.1.2.2 IR Requirements

All candidates must meet the applicable prerequisites for IRs. NFs will be required to screen their nominations with regard to general suitability and prerequisites, and to confirm in their nominations that the person meets all necessary criteria. Final acceptance of a candidate into the program will then be decided by the IBU TC.

2.1.2.3 IR Prerequisites

a. The candidate must be able to perform very responsible duties with a high consequence of error under stressful circumstances, in winter outdoor conditions, for long periods of time. The candidate must have sufficient skills in cross-country skiing to be able to ski on the competition course as necessary;
b. The candidate must have and have held a valid national referee license for at least four years;

2.1.2.4 IR Quota

There is no set limit for numbers of IRs.

2.1.3 The TD Group

The composition of the TD Group will be established by the TC and will consist of 40 or more qualified TDs with the applicable licenses. All TDs appointed for IBU events must be from the TD Group. There should be at least one TD from every continent in the TD Group.

2.2 Training

2.2.1 General

Training of TDs and IRs will be conducted at seminars instructed by members of the IBU TC. Seminars will be held in various regions of the world, according to requirement. The scheduling of the seminars will be decided by the IBU EB based on recommendations of the TC. TD seminars will be held at least once every two years.

2.2.2 Seminar Specifications

The following specifications will apply to TD and IR seminars:

2.2.2.1 TD Seminars

a. Duration – 22 hours, including the test;
b. Candidates – maximum 15, minimum 5;
c. Instructors – IBU Race Director, TC member in charge of referees plus one or two other members of the TC as directed by the TC;
d. Language – English and/or German or Russian with translation as required.

2.2.2.2 IR Seminars

IR Seminars must be requested by April 15 for action by the TC at the spring meeting or by September 15 for the TC fall meeting.

a. Duration – 18 hours, including the test;
b. Candidates – maximum 25, minimum 5;
c. Instructors – one member of the TC appointed by the IBU TC member in charge of referees
d. Language – as required.

2.2.3 Attendance of Observers

The TC may authorize the attendance of observers at IR seminars. These persons will normally be national referees who will not sit for any test, or qualified IRs who are doing refresher training for themselves, or other interested persons.

2.2.4 NF Sponsored Seminars

A seminar with a test may be held at the request of a NF if there are a sufficient number of eligible candidates, and the NF(s) will pay all costs for instructors provided by the IBU and the seminar. The final decision for the approval of such a seminar will rest with the IBU TC.

2.2.5 Seminar Content

The TD and IR seminars will be held in accordance with a standardized seminar training plan established by the TC for them and which will include:

a. General information about the biathlon TD and IR system, the IBU, definitions, history;
b. Classes of competitors and types of competitions, competitor qualification Entries;
c. Organizations and duties: organizing and competition committees, juries, TDs, IRs;
d. Preparations for competitions: training, team captains meetings, draws, venue preparations, equipment checks, zeroing;
e. Implementation of competition Rules: use of the Rules and regulations, equipment and measuring devices, advertising, start, skiing, shooting, finish, penalties and protests;
f. Competition activity: supervising officials, monitoring competition activity, timing, forms, results, communications and reports;
g. Case studies (competition jury cases, etc.) – at TD seminars only;
h. Test.

2.3 Testing

All TD and IR candidates must successfully complete a written test and/or oral examination in order to become a qualified TD or IR. The test will be conducted in conjunction with TD and IR seminars; in exceptional circumstances the TC may set other test dates. The TC may authorize IR candidates to be tested without an IR seminar.

2.3.1 Test Formats

Tests will be formulated by the TC member in charge of referees, with changes for each individual test. The candidates will be asked questions that will test skills required by TDs and IRs for conducting their duties. Tests must be done without the use of any reference material. The following test specifications will apply:

a. Questions – TD: 35, IR: 25;

b. Allowed time – 120 minutes;

c. Pass Grade – if 80 % of all questions have been answered correctly.

2.3.2 Scoring of Tests

Tests will be marked according to the standard marking guide established by the TC.

2.3.3 Supplementary Questions

The TC may direct that supplementary questions are to be answered during the test.

2.3.4 Test Languages

TD tests must be given and answered in English, however the TC may authorize exceptions as required. IR tests may be administered in any language, as appropriate for the circumstances.

3. LICENSING

3.1 Recognition of Qualification

Following attendance at a seminar and completion of the test to the required standard, successful TD and IR candidates will be reported to the next meeting of the IBU TC. If no other circumstances exist as grounds for denial, the TC will appoint all persons who have passed the seminar and test TD or IR, respectively.

3.2 Issuie, Format, Validity and Conditions for Licenses

3.2.1 Issue

Following approval by the TC, a license will be issued to a TD or IR and will be effective from the date of the issue.

3.2.2 Format

Licenses issued to IRs and TDs must contain the following information:

3.2.2.1 TD and IR

a. type of qualification – TD or IR;

b. full name, date of birth, gender, nationality;

c. period of validity and extensions;

d. photo of the holder, impressed with the IBU seal, (for TDs only);

e. signature of the chairperson of the TC or his/her appointee (for TDs only).

3.2.2.2 TD – Additional Information

a. record of employment at IBU events signed by the TD of the event – or the chairperson/competition chief of the organizing committee if the license holder served as the TD there – and must be stamped with the OC's seal;

b. qualification record – dates of qualification as national referee, IR and TD;

c. record of IR and TD seminars attended;

d. biennial license validity stamp.

3.2.3 Periods of Validity

IR licenses are automatically renewed unless the respective NF notifies the IBU Headquarters that an IR is not longer active. TD licenses are valid for two years from the date of issue and may be renewed for further such periods without any other limit than the age, and as long as no factors exist as grounds for denying a renewal.

3.2.3.1 Renewal Process

TD licenses may be renewed after the expiry of their validity period. For this purpose the NF of the official must submit a written request, accompanied by the license, to the TC member in charge of referees. Requests for renewal must be submitted by 31 May prior to expiry for TD licenses.

3.2.3.2 Biennial Validation of TD Licenses

NFs or TDs must send TD licenses for biennial validation to the TC member in charge of referees by 30 April of a given year. If all circumstances are in order, the license will be stamped in the biennial validation record and returned.

3.2.3.3 Retention of TD License

Even though a TD is no longer a member of the TD Group for reasons other than age, disciplinary reasons or incompetence, his license may be renewed and validated, as long as all other factors required for its validity are maintained.

3.2.4 Revoking a License

A license may be taken away from a TD and IR for disciplinary reasons or for other reasons having to do with that person. The process for revoking a license will be initiated by a corresponding recommendation by the TC member in charge of referees to the TC. After thoroughly investigating all circumstances relating to the case, the TC may recommend that the IBU EB revoke the license, subject to the provisions of the IBU Disciplinary Rules.

4. QUALIFICATION AND APPOINTMENT BADGES

Distinctive qualification and appointment badges and markings will be issued to TDs and IRs. It is the right of every TD and IR with a valid license to wear the appropriate qualification badge at any time.

4.1 Qualification Badges

Badges of qualification will be issued to TDs and IRs at the same time as their licenses are granted, as follows:

4.1.1 TD

TDs will be issued a metal badge of gold color with the IBU Logo and the words "Biathlon Technical Delegate" imprinted. Prior to issue, each badge will have a sequential issue number imprinted on it.

4.1.2 IR

IRs will be issued a white- and gold-colored metal badge with a biathlete figure and the words International Referee imprinted. Each IR badge will also have an imprinted sequential issue number.

4.2 Appointment Markings

TDs and IRs appointed to specific positions as TDs and IRs at IBU events will be issued a distinctive marking to identify them as having responsibility for that position. The markings may be a badge, armband or item of clothing and must clearly indicate the bearer's IBU TD or IR qualification, as appropriate. The IBU TC will periodically direct what types of marking will be used by what TDs and IRs appointed for what IBU events.

5. EMPLOYMENT OF TDS AND IRS

5.1 General

TDs and IRs will be appointed for OWG, WCH, Y/JWCH, WC, CCH, CC, Continental Games, CISM, EYOF, the University Games and other IBU events by the IBU TC based on the recommendation of the TC member in charge of referees. TDs for events not under IBU jurisdiction will be appointed only if requested by the responsible body for the event.

5.1.1 New TD Employment

Newly-qualified TDs may be employed only as IRs at IBU events during the first two years after their qualification. The TC may authorize exceptions to this restriction if circumstances so demand.

5.2 Employment Guidelines

Appointment of TDs and IRs is to be based on the principle of utilizing the best and the most experienced officials for each event while at the same time providing development opportunities for less experienced officials. Factors such as language capability and travel costs must be considered as well. As many different officials as possible should be employed on an alternating basis.

5.2.1 OWG Preparation

Senior officials of the Organizing Committee for the next OWG, such as the Competition Chief, Chiefs of Course, Range and Timing, should be considered as candidates for TDs and IRs at a preceding WCH, if appropriate and possible.

5.2.2 Regulations for the Employment of Officials

The TC will appoint the TDs and IRs from among its members and the TD group for the following IBU events:

a. OWG – 2 TDs, 8 IRs
b. WCH – TD, 4 IRs
c. Y/JWCH – TD, 4 IRs
d. WC – TD, 4 IRs
e. OECH – TD, 4 IRs
f. IBU Cup – TD, 2 IRs from IBU, 2 IRs from NF
g. Other CCH – TD from NF
h. Other CC/Regional Cup – TD from NF
i. WCH Summer – TD, 2 IRs from IBU, 2 IRs from NF
j. YOG, CISM, University Games, Continental Games, EYOF – TD, 4 IRs from NF

6. FINANCIAL MATTERS

6.1 TD and IR Expenses

TDs and IRs will receive a daily allowance for each travel and work day arising from IBU duties, and reimbursement of travel expenses, in accordance with the current IBU Rules for Travel Expenses.

6.2 Financial Conditions for Seminars and Testing

Financial remuneration for TDs and IRs holding seminars and tests will be directed by the IBU EB.

04 ANNEX D COMPETITION RULES SUMMER BIATHLON

LIST OF CONTENTS

1. General Regulations
2. Cross Biathlon
3. Roller Biathlon
4. Mountain Bike Biathlon

1. GENERAL REGULATIONS

1.1 Disciplines of Summer Biathlon

Summer Biathlon can be carried out in the following disciplines:

a. cross-country running with shooting (cross biathlon)

b. roller-skiing competitions with shooting (roller biathlon)

c. mountain bike cycling with shooting (mountain bike biathlon)

1.2 Competition Program for Summer Biathlon

a. 1 WCH (Roller)

1.3 Applicable Rules

The IBU Event and Competition Rules will apply to the conduct and set up for the summer biathlon competitions and venues with the exception of the regulations contained in the following annex. Reference is made specifically to Art. 9.2 and 9.3. An IBU B License is required to host the SB WCH.

1.4 Registration and Entry

At each WCH each national federation may register six and enter six athletes. In the relay competition, only one team may be entered per NF.

2. CROSS BIATHLON

2.1 Definition

Cross biathlon is conducted in the combination of cross-country running and small-bore shooting. Rifles are not carried by the athletes but left at the shooting range.

2.2 Cross Biathlon Specifications

2.2.1 Rules specifications

All competitors will be permitted to finish the competition.

All athletes are responsible for picking up their rifles before shooting and to leave them at the assigned rifle rack after shooting. Competitors must deposit their rifles in the racks not later than five minutes before the first start, and will not be permitted to start if they have not done so. Rifles must not be removed from the racks until the entire competition is finished and all of the rifles have been inspected by the IR.

2.2.2 Competition Specifications

Cross biathlon will be conducted according to the following table:

Class of Competitors	Course Length and Competition Type	Shooting Bouts 5 Rounds per Bout except Relay	Shot Penalty
MEN	7 km **INDIVIDUAL**	P, S, P, S	30 seconds
	4 km **SPRINT**	P, S	70 m penalty loop
	6 km **PURSUIT**	P, P, S, S	70 m penalty loop
	6 km **MASS START**	P, P, S, S	70 m penalty loop
	4 x 4 km **RELAY**	P, S (each) + 3 spare rounds per bout	70 m penalty loop
WOMEN	6 km **INDIVIDUAL**	P, S, P, S	30 seconds
	3 km **SPRINT**	P, S	70 m penalty loop
	5 km **PURSUIT**	P, P, S, S	70 m penalty loop
	5 km **MASS START**	P, P, S, S	70 m penalty loop
	4 x 3 km **RELAY**	P, S (each) + 3 spare rounds per bout	70 m penalty loop
MEN & WOMEN	2 x 3 km + 2 x 4 km **MIXED RELAY**	P, S (each) + 3 spare rounds per bout	70 m penalty loop
JUNIOR MEN	7 km **INDIVIDUAL**	P, S, P, S	30 seconds
	4 km **SPRINT**	P, S	70 m penalty loop
	6 km **PURSUIT**	P, P, S, S	70 m penalty loop
	6 km **MASS START**	P, P, S, S	70 m penalty loop
	3 x 4 km **RELAY**	P, S (each) + 3 spare rounds per bout	70 m penalty loop

JUNIOR WOMEN	6 km **INDIVIDUAL**	P, S, P, S	30 seconds
	3 km **SPRINT**	P, S	70 m penalty loop
	5 km **PURSUIT**	P, P, S, S	70 m penalty loop
	5 km **MASS START**	P, P, S, S	70 m penalty loop
	3 x 3 km **RELAY**	P, S (each) + 3 spare rounds per bout	70 m penalty loop
JUNIOR M & W	2 x 3 km + 2 x 4 km **MIXED RELAY**	P, S (each) + 3 spare rounds per bout	70 m penalty loop

Total climb

For the 1,0 km course – total climb per loop:	15-35 m
For the 1,2 km course – total climb per loop:	20-40 m
For the 1,3 km course – total climb per loop:	25-40 m
For the 1,4 km course – total climb per loop:	30-50 m
Maximum height difference	30 m
Maximum climb	25 m

2.2.3 The Pursuit start can be performed with a fixed start interval of 10 seconds.

2.3 Competition Venues

In general, competition venues for cross biathlon will be set up based on the rules applicable to winter biathlon events, however giving appropriate consideration to the differences present in competitions held in the summer. The venues may be modified with the approval of the RD/TD.

2.3.1 Course

Courses must be of a minimum width of 3 m. The course must be surfaced with grass, sawdust, asphalt or cinder and must be free of any obstacles or bumps. All parts of the course must be safe for the competitors to run along at full speed.

2.3.2 Marking of the course

The course must be clearly marked and fenced off along its entire length.

2.3.3 Start and Finish Zones

The start and finish zones must be flat and at least 5 m wide. The course after the start and the course before the finish must be straight for at least 50 m. Lanes for the relay and mass start starting area must be at least 1 m wide and 30 m long.

2.3.4 Shooting Range

The shooting range will be constructed in accordance with the IBU Event and Competition Rules. Competitors may stand on the mats or on the bare ground in the standing shooting position. Lifting the mats is not permitted.

2.3.4.1 Rifle Racks

An adequate number of rifle racks, as stipulated by the RD/ TD, must be marked with the start numbers and located on the shooting range or close to it to give all competitors a place for their rifle while they are running. All racks must be located in the same distance from the shooting range. The racks must be wooden; the distance between the notches for holding the rifles must be at least 35 cm. The racks must be designed in such a way as to allow the competitors to deposit and remove their rifles easily, yet must prevent the rifles falling out accidentally. The numbers must be a minimum of 10 cm in height and have a font line width of 1 cm.

2.3.5 Penalty Loop

The penalty loop must be 70 m (+ or - 5 m) in length.

3. ROLLER BIATHLON

3.1 Definition

Roller skiing with small-bore shooting (roller biathlon) is a form of summer biathlon which is conducted in a similar fashion to winter biathlon.

3.2 Roller Biathlon Specific Competition Rules

3.2.1 Rule specifications

The competitions may only be carried out with roller skis of the same type and model. The IBU will define the type and model of roller skis and will provide such roller skis and bindings. Rifles must be carried on the course during competition. Competitors must bring their own rifle, ski boots, ski poles and helmets. Helmets must meet one of the international safety standards (e.g. DIN EN 1078 or equivalent). Such helmets must be worn during all types of training and competition. The OC will announce this in the invitation.

3.2.2 Competition specifications

Roller biathlon will be conducted according to Table 1 under Article 1.3.10 of the Event and Competition Rules. Any changes must be authorized by the IBU EB.

3.2.3 Inspection of equipment/clothing

RD /TD and the OCs are to provide a technical inspection of all roller skis. Roller skis will be inspected after the official training, before the start and after the finish of the competitions. The inspection will check the model, the type and the speed of the roller skis. The participants will get their roller skis with an approval marking immediately before the start.

3.3 Competition Venues

3.3.1 Start and Finish Areas

The start area for single starts must have a straight start line at right angles (90°) to the skiing direction. The start line for group or simultaneous starts must be placed so that the competitors have to ski the same distance. The 50 m before the finish line should be straight and flat, and be divided up into three lanes marked with a white-colored line. The 50 m after the finish line must be straight and flat as well.

3.3.2 Courses

The minimum width of the course will be 3.5 m or more. Downhill parts and curves must be laid in such a way that the competitors are able to move on them at full speed without risk of an accident.

3.3.3 Shooting Range

Winter Biathlon regulations apply to the construction of shooting ranges.

3.3.4 Penalty Loop

A paved penalty loop of 150 m (+ or - 5 m) must be constructed according to winter biathlon rules.

SBWCH 2016 Otepää - EST

3.4 Shooting Regulations

All regulations valid for winter biathlon must be applied to roller biathlon but competitors are required to stand with both feet/roller skis on the mats.

4. MOUNTAIN BIKE BIATHLON

4.1 Definition

4.1.1 Mountain Bike Biathlon

is a summer sport combining mountain biking and small- bore rifle shooting.

4.2 Classes of Competitors

Men and Women

15 - 20 years; 21 - 30 years; 31 - 40 years; 41 + years.

4.3 Competitions

Men 9 km (3-3-3) with two shooting bouts (P, S);

Women 6 km (2-2-2) with two shooting bouts (P, S).

4.3.1 Qualification if required by large entry numbers

Men 6 km (2-2-2) with two shooting bouts (P, S);

Women 4.5 km (1.5-1.5-1.5) with two shooting bouts (P, S).

4.4 Draw of Start Numbers by Classes

Group draw in every class; maximum of four draw groups per class.

4.5 Competition Jury

1 TD;

1 IBU international referee;

1 Competition Chief

2 Team Captains.

4.6 Competition Venue and Facilities

4.6.1 Start/finish

a. Individual start at 60 second intervals;

b. Mass start.

Finish zone minimum 6 m wide followed by a 10 x 30 m slow-down area.

4.6.2 Course

Minimum of two loops consisting of varying terrain.

4.6.3 Penalty Loop

A loop of mildly varying terrain, to provide a handicap of 30 seconds.

4.6.4 Shooting Range

As stated in the IBU Event and Competition Rules, with the addition of bike and rifle racks.

4.7 Competition Equipment and Clothing

Competition equipment and clothing must be in accordance with IBU and UCI rules.

Helmets must meet one of the international safety standards (e.g. DIN EN 1078 or equivalent). Such helmets must be worn during all types of training and competition.

4.7.1 Inspection of Equipment and Clothing

Prior to the start and following the finish, equipment and clothing will be inspected by the IBU and UCI international referees.

4.8 Training and Zeroing

4.8.1 The day prior to the competition, competitors will have the opportunity to train on the competition course and range.

4.8.2 Zeroing will take place beginning one hour and ending 10 minutes prior to the start.

4.9 Shooting Regulations

After placing the bike in the rack provided, the competitor will retrieve his rifle from the rack, place the rifle on his back in the carrying position, proceed to the appropriate shooting lane (prone or standing), fire 5 rounds, replace the rifle on his back in the carrying position, return the rifle to the rack and resume the race on his mountain bike.

For each target missed the athlete must complete one penalty loop.

4.10 Penalties

4.10.1 IBU and UCI rules will be applied where Appropriate.

4.10.2 Disqualification

Competitors will be disqualified:

a. For not carrying their rifle on their back in the carrying position;

b. For violating safety regulations.

4.11 Ranking

Competitors will be ranked according to their time taken (to 1/10 second) to complete the course.

SPORTS & MEDIA

WE THANK OUR SPONSORS, PARTNERS AND CONTRACTORS

In the autumn of 2001, the IBU developed the idea of the IBU Equipment Pool. The purpose of this project was to help develop the sport of biathlon by providing product s and services to both the IBU and its National Federations. This project allows the IBU Partners to support the sport while demonstrating both the capabilities and quality of their products and services both within the sport and to the general public.

In this system, the only companies who can become a part of the IBU Equipment Pool are those whose products and services are used daily in the sport. Thus the program uses the slogan: »Top Sport uses Top Products and Top Services«. The products are held to the highest standards and are tested under the harshest of conditions.

The secondary goal of this project allows the National Federations and the IBU to conserve their resources and invest them in the development of the sport at all levels, but especially in the Youth and Junior levels, through this support provided by the Partners. Thus, each Partner's investment is an investment in the future of Biathlon.

Im Herbst 2001 hat die IBU die Idee des IBU Equipment Pools entwickelt. Der Zweck dieses Projekts war, den Biathlonsport durch Produkte und Services sowohl für die IBU als auch für die Nationalen Verbände zu unterstützen. Dieses Projekt erlaubt den IBU Partnern, den Sport zu unterstützen und gleichzeitig dem Sport und der breiten Öffentlichkeit ihre Fähigkeiten und die Qualität ihrer Produkte und Dienstleistungen zu präsentieren.

In diesem System können lediglich die Firmen am IBU Equipment Pool teilnehmen, deren Produkte und Dienstleistungen täglich im Sport Verwendung finden. Daher ist der Slogan des Programms: „Top Sport gebraucht Top Produkte und Top Service". Die Produkte müssen den höchsten Ansprüchen genügen und werden unter den härtesten Bedingungen getestet.

Als weiteres Ziel des Projekts können die Nationalen Verbände und die IBU durch die Unterstützung der Partner ihre Ressourcen einsparen und diese dann in die Entwicklung des Sports auf jedem Gebiet, aber besonders im Bereich der Jugend und Junioren, investieren. Dadurch ist jede Investition der Partner eine Investition in die Zukunft des Biathlon.

Осенью 2001 г. IBU создал пул экипировки IBU. Целью этого проекта стала поддержка биатлона посредством предоставления продуктов и услуг IBU и Национальным Федерациям. Этот проект позволяет партнерам IBU не только оказывать поддержку спорту, но и одновременно демонстрировать спортсменам и общественности качество их продуктов и услуг.

В пул экипировки IBU могут быть включены фирмы, продукты и услуги которых ежедневно востребованы в спорте. По этой причине у программы следующий лозунг: «Профессиональный спорт пользуется профессиональными продуктами и профессиональными услугами». Такие продукты должны отвечать высоким требованиям и проходят испытания в сложнейших условиях.

Второй целью поддержки партнерами Национальных Федераций и IBU является тот факт, что последние имеют возможность экономии их финансовых ресурсов для того, чтобы инвестировать эти ресурсы в развитие спорта и спортсменов, в особенности таких молодых спортсменов, как юниоры и юноши. Таким образом, каждая инвестиция партнеров является одновременно инвестицией в будущее биатлона.

Note: A „Supplying Partner of IBU" is a company which supplies goods to IBU on an annual basis for the support of the National Federations. The companies are classified as „Gold", „Silver" or „Bronze" partner depending on the amount of their support.

Bemerkung: Als „Supplying Partner der IBU" werden die Firmen bezeichnet, die im Rahmen des IBU Ausrüsterpools jährlichen Sachleistungen an die IBU zur Unterstützung der Nationalen Verbände erbringen. Sie werden entsprechend des Umfangs der Leistung in die Kategorien Gold-,Silber- oder Bronze unterteilt

Примечание: «Партнерами-поставщиками IBU» называются фирмы, которые в рамках пула экипировщиков IBU предоставляют IBU материалы и инвентарь для поддержки Национальных Федераций. В соответствии с размерами помощи они подразделяются на категории Золото, Серебро или Бронза.

THE NEW IBU BRANDING

IBU, the International Biathlon Union, is the umbrella federation of all international stake holders in biathlon. Over the years it has developed biathlon into a portfolio of exciting competition series, with million viewers following through all media and thousands of fans at the racetracks.

As hard as the fight on the track and on the shooting stands are - national federations, organizing committees, athletes, team members and fans are: The Biathlon Family.

Together they have made IBU biathlon one of the most attractive brands in the field of winter sports to place on very tight winter sport schedule.

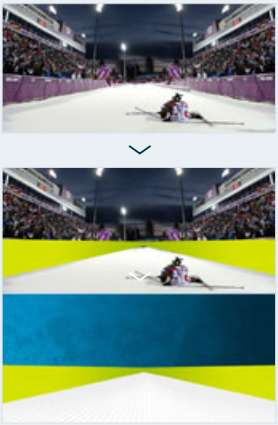

THE NEW BRANDING

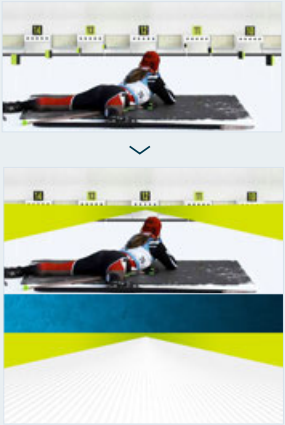

To support this idea, IBU has for the first time refreshed its branding, starting with the logo. The design concept is based on a stylized competition course with graphic borders, also symbolizing the sharp focus at the shooting range. Ice blue and energy green create the respective high contrast as seen between high paced running and fully focused shooting.

The respective branding package will further strengthen biathlon´s visibility in the competition of tight international winter sport schedules on TV, for the benefit of all stakeholders.
